

The background of the book cover is a photograph of the interior of a large Gothic cathedral. The view is looking down a long nave, with high, ribbed vaulted ceilings and tall, slender columns on either side. At the far end of the nave, there is a large, bright window with multiple panes, through which light is streaming. In the foreground, near the base of the columns, there are several dark, arched niches or doorways.

Reclaiming Faith Essays On Orthodoxy In The Episcopal Church And The Baltimore Declaration:

Reclaiming Faith Ephraim Radner, George R. Sumner, 1993 These essays contributed by a scholarly group of postliberal theologians commend the usefulness of traditional Christian language and doctrine for articulating the gospel today and are pertinent to many mainline Protestant denominations and to the Roman Catholic Church indeed to all churches struggling with current revisionary challenges to traditional doctrine *Richard Hooker and Anglican Moral Theology* A. J. Joyce, 2012-02-23 Richard Hooker 1554-1600 is often credited with being the founding father of Anglican moral theology This book is the first major study to examine in depth the extent to which this claim is justified and to evaluate the nature of Hooker's contribution to this aspect of Anglican tradition The study roots Hooker firmly within his own historical context and considers his text principally on its own terms thus it avoids many of the problems that have bedevilled modern Hooker scholarship particularly where attempts have been made to claim him for one particular theological tradition over another or to approach his work primarily with an eye to its continued relevance to contemporary debate within Anglicanism both of which can lead to significant distortions in the way in which Hooker is read and interpreted What emerges amounts to a significant re-evaluation of much of the conventional wisdom about Hooker's place within Anglicanism as well as a range of original insights into the nature content and style of his work and its wider significance *Called Out of Darkness Into Marvelous Light* Jeremy Bonner, 2009-01-23 In the conflicted world that is today's Episcopal Church the diocese of Pittsburgh stands both as a symbol of dissent and schism to the liberal majority within the American Church and as a beacon of light and hope to conservative Anglicans across the United States Set in the unlikely surroundings of America's Rust Belt Pittsburgh's Episcopalians have over the past half century undergone a dramatic reordering of priorities to embrace a novel though hardly unprecedented vision of Anglican confessionalism *Called out of Darkness into Marvelous Light* traces the development of an Anglican presence in western Pennsylvania from the missionary activity of the late eighteenth century through the triumphs of post-Civil War Anglo-Catholicism and the first stirrings of the Social Gospel to the unprecedented religious revival of the 1950s Championed by such men as Bishop Austin Pardue and Samuel Moor Shoemaker the founder of the Pittsburgh Experiment a prayer-centered spirituality developed in the Pittsburgh diocese and brought a generation of active evangelicals to the region during the 1960s and 1970s The founding of Trinity Episcopal School for Ministry in the mid 1970s consolidated the evangelical presence in the diocese and provoked a commitment to spiritual renewal that sat uneasily with many in the wider Episcopal Church Grounded in local research this study seeks to explore the process by which Pittsburgh acquired its present evangelical identity and to reveal the increasingly intricate web of relationships that it now enjoys beyond America's borders *Consulting the Faithful* Richard J. Mouw, 1994 The president of Pasadena's Fuller Theological Seminary carefully assesses the relationship or lack thereof between popular religion and intellectual orthodoxy Mouw argues that therapeutic and managerial revolutions can bring beneficial new sensitivities to Christian thought and practice

Tithing Douglas LeBlanc, 2010-12-27 Bring the whole tithe into the storehouse that there may be food in my house Test me in this says the Lord Almighty and see if I will not throw open the floodgates of heaven and pour out so much blessing that you will not have room enough for it Malachi 3 10 In these uncertain economic times does it really make sense to tithe Douglas LeBlanc thinks the answer is clear enough in Malachi 3 10 where God goes so far as to tell us Test me in this The people profiled in this book have done exactly that and the effect on their lives has been dramatic In these intimate journalistic portraits LeBlanc shows us true tithing in action From members of the clergy to best selling authors to social activists both conservative and liberal these are the lives of real people who tithe in joy and plenty in the face of poverty and natural disaster in community and missionally and as a spiritual practice commanded by God They come from different backgrounds and live in varying degrees of financial comfort but they all tithe and wouldn't have it any other way Through their eyes we come to understand this ancient practice as God's call to a life of generosity compassion and joy THE ANCIENT PRACTICES There is a hunger in every human heart for connection primitive and raw to God To satisfy it many are beginning to explore traditional spiritual disciplines used for centuries everything from fixed hour prayer to fasting to sincere observance of the Sabbath Compelling and readable the Ancient Practices series is for every spiritual sojourner for every Christian seeker who wants more Religion Index One, 1995 **The Kenotic Trajectory of the Church in Donald MacKinnon's Theology** Timothy G. Connor, 2011-09-29 **Mysteries of Faith** Mark McIntosh, 2000-01-25 In this volume of The New Church's Teaching Series Mark McIntosh introduces the great mysteries of the Christian faith the doctrines of creation revelation incarnation salvation and eschatology which are all held together by the doctrine of the Trinity To explain these beliefs for Christians today particularly the Trinity McIntosh begins with what we know the language of relationship and mutuality of friendship and family ties The central theme of the book is our relationship with Jesus and our relationship with our neighbor for such mutuality lies at the heart of every doctrine McIntosh's starting point is the fact that every one of us is a theologian for we are all drawn to approach the mysteries of faith with attention and love By drawing on our common experiences as members of a community of faith particularly through the sacraments of baptism and eucharist he helps us to explore these mysteries for ourselves and to see how we might live them in our daily lives As with each book in The New Church's Teaching Series recommended resources for further reading and questions for discussion are included **Can Evangelicals Learn from World Religions?** Gerald R. McDermott, 2000-08-15 More than ever before Christians need to explain why they follow Jesus and not the Buddha or Confucius or Krishna or Muhammed This evangelical theology of religions addresses the problem of truth and revelation and takes seriously the normative claims of other traditions McDermott shows readers what Christians can learn from world religions without sacrificing the finality of Christ The Shape of Anglican Theology Scott MacDougall, 2022-05-16 There are numerous books that offer an historical account of Anglican theology or that detail the lives and work of particular Anglican theologians Books that focus on the nature and

character of Anglican theology itself however are hard to find This volume fills that gap In *The Shape of Anglican Theology* Scott MacDougall examines what it is that makes Anglican theology Anglican Beginning with a treatment of the ways in which Anglican theology is and is not distinct from other types of Christian theology he describes the theological features that mark the general boundaries of Anglican theologizing before turning to consider a set of eight interconnected characteristics that provide Anglican theology with its distinctive profile MacDougall argues that by setting its boundaries as widely as possible and requiring subscription to specific theological propositions as little as possible Anglican theology is in essence a wisdom theology that seeks to build the capacity for faithful Christian discernment in belief and practice **The Living Church** ,1993-07 **The Lure of the Transcendent** Dwayne Huebner,2012-12-06 In 1969 Bill Pinar was privileged to study with Dwayne Huebner at Teachers College In a large room with 70 others he watched an extraordinary figure in the distance speaking a tongue few of them grasped whom they all found compelling They knew they were in the presence of a most remarkable and learned man Huebner helped create the world which contemporary curriculum scholars now inhabit and labor to recreate as educators and theoreticians His generative influence has been evident in many discourses including the political the phenomenological the aesthetic and the theological This volume situates Huebner s work historically emphasizing the ways it foreshadowed the reconceptualization of the field in the 1970s *God's Human Speech* Charles L. Bartow,1997 Charles Bartow s stated purpose in this practical theology of preaching is to encourage confidence in the Bible read and the sermon delivered as a means of grace in an age of radical criticism of Scripture creed and confession *A Plague on Both Their Houses* Christopher Craig Brittain,2015-07-30 Christopher Craig Brittain offers a wide ranging examination of specific events within The Episcopal Church TEC by drawing upon an analysis of theological debates within the church field interviews in church congregations and sociological literature on church conflict The discussion demonstrates that interpretations describing the situation in TEC as a culture war between liberals and conservatives are deeply flawed Moreover the book shows that the splits that are occurring within the national church are not so much schisms in the technical sociological sense but are more accurately described as a familial divorce with all the ongoing messy entwinement that this term evokes The interpretation of the dispute offered by the book also counters prominent accounts offered by leaders within The Episcopal Church The Presiding Bishop Katharine Jefferts Schori has portrayed some opponents of her theological positions and her approach to ethical issues as being fundamentalist while other Progressives liken their opponents to the Tea Party movement *Modernity and the Dilemma of North American Anglican Identities, 1880-1950* William Katerberg,2001-04-23 He describes the life and work of five leaders in the Anglican Church in Canada and the Episcopal Church in the United States who came of age in the late nineteenth century and served their religious communities until the mid twentieth century As clergy and educators they hoped to root the faith of modern Anglicans Episcopalians in past traditions to provide a compelling spiritual purpose and identity for the present and the future Their

attempts to articulate a historical basis for Anglican unity and Christian ecumenism often had contradictory and even sectarian results. *Modernity and the Dilemma of North American Anglican Identities 1880-1950* offers historians and scholars of religion and culture in North America a comparative perspective and a new way to understand how a previous generation looked to the past to address the dilemmas of an uncertain present and future. **Mainline Christianity** Jason S Lantzer, 2023-11-21. Since the Revolutionary War, Mainline Christianity has been comprised of the Seven Sisters of American Protestantism: the Congregational Church, the Episcopal Church, the Evangelical Lutheran Church, the Presbyterian Church, the United Methodist Church, the American Baptist Convention, and the Disciples of Christ. These denominations have been the dominant cultural representatives since the nineteenth century of how and where the majority of American Christians worship. Today, however, the Seven Sisters no longer represent most American Christians. The Mainline has been shrinking, while evangelical and fundamentalist churches, as well as non-denominational congregations and mega churches, have been attracting more and more members. In this comprehensive and accessible book, Jason S. Lantzer chronicles the rise and fall of the Seven Sisters, documenting the ways in which they stopped shaping American culture and began to be shaped by it. After reviewing and critiquing the standard decline narrative of the Mainline, he argues for a reconceptualization of the Mainline for the twenty-first century: a new grouping of Seven Sisters that seeks to recognize the vibrancy of American Christianity.

Theology as Ascetic Act Nathan G. Jennings, 2010. Nathan G. Jennings's captivating study explores the ascetical logic of the various practices that Christians call theology. By establishing ascetic practice as coherent within the logic of Christian thought, Jennings argues that Christian theology itself, as an embodied Christian practice, is a type of and participant in Christian asceticism. Jennings establishes that the implications of such an understanding of Christian theology can be brought to bear on modern Christian scholarship in profound and transformative ways. With engagements and references that span a vast terrain from Patristic authors to modern systematic theologians, *Theology as Ascetic Act: Disciplining Christian Discourse* is a significant contribution to both modern Christian thought and the study of asceticism. **Richard Hooker and the**

Construction of Christian Community Arthur Stephen McGrade, 1997. Twenty contributions drawn from a conference marking completion of the Folger edition of Hooker's works complement a collection published more than two decades ago. *Studies in Richard Hooker: Essays Preliminary to an Edition of His Works*, edited by W. Speed Hill, presents the papers as a whole, do not decide. **Praise Seeking Understanding** Jason Byassee, 2007-11-08. *Praise Seeking Understanding* sits at the

intersection of three important fields in theology: theological exegesis, Augustinian studies, and contemporary church practice. Jason Byassee deftly brings the three together, revealing an important symbiotic relationship between them, a relationship hitherto largely ignored. Though current exegetical methods have swung away from a Christological reading of the Old Testament, rejecting in particular Augustine's treatment of the text, Byassee believes that is a mistake we must remedy. Using a recent translation of Augustine's *Enarrationes in Psalmos*, Byassee describes in depth Augustine's psalm hermeneutic and

his approach to scripture generally offering a defense of these views in conversation with recent work in theological exegesis

A Sacred Argument Christopher M. Leighton, 2024-01-26 Our society is sharply divided along political racial and religious lines People of faith often feel debilitated in the face of these divisions understanding neither their nature nor how best to respond As these divisions become more intense the need to get at their roots becomes more urgent A Sacred Argument addresses this need equipping readers with practical and theoretical resources to engage problems that all too often break down trust shut down honest conversations and disrupt collaborative action This story aims to renew within each reader the sense of compassion and the deep yearning for understandings that can come from the encounter with those who see the world differently
