Up Against Foucault Caroline Ramazanoglu, 2002-11-01 Up Against Foucault introduces key aspects of Foucault's work to feminists in ways which are less abstracted than much of the existing literature in this area It includes an introduction to Foucault's terms and fills a gap in the literature by clarifying the links between the everyday realities of women's lives and Foucault's work on sexuality and power The contributors explore the implications of analysing power relations sexuality or

the body without also thinking about gender and other social divisions. They bring their expertise from social theory and philosophy to bear on the same core issues. The ways in which Foucault provokes feminists into questioning their grasp of power relations and the implications of the absence of gender in his own work *Up Against Foucault* shows that in spite of his lack of interest in gender, Foucault does have much to offer feminism, proposing new ways of understanding the control of women and especially the control of sexuality and bodies. This book offers new ground in relating Foucault's challenge to feminism to feminism's challenge to Foucault. Feminists are up against Foucault because he questions the key conclusions which feminists have come to about the nature of gender relations and men's possession of power. It is an appraisal of how seriously we need to take this challenge.

Prostitution and Pornography Jessica Spector, 2006. This collection of new and classic writings about the sex industry asks us to think about the differences between our society's treatment of prostitution and pornography while investigating how liberalism deals with the sex industry in general.

Too Scared To Learn Jenny Horsman, 2013-01-11. *Too Scared to Learn* explores the impact of women's experiences of violence on their learning and proposes radical changes to educational programs through connecting therapeutic and educational discourses. Little attention has previously been paid to the impact of violence on learning. A large percentage of women who come to adult literacy programs have experienced or are currently experiencing violence in their lives. This experience of violence negatively affects their ability to improve their literacy skills. Literacy programs and other educational programs have not integrated this reality into their work. This book builds on extensive research that revealed the wide range of impacts violence has on adult literacy learning. Interviews with counselors and therapists, literacy learners and educators working in different situations, and a wide range of theoretical and experiential literature form the basis of the analysis. Educators are offered information to support reconceptualizing programs and practices and making concrete changes that will enable women to learn more effectively. The book makes clear that without an acknowledgment of the impact of violence on learning, women rather than getting a chance to succeed and improve their literacy skills get only a chance to fail, confirming to themselves that they really cannot learn. Essential reading for literacy and adult education practitioners, teachers of English as a second language, and education theorists.

Too Scared to Learn explores the intersection among trauma, psychological theory, and pedagogy. The book is filled with a wealth of practical ideas, possibilities, and thoughts about what practitioners might do differently in classrooms and educational institutions if we begin to think differently about violence.

Embodied Wisdom Alison Pryer, 2010-12-01. *Embodied wisdom: Meditations on memoir and education* by Alison Pryer, Ph.D., explores the interconnectedness of body, mind, and spirit within diverse educational contexts. Evocative, sensual prose carries the reader on a journey through the personal and the remembered in a layered series of autobiographical essays, each one affording deeper insights into the ways in which the inner emotional life of an educator is intertwined with everyday embodied practice. This is a provocative text, alive with the richness and complexity of pedagogical experience, one that acknowledges the presence of

the body the spirit the passionate the subjective the intuitive the chaotic and the sacred in all the relationships that make teaching and learning possible In speaking beyond the limitations of dualistic pedagogy in its diverse forms and locations Embodied wisdom enters at times into unexpected and little explored pedagogical territories engaging with educational contexts that our dualistic culture often denigrates dismisses or considers taboo This work offers readers subtle understandings of the centrality of love desire and eros in teaching and learning carefully examines the connections between powerful family and school pedagogies including domestic violence against women and childhood sexual abuse opens up a textual space in which to contemplate the contemporary relevance of the ancient wisdom of Zen pedagogy and gives serious consideration to the role that the public pedagogies of popular culture play in the formation of personal and cultural identity The work of healing our dualistic educational culture is a significant political and ethical undertaking a matter of social justice Embodied wisdom is a book that lights the way for those who want to engage in meaningful cultural transformation It is above all a generative and hopeful text one that makes possible new kinds of conversations It will be of interest to curriculum theorists and teacher educators as well as those engaged in holistic education social ecology women s and gender studies and cultural studies This award winning ground breaking exploration of memoir as methodology is also an exquisitely written resource for those engaged in innovative arts based and autobiographical research

Women's Disclosure of Childhood Sexual Abuse Across the Life Course Margaret Pack, 2024-12-19 Taking a narrative approach this book explores the role of disclosure in sexual abuse recovery for women survivors of child sexual abuse Drawing on longitudinal research with sexual abuse therapists and de identified cases drawn from her clinical practice Pack emphasises the unique value of both a narrative and life course approach to the topic of sexual abuse recovery The book explores the ages and stages of life as triggering new challenges to adapt to for adult women survivors evoking the need to develop new ways of acting and being in the world Conceptualising disclosure as a process that occurs in relationship with the person disclosed to it highlights the importance of the quality of the relationship between the survivor and the person confided in and previous disclosure attempts Further the chapters outline individual contextual and environmental factors that impede or facilitate disclosure as well as different verbal and non verbal forms that disclosure can take With a focus on the Australasian context this book is a resourceful guide for mental health professionals and practitioners who work in the field of sexual abuse recovery as well as those who work with women in refuge situations and other health and wellbeing services

Healing from the Trauma of Childhood Sexual Abuse Karen A. Duncan, 2004-08-30 The traumatic affects of childhood sexual abuse can remain and recur throughout life for women who have not healed emotionally This book by a family therapist shares stories from 18 women abused as children explaining that healing can occur at any stage of life and that healing itself occurs in stages The author offers guidance to recognize the long lingering potential affects of childhood sexual abuse including depression anxiety dissociation and chronic shock and she explains steps to take for recovery Also presented are letters from

women who have healed or are in recovery Sexual abuse by men juveniles and female perpetrators is discussed as is how children may act out the abusive behavior taught by perpetrators The incidence of abuse by family members is also addressed Duncan explains the dual dilemma moral and legal that women face in exposing a sexual perpetrator within the family when not protected by the legal system due to statutes of limitations She also discusses controversial topics including false memory and disclosure of memory to the perpetrator

Acts of Abuse Adam Sampson, 2003-05-20 Sexual crime is a topic of massive public concern Yet the debate over its causes and the appropriate responses of the criminal justice system is often fuelled by ignorance and prejudice with little understanding of the reality of sexual crime Acts of Abuse explores the response of the criminal justice system to this important issue Its author Adam Sampson examines the existing research about the causes of rape and child abuse the number of offences being committed and the policy of the courts He then examines in detail the responses of the probation service and the prison system to the increased number of offenders with which they are being required to deal Written by a prominent critic of the British penal system this is the first comprehensive survey of the phenomenon of sexual crime in the British penal context It will appeal to students and all those with an interest in issues relating to crime and justice

Confessional Politics Irene Gammel, 1999 The premise of Confessional Politics is that in this confessional age telling all is in From a unique variety of perspectives and angles the essays in this collection explore the association of confession with femininity they examine its function as a gender specific discourse as they probe its many feminized genres and subgenres Confessional Politics investigates the creative and strategic ways in which women shape the telling of their sexual stories in order to resist and negotiate the confessional practices designed to position them in conventional sexual frameworks Investigating the confessional politics of traditional forms of social life writing including erotic diaries journals letters and confessional fiction this book significantly expands its focus beyond conventional forms to include practices affecting mass readerships and audiences The collection addresses provocative general topics talk shows sexual harassment sexual abuse sexuality self help books and cross dressing as well as expressive works such as contemporary Canadian women s poetry lesbian fiction performance art Anne Frank s recently released complete diary and memoirs

Coming Back to Jail Elizabeth Comack, 2021-01-10T00:00:00Z Published some two decades ago Elizabeth Comack s Women in Trouble explored the connections between the women s abuse histories and their law violations as well as their experience of imprisonment in an aged facility What has changed for incarcerated women in those twenty years Are experiences of abuse continuing to have an impact on the lives of criminalized women How do women find the experience of imprisonment in a new facility Drawing on the stories of forty two incarcerated women Coming Back to Jail broadens the focus to examine the role of trauma in the women s lives Resisting the popular move to understand trauma in psychiatric terms as post traumatic stress disorder ptsd the book frames trauma as lived experience and locates the women s lives within the context of a settler colonial capitalist patriarchal society Doing so enables a better appreciation of the social conditions

that produce trauma and the problems conflicts and dilemmas that bring women into the criminal justice net In *Coming Back to Jail* Comack shows how despite recent moves to be more gender responsive the prisoning of women is ultimately more punishing than empowering What is more because the sources of the women s trauma reside in the systemic processes that have contoured their lives and their communities true healing will require changing women s social circumstances on the outside so they no longer keep coming back to jail
