curricula and learning environments as well as our understanding of relationships between children and adults This multidisciplinary volume on the subject of play combines the work of some of the world's leading researchers in the field of early childhood education with contributions from distinguished and emerging scholars in areas as diverse as education theatre studies architecture literature philosophy cultural studies theology and the creative arts Reconsidering the common focus on play in early education to investigate its broader impact this collection offers a refreshing and valuable addition to studies on play reconceptualizing it for the 21st century

On the Eighth Day Matt Hoven, J. J. Carney, Max T. Engel, 2022-06-07 During a 1980s Edmonton Oilers game fans unveiled a banner claiming On the 8th day God created Gretzky Intersections between religious belief and sporting participation are nothing new where players coaches and fans are known to pray cross themselves and point to the heavens during a game But what should be the relationship between sports and religious faith On the Eighth Day introduces the theology of sport from a Catholic standpoint It wrestles with sport's universal appeal its rich symbolism and its spiritual and moral characteristics Sport is a place where embodied games can be sacramental where traditions of the past speak to contemporary peoples and where truth and justice are demanded in a world affected by sin The eighth day recalls the playful re-creative work of God the Creator embodied in Christ's resurrection In this sense this book marks out a new day in Christian attitudes toward modern sport and the continuing call to redeem sport in service of human flourishing Comprehensive yet accessible the book will engage thoughtful lay sports fans and academic students alike
