The Letters of Denise Levertov and William Carlos

Williams Denise Levertov, William Carlos Williams, 1998 The Letters of Denise Levertov and William Carlos Williams is the most engaging and lively of literary correspondences at once a portrait of two geniuses the testimony of their remarkable friendship and a seedbed of ideas about American poetry With a 1951 fan letter the young British poet introduced herself to Williams and by 1959 Williams is congratulating Levertov on her growth this book challenge s me so that I am glad I am not younger You have not always written so excellently I am going to read these first half dozen poems maybe more until as an old man I have penetrated to where your secret is hid The letters also chronicle their search individually and together for a set of formal poetic principles a search which culminated for Levertov in 1965 when she coined the term organic form The warmth the directness the flavorsome individuality of the letters 34 from Levertov and 42 from Williams increased with their growing intimacy and mutual regard Always intriguing their independent minded letters which end with the elder poet s death in 1962 have great piquancy and charm Denise Levertov herself initiated this project and was then in the year before her death fascinated to read the exchange This edition also includes the correspondence between Levertov and Williams s widow Florence Professor Christopher MacGowan the noted Williams scholar contributes a superb introduction and informative annotations throughout

Charles Sheeler and the Cult of the Machine Karen Lucic,1991 Charles Sheeler 1886 1965 was one of the most noted American painters and photographers to embrace the iconography of the machine But was he high priest or heretic in the religion of mass production and technology that dominated his era Karen Lucic considers this intriguing question while telling us Sheeler s story and showing us how Sheeler produced images of extraordinary aesthetic power that provocatively confirmed America s technological and industrial prestige in vivid detail **Modernism's Other Work** Lisa

Bloom,Brian Docherty,1995-09-12 Tracing its origins back to Walt Whitman the Modernist tradition in American poetry is driven by the same concern to engage with the world in revolutionary terms inspired by the concept of democracy vital to the American dream But this tradition is not confined to a few writers at the beginning of the century instead it has been an enduring force extending from coast to coast and of varying hues Imagist Objectivist Beat International in flavour but shaped by the language and conditions of America this poetry continues to speak to us today This collection of specially commissioned essays brings together leading scholars and critics to define the American Modernist canon providing a range of perspectives helpful to all those interested in this fascinating poetry **William Carlos Williams and**

Transcendentalism Ron Callan,1992-06-18 This book examines the achievements of William Carlos Williams in the context of the transcendentalism of Ralph Waldo Emerson Henry David Thoreau and Walt Whitman The author develops a narrative of sensibilities to enrich the understanding of transcendentalism *Money and Modernity* Alec Marsh,2011-09-23 Marsh

locates Pound and Williams firmly in the Jeffersonian tradition and examines their epic poems as manifestations of a Jeffersonian ideology in modernist terms The modernist poets William Carlos Williams and Ezra Pound were latter day Jeffersonians whose politics and poetry were strongly marked by the populism of the late 19th century They were sharply aware of the social contradictions of modernization and were committed to a highly politicized often polemical poetry that criticized finance capitalism and its institutions notably banks in the strongest terms Providing a history of the aesthetics of Jeffersonianism and its collision with modernism in the works of Pound and Williams Alec Marsh traces the money question from the republican period through the 1940s Marsh can thus read two modernist epics Pound s Cantos and Williams s Paterson as the poets hoped they would be read as attempts to break the hold of false financial values on the American

imagination Marsh argues that Pound's and Williams's similar Jeffersonian outlooks were the direct result of the political battles of the 1890s concerning the meaning of money Although Pound's interest in money and economics is well known few people are aware that both poets were active in the Social Credit monetary reform movement of the 1930s and 1940s a movement shown by Marsh to have direct links to Jeffersonianism via American populism Ultimately the two poets took divergent paths with Pound swerving toward Italian fascism as exemplified in his Jefferson and or Mussolini and Williams becoming deeply influenced by the American pragmatism of John Dewey Thus Marsh concludes Pound embraced the fascist version of state capitalism whereas his old friend proclaimed a pragmatic openness to the new selves engendered by corporate capitalism Money and Modernity exemplifies the best of recent literary criticism in its incorporation of American studies and cultural studies approaches to bring new insight to modern masterworks The Selected Letters of William Carlos Williams William Carlos Williams, 1984 Long unavailable The Selected Letters of William Carlos Williams is now reissued as a New Directions Paperbook Spanning fifty four years this collection record the creative growth of one of the twentieth century's most influential and versatile writers Poetry of the Possible Joel Nickels, 2012 The abstractions of modernism reimagined as figurations of collective self organization **Desire and De-Scriptio** Zsófia Bán, 2023-12-28 This volume without negating Williams strong ties with modernism intends to dislodge this deeply ingrained critical positioning by presenting him as an overlooked figure in the emerging tradition of postmodernism The study advances the claim that Williams clearly recognized this nascent discourse and rather than pursuing his earlier mode of writing consciously sought a new language for a rapidly changing cultural context Drawing on wide ranging multidisciplinary critical texts this book will be of interest not only to Williams scholars but to all those who continue to be intrigued by the elusive boundaries between word and image as well as modernism and postmodernism **Chimneys and Towers** Betsy Fahlman, Claire Barry, Charles Demuth, 2007-09-05 Chimneys and Towers focuses on Demuth's late paintings of industrial sites in Lancaster Depicting the warehouses and factories of the city's tobacco and linoleum industries in sharp geometric forms these paintings bring to the depiction of his hometown the style of the American avant garde that he helped create Human Creation Between Reality and Illusion Anna-Teresa Tymieniecka, 2006-06-30 Identifying quickly illusion with deception we tend to oppose it to the reality of life However investigating in this collection of essays illusion's functions in the Arts which thrives upon illusion and yet maintains its existential roots and meaningfulness in the real we might wonder about the nature of reality itself Does not illusion open the seeming confines of factual reality into horizons of imagination which transform it Does it not like art belong essentially to the makeup of human reality Papers by Lanfranco Aceti John Baldacchino Maria Avelina Cecilia Lafuente Jo Ann Circosta Madalina Diaconu Jennifer Anna Gosetti Ferencei Brian Grassom Marguerite Harris Andrew E Hersherberger James Carlton Hughes Lawrence Kimmel Jung In Kwon Ruth Ronen Scott A Sherer Joanne Snow Smith Max Statkiewicz Patricia Trutty Coohill Daniel Unger James Werner *Poet's Prose* Stephen
