Our community of 12,000+ authors share why this is one of their favorite books.

Reckoning With Homelessness

Rosa Maria Perez, Lina M. Fruzzetti

Reckoning With Homelessness:

Reckoning with Homelessness Kim Hopper, 2014-07-15 It must be some kind of experiment or something to see how long people can live without food without shelter without security Homeless woman in Grand Central Station Kim Hopper has dedicated his career to trying to address the problem of homelessness in the United States In this powerful book he draws upon his dual strengths as anthropologist and advocate to provide a deeper understanding of the roots of homelessness He also investigates the complex attitudes brought to bear on the issue since his pioneering fieldwork with Ellen Baxter twenty years ago helped put homelessness on the public agenda Beginning with his own introduction to the problem in New York Hopper uses ethnography literature history and activism to place homelessness into historical context and to trace the process by which homelessness came to be recognized as an issue He tells the largely neglected story of homelessness among African Americans and vividly portrays various sites of public homelessness such as airports His accounts of life on the streets make for powerful reading

Encyclopedia of Homelessness David Levinson, 2004-06-21 Click Additional Materials for downloadable samples This valuable reference provides an excellent overview of a serious world wide problem As such it is an essential purchase for all libraries LIBRARY JOURNAL star review Levinson s remarkable work deserves an award for tackling this complex social problem in such a very thorough and well organized way Highly Recommended CHOICE At any given moment about 3 million American women men and children are homeless And another 5 million Americans spend over 50% of their incomes on housing meaning that one missed paycheck one health crisis or one unpaid utility bill can push them out the door into homelessness Homelessness is one of the major social problems and personal and family tragedies of the contemporary world No community city or nation is immune and the lack of affordable housing and a decline in secure well paying jobs means that the problem will only get worse The Encyclopedia of Homelessness is the first systematic effort to organize and summarize what we know about this complex topic that impacts not only the homeless but all of society The Encyclopedia focuses on the current situation in the United States with a comparative sampling of homelessness around the world Key Themes Causes Lifestyle Issues Health Issues and Services History Legal Issues and Advocacy Government Policies and Programs Organizations Research Approaches Service Systems and Settings Size and Characteristics of the Homeless Population Public Perceptions of Homelessness World Issues and Perspectives Quick and Easy Regional Comparisons Additional descriptive articles cover homelessness today in a sample of American cities and a sample of cities and nations of the world allowing for quick and easy comparisons The Encyclopedia contains entries on Australia Brazil Canada Cuba France Guatemala Japan Nigeria Russia Sweden the United Kingdom Zimbabwe Tokyo Calcutta London and others around the world The Encyclopedia of Homelessness meets the needs of a broad audience offering a rich history and the data views and perspectives of experts from different disciplines and perspectives including Sociologists Anthropologists Economists Historians Social Policy Analysts and Planners Program Administrators Physicians Social

Workers Lawyers who provide advocacy and services Journalists Students of history social studies and the social sciences in high school through graduate school Appendices In addition to the articles the Encyclopedia provides five carefully researched and compiled appendices that make this the key starting point for the study of homelessness Homelessness Autobiographical and Fictional Homelessness in Popular Culture Film Directory of Street Newspapers Documentary History Selection of primary source material Master Bibliography Key Features Two volumes and over 150 entries organized alphabetically Entries written by an international team of leading authorities in the field Reader's Guide groups entries by broad topic areas Appendices offer a wealth of additional information *Toward Understanding Homelessness*, 2007

Research Handbook on Homelessness Guy Johnson, Dennis Culhane, Suzanne Fitzpatrick, Stephen Mettraux, Eoin O'Sullivan, 2024-08-06 The Research Handbook on Homelessness presents a comprehensive account of the current knowledge and understanding of homelessness the substantial challenges it presents and the latest developments in responding to the issue Bringing together 54 of the world's leading scholars in this field this multidisciplinary Research Handbook acknowledges the increasing interest in homelessness across various academic disciplines and highlights the constant evolution of this issue as well as the research methods that accompany it **Homelessness in New York City** Thomas J. Main, 2017-09-12 Introduction The beginnings of homelessness policy under Koch The development of homelessness policy under Koch Homelessness policy under Dinkins Homelessness policy under Giuliani Homelessness policy under Bloomberg Homelessness policy under De Blasio Conclusion *Poor and Homeless in the Sunshine State* James Wright, 2017-07-05 A place like Orlando Florida is not transformed from swampland to sprawling metropolis through Peter Pan like flights of fancy but through theme park expansions requiring developmental schemes that are tough minded and often worsen relationships between the wealthy and the poor The homeless arrive with their own hopes and illusions which are soon shattered The rest of the local population makes its peace with the system Meanwhile the homeless are reduced to advocacy models that neither middle nor working class folks much worry about They are modern members of Ellison's invisible men but they comprise a racial and social mixture unlike any other in the American landscape This book is primarily about the dark side of this portrait the poor near poor homeless and dispossessed who live in the midst of this verdant landscape The phrase down and out has been used to describe people who are destitute or penniless since the late nineteenth century Here the term is used in a more expansive sense as synonymous with anyone who lives near at or over the edge of financial catastrophe Homelessness Neil Larry Shumsky, 2012-01-16 This book presents an unflinching investigation of homelessness in the United States a problem that has been with us since the arrival of the first English settlers nearly 400 years ago The terms historically used to describe them include bums hoboes migrants street people transients tramps and vagrants Just as varied as the words we have used to describe them are the reasons many people have found themselves living in the land of opportunity without permanent residence The book considers homelessness and its

distinctive character in three periods of American history the era of tramps and hoboes in the late 1800s early 1900s the era of transients and migrants in the 1930s and the era of homeless and street people in the last 40 years It clarifies the multiple meanings of the word homeless today and demonstrates that homelessness is a symptom of more than one problem leading to confusion about the issue of homelessness and hampering attempts to reduce its occurrence Author Neil Larry Shumsky PhD also postulates that the treatment of homelessness in England before the colonization of North America laid the foundation of pervasive American attitudes and practices Homeless in Las Vegas Kurt Borchard,2011-04-28 The homeless men and women represented in this book speak candidly about their plight its origins and the many obstacles to escaping it They discuss the unique challenges and opportunities that Las Vegas s focus on tourism indulgence and diversion offers its homeless residents This compelling and emotionally charged ethnography counters many of the stereotypes of homeless men and women revealing the remarkable diversity of their circumstances It also offers their perspectives on social services and civic attitudes toward homelessness *Finding Home: Policy Options for Addressing Homelessness in Canada* ,2009

Rewriting Homeless Identity , Jeremy S. Godfrey,2015-12-24 Rewriting Homeless Identity Writing as Coping in an Urban Homeless Community focuses on the identities of homeless writers with initially limited or no specialized training in writing at a homeless community church Through an ethnographic two year study author Jeremy Godfrey hosted and participated in weekly writing workshops He also participated in the founding of a street newspaper within that community This book shows Godfrey s experiences in leading writing workshops and how they promoted self exploration within this community Students of the workshop negotiated their unique individual writing personas during the study Those personas were often coping with their experiences on the streets More importantly the writers viewed those experiences as central to their writing processes Much like the setting of the workshop at an urban non denominational community church the writers honed their coping tactics through conversational and performance driven writings Rewriting Homeless Identity highlights those writing samples and the conversations with homeless authors of the samples in relation to identity and a sense of growth Ed Koch and the Rebuilding of New York City Jonathan Soffer,2012-01-31 In 1978 Ed Koch assumed control of a city plagued by filth crime bankruptcy and racial tensions By the end of his mayoral run in 1989 and despite the Wall Street crash of 1987 his administration had begun rebuilding neighborhoods and infrastructure Unlike many American cities Koch s New York was growing not shrinking Gentrification brought new businesses to neglected corners and converted low end rental housing to coops and condos Nevertheless not all the changes were positive AIDS crime homelessness and violent racial conflict increased marking a time of great if somewhat uneven transition For better or worse Koch s efforts convinced many New Yorkers to embrace a new political order subsidizing business particularly finance insurance and real estate and privatizing public space Each phase of the city s recovery required a difficult choice between moneyed interests and social services forcing Koch to be both a moderate and a pragmatist as he tried to mitigate growing economic inequality Throughout Koch s

rough rhetoric attacking his opponents as crazy wackos and radicals prompted charges of being racially divisive The first book to recast Koch's legacy through personal and mayoral papers authorized interviews and oral histories this volume plots a history of New York City through two rarely studied yet crucial decades the bankruptcy of the 1970s and the recovery and crash of the 1980s Mean Streets Don Mitchell, 2020 Mean Streets offers in a single sustained argument a theory of the social and economic logic behind the historical development evolution and especially persistence of homelessness in the contemporary city By updating and revisiting thirty years of research and thinking Don Mitchell explores the conditions that produce and sustain homelessness and how its persistence relates to the way capital works in the urban built environment Consequently he unpacks the structure meaning uses and governance of urban public space As one reviewer commented thinking about the histories under which the homeless have been produced and regulated is vital Mitchell traces his argument through two sections a broadly historical overview followed by an exploration of recent Supreme Court jurisprudence that also expands the discussion beyond the regulation of the homeless and the poor arguing that this has metastasized to become more general issue affecting all urbanites **For a Liberatory Politics of Home** Michele

Lancione, 2023-10-06 In **For a Liberatory Politics of Home** Michele Lancione questions accepted understandings of home and homelessness to offer a radical proposition homelessness cannot be solved without dismantling current understandings of home Conventionally home is framed as a place of security and belonging while its loss defines what it means to be homeless On the basis of this binary a whole industry of policy interventions knowledge production and organizing fails to provide solutions to homelessness but perpetuates violent and precarious forms of inhabitation Drawing on his research and activism around housing in Europe Lancione attends to the interlocking crises of home and homelessness by recentering the political charge of precarious dwelling It is there if often in unannounced ways that a profound struggle for a differential kind of homing signals multiple possibilities to transcend the violences of home homelessness In advancing a new approach to work with the politics of inhabitation Lancione provides a critique of current practices and offers a transformative vision for a renewed liberatory politics of home Transdisciplinary Ethnography in India Rosa Maria Perez, Lina M.

Fruzzetti, 2021-08-18 This book familiarises readers with a new way to treat the subject of gender foregrounding the real voices of women their experiences doing ethnographic work and their courage in sharing their stories publicly for the first time in the context of India A useful companion to more theory based anthropological studies the book connects ethnographic data to what eventually becomes theories formed from the field Chapters by women from a variety of disciplines Anthropology Literary and Translation studies Political Sciences transcend the academic boundaries between social sciences and humanities The book shows how the researchers navigate in the field write in ways that defy their academic life and work and call into question their narrative voice The book presents a space for women to reflect on their individual themes of research and at partially filling the vacuum mentioned above the silences of women's voices and expressions The experiences

described in the chapters differ both along the divide of a native and a non native fieldworker and along different disciplinary fields but they share the experience of a long term fieldwork in India and the need to self reflect on the impact of this experience on the way the field is represented on the people encountered in the field on the way the field impacted on the fieldworker The book is a useful presentation of how female researchers act in the field as women and scholars Filling a gap in the existing literature of ethnographic research methods the book will be of interest to students and researchers interested in the fields of Gender Studies Social Work Sociology Anthropology and Asian Studies *Social Work and the Grand Challenge to Eliminate Racism* Martell L. Teasley, Michael S. Spencer, Melissa Bartholomew, 2023 In the current era the ongoing challenge of race and ethnic relations and growing white supremacy reminds us that the centrality of racism needs considerable attention and has us profoundly questioning the structure and functioning of institutional practices In *Social Work and the Grand Challenge of Ending Racism* the authors argue that racism has been somewhat short shifted as an avenue of inquiry to help explain social problems and social welfare outcomes within the social work profession and within the greater society This book promotes innovative ways of preventing or interrupting racism and to stress the development and proliferation of antiracism practices as a method of reducing racialized outcomes in society *Front Porch Politics* Michael Stewart Foley, 2013-09-17 Reading this book revives the spirit of civic action today for those who are unjustifiably forlorn about overcoming injustice Ralph Nader An on the ground history of ordinary Americans who took to the streets when political issues became personal The 1960s are widely seen as the high tide of political activism in the United States According to this view Americans retreated to the private realm after the tumult of the civil rights and antiwar movements and on the rare occasions when they did take action it was mainly to express their wish to be left alone by government as recommended by Ronald Reagan and the ascendant New Right In fact as Michael Stewart Foley shows in *Front Porch Politics* this understanding of post 1960s politics needs drastic revision On the community level the 1970s and 1980s witnessed an unprecedented upsurge of innovative and impassioned grass roots political activity In Southern California and on the Lower East Side of Manhattan tenants challenged landlords with sit ins and referenda in the upper Midwest farmers vandalized power lines and mobilized tractors to protect their land and in the deindustrializing cities of the Rust Belt laid off workers boldly claimed the right to own their idled factories Meanwhile activists fought to defend the traditional family or to expand the rights of women while entire towns organized to protest the toxic sludge in their basements Recalling Love Canal the tax revolt in California ACT UP and other crusades famous or forgotten Foley shows how Americans were propelled by personal experiences and emotions into the public sphere Disregarding conventional ideas of left and right they turned to political action when they perceived from their actual or figurative front porches an immediate threat to their families homes or dreams *Front Porch Politics* is a vivid and authoritative people s history of a time when Americans followed their outrage into the streets Addressing today s readers it is also a field guide for effective activism in an era when mass movements may seem

impractical or even pass The distinctively visceral local and highly personal politics that Americans practiced in the 1970s and 1980s provide a model of citizenship participation worth emulating if we are to renew our democracy The Wiley-Blackwell Encyclopedia of Urban and Regional Studies Anthony M. Orum,2019-04-15 Provides comprehensive coverage of major topics in urban and regional studies Under the guidance of Editor in Chief Anthony Orum this definitive reference work covers central and emergent topics in the field through an examination of urban and regional conditions and variation across the world It also provides authoritative entries on the main conceptual tools used by anthropologists sociologists geographers and political scientists in the study of cities and regions Among such concepts are those of place and space geographical regions the nature of power and politics in cities urban culture and many others The Wiley Blackwell Encyclopedia of Urban and Regional Studies captures the character of complex urban and regional dynamics across the globe including timely entries on Latin America Africa India and China At the same time it contains illuminating entries on some of the current concepts that seek to grasp the essence of the global world today such as those of Friedmann and Sassen on global cities It also includes discussions of recent economic writings on cities and regions such as those of Richard Florida Comprised of over 450 entries on the most important topics and from a range of theoretical perspectives Features authoritative entries on topics ranging from gender and the city to biographical profiles of figures like Frank Lloyd Wright Takes a global perspective with entries providing coverage of Latin America and Africa India and China and the US and Europe Includes biographies of central figures in urban and regional studies such as Doreen Massey Peter Hall Neil Smith and Henri Lefebvre The Wiley Blackwell Encyclopedia of Urban and Regional Studies is an indispensable reference for students and researchers in urban and regional studies urban sociology urban geography and urban anthropology

Reviving the Social Compact Naomi Zack,2018-11-05 Naomi Zack's *Reviving the Social Compact* Inclusive Citizenship in an Age of Extreme Politics addresses current political and social upheaval and distress with new concepts for the relationship between citizens and government Politics has become turbo charged as a form of agonistic contest where candidates and the public become more focused on winning than on governing or holding the government accountable for the benefit of the people This failure of the government to fulfill its part of the social contract calls for a new social compact wherein citizens as a collective whole make long term resolutions outside of government institutions Analyzing present and evolving events Zack reveals how race has exceeded intersection after formal rights have failed to correct ongoing discrimination how class is no longer based on real life interests and has been manufactured and manipulated for political contest how women have made spectacular progress but how the fame of elite women has left out poor non white women transgender people and sex workers how natural disasters have not been and perhaps cannot be adequately prepared for or responded to by government how environmental preservation becomes politicized how homelessness could be fixed through capitalism and how immigration reform has pivoted from inclusion to expulsion and why hospitality is an important civic virtue *Reviving the*

Social Compact is a call for good citizenship Voting is the first step because in a divided two party system a change from one party to the other is tantamount to revolution and a new understanding of the social compact can lead to the stable civic life we need at this time The Informal American City Vinit Mukhija, Anastasia Loukaitou-Sideris, 2014-05-09 Every day in American cities street vendors spread out their wares on sidewalks food trucks serve lunch from the curb and homeowners hold sales in their front yards examples of the wide range of informal activities that take place largely beyond the reach of government regulation This book examines the informal revolution in American urban life exploring a proliferating phenomenon often associated with developing countries rather than industrialized ones and often dismissed by planners and policy makers as marginal or even criminal The case studies and analysis in *The Informal City* challenge this narrow conception of informal urbanism The chapters look at informal urbanism across the country empirically and theoretically in cities that include Los Angeles Sacramento Seattle Portland Phoenix Kansas City Atlantic City and New York City They cover activities that range from unpermitted in law apartments and ad hoc support for homeless citizens to urban agriculture street vending and day labor The contributors consider the nature and underlying logic of these activities argue for a spatial understanding of informality and its varied settings and discuss regulatory planning and community responses Publisher's website *Grand Challenges for Social Work and Society* Rowena Fong, James E. Lubben, Richard P. Barth, 2018 *Grand Challenges for Social Work and Society* is an edited book that captures the culmination of the work done on the Grand Challenges for Social Work Initiative GCSWI spearheaded by the American Academy of Social Work and Social Welfare AASWSW The GCSWI is a decade long undertaking intended to address some of the world's most difficult and complex social problems and this book presents the foundations of this endeavor as it will unfold

Reckoning With Homelessness Introduction

In today's digital age, the availability of Reckoning With Homelessness books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Reckoning With Homelessness books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Reckoning With Homelessness books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Reckoning With Homelessness versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Reckoning With Homelessness books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Reckoning With Homelessness books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Reckoning With Homelessness books and manuals is Open Library. Open Library is an initiative of the

Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Reckoning With Homelessness books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Reckoning With Homelessness books and manuals for download and embark on your journey of knowledge?

FAQs About Reckoning With Homelessness Books

What is a Reckoning With Homelessness PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Reckoning With Homelessness PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF.

How do I edit a Reckoning With Homelessness PDF? Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Reckoning With Homelessness PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Reckoning With Homelessness PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you

can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
