

# RECOLLECTING PLATO'S MENO

HAROLD TARRANT

# Recollecting Platos Meno

**Kurt Stemhagen, Catherine Henney**

## **Recollecting Platos Meno:**

*Recollecting Plato's Meno* Harold Tarrant, 2005-06-02 *Recollecting Plato's Meno* examines both the dialogue itself and the response to it of Plato's successors from Aristotle and spurious Platonic dialogues through Cicero and an anonymous commentator on the Theaetetus to the Neoplatonists In the light of that response which often suggests a detailed reading of the text in its entirety Harold Tarrant develops a fresh and more integrated view of the original dialogue Jacket

*Recollecting Socrates* Jack Montgomery, 1992      *Plato's Mythoi* Donald H. Roy, 2018-10-15 Recently in the past thirty years there has been an upsurge in serious treatment of Platonic mythoi which were once thought to be only literary decoration and or the simplistic presentation of philosophic conclusions for the demos dummies in effect Nevertheless the dominant tendency in the exegesis of Platonic mythoi still is to subordinate them to philosophic logos reason and not to recognize that such mythoi are philosophic in themselves in the broad sense of the love of wisdom There is something conversational about Plato's philosophic mythos reformulating and superseding traditional Greek mythos and then charting the drama of the human soul from Socratic aporia up and out of the cave and into the beyond the Idea of the Good The late Professor Eric Voegelin understood this existential drama and his exegesis of Platonic mythos from engendering pathos to symbols is revelatory to say the least My understanding is that logos reason is a fundamental and necessary check on mythos but logos and mythos are complementary via medias neither are dispensable nor reducible one to the other Also crucial to my study of Platonic mythoi is the analogy of being that Voegelin only touches on but Erich Przywara explores and develops The relationship between the human and the divine is analogical likenesses but also significant unlikenesses and Plato certainly explored the play of opposites and affinities covering the difficult philosophical problems of becoming and being and the temporal and the eternal Most philosophic commentators on Plato ignore the suffusive presence of the divine in Plato's love of wisdom Perhaps only Platonic mythos at its best offers the philosophic imagination the vision of transcendence

**Studies in Greek Philosophy: Socrates, Plato, and their tradition** Gregory Vlastos, 1995      **The Routledge Handbook of Neoplatonism** Svetla Slaveva-Griffin, Pauliina Remes, 2014-07-25 The Routledge Handbook of Neoplatonism is an authoritative and comprehensive survey of the most important issues and developments in one of the fastest growing areas of research in ancient philosophy An international team of scholars situates and re evaluates Neoplatonism within the history of ancient philosophy and thought and explores its influence on philosophical and religious schools worldwide Over thirty chapters are divided into seven clear parts Resources instruction and interaction Methods and Styles of Exegesis Metaphysics and Metaphysical Perspectives Language Knowledge Soul and Self Nature Physics Medicine and Biology Ethics Political Theory and Aesthetics The legacy of Neoplatonism The Routledge Handbook of Neoplatonism is a major reference source for all students and scholars in Neoplatonism and ancient philosophy as well as researchers in the philosophy of science ethics aesthetics and religion      **Forms and Concepts** Christoph Helmig, 2012-12-19 *Forms and Concepts* is the

first comprehensive study of the central role of concepts and concept acquisition in the Platonic tradition It sets up a stimulating dialogue between Plato's innatist approach and Aristotle's much more empirical response The primary aim is to analyze and assess the strategies with which Platonists responded to Aristotle's and Alexander of Aphrodisias' rival theory The monograph culminates in a careful reconstruction of the elaborate attempt undertaken by the Neoplatonist Proclus 6th century AD to devise a systematic Platonic theory of concept acquisition *Greek Memories* Luca Castagnoli, Paola Ceccarelli, 2019-01-24 An original exploration of Ancient Greek conceptions of the relationship between memory time knowledge and identity across diverse genres *Platonist Philosophy 80 BC to AD 250* George Boys-Stones, 2017-12-21 Middle Platonism has some claim to be the single most influential philosophical movement of the last two thousand years as the common background to Neoplatonism and the early development of Christian theology This book breaks with the tradition of considering it primarily in terms of its sources instead putting its contemporary philosophical engagements front and centre to reconstruct its philosophical motivations and activity across the full range of its interests The volume explores the ideas at the heart of Platonist philosophy in this period and includes a comprehensive selection of primary sources a significant number of which appear in English translation for the first time along with dedicated guides to the questions that have been and might be asked about the movement The result is a tool intended to help bring the study of Middle Platonism into mainstream discussions of ancient philosophy **The Works of Plato: Meno. Euthydemus. The sophist. The statesman. Cratylus. Parmenides. The banquet. 1876** Plato, 1881 *Ancient and Medieval Memories* Janet Coleman, 1992-01-30 This book is an analysis of thinking remembering and reminiscing according to ancient authors and their medieval readers The author argues that behind the various medieval methods in interpreting texts of the past lie two apparently incompatible theories of human knowledge and remembering as well as two differing attitudes to matter and intellect The book comprises a series of studies which take ancient texts as evidence of the past and show how medieval readers and writers understood them The studies confirm that medieval and renaissance interpretations and uses of the past differ greatly from modern interpretation and yet betray many startling continuities between modern and ancient and medieval theories *Strategies of Polemics in Greek and Roman Philosophy*, 2016-07-18 *Strategies of Polemics in Greek and Roman Philosophy* brings together papers written by specialists in the field of ancient philosophy on the topic of polemics Despite the central role played by polemics in ancient philosophy the forms and mechanisms of philosophical polemics are not usually the subject of systematic scholarly attention The present volume seeks to shed new light on familiar texts by approaching them from this neglected angle The contributions address questions such as What is the role of polemic in a philosophical discourse What were the polemical strategies developed by ancient philosophers To what extent did polemics contribute to the shaping of important philosophical doctrines or standpoint Contributors are Mauro Bonazzi Andr Laks Robert Lamberton Carlos L vy Daniel Markovi Jozef M ller Charlotte Murgier Christopher Shields Naly Thaler Voula Tsouna

and Sharon Weisser     Collecting Practices and Opisthographic Collections in Qumran and Herculaneum Ayhan Aksu, 2024-12-16 In *Collecting Practices and Opisthographic Collections in Qumran and Herculaneum* Ayhan Aksu offers a new perspective on practices of collection in both the Dead Sea Scrolls and the Herculaneum papyri This study focuses on the intriguing question how ancient scribes and scholars used manuscripts to bring different texts in conversation with each other Central to Aksu's approach are opisthographic manuscripts scrolls that contain text on both the front and back side Comparative research of the rich papyrus collection from Herculaneum reveals that scribes across various regions of the Mediterranean developed dynamic approaches to engage with their texts     *Revolutions and Continuity in Greek Mathematics* Michalis Sialaros, 2018-04-23 This volume brings together a number of leading scholars working in the field of ancient Greek mathematics to present their latest research In their respective area of specialization all contributors offer stimulating approaches to questions of historical and historiographical revolutions and continuity Taken together they provide a powerful lens for evaluating the applicability of Thomas Kuhn's ideas on scientific revolutions to the discipline of ancient Greek mathematics Besides the latest historiographical studies on geometrical algebra and premodern algebra the reader will find here some papers which offer new insights into the controversial relationship between Greek and pre-Hellenic mathematical practices Some other contributions place emphasis on the other edge of the historical spectrum by exploring historical lines of continuity between ancient Greek Byzantine and post-Hellenic mathematics The terminology employed by Greek mathematicians along with various non-textual and material elements is another topic which some of the essays in the volume explore Finally the last three articles focus on a traditionally rich source on ancient Greek mathematics namely the works of Plato and Aristotle     **Blessed Thessaly** Emma Aston, 2024-02-20 An Open Access edition is available Thessaly was a region of great importance in the ancient Greek world possessing both agricultural abundance and a strategic position between north and south It presents historians with the challenge of seeing beyond traditional stereotypes wealth and riches horses and hospitality that have coloured perceptions of its people from antiquity to the present day It also presents a complex and illuminating interaction between polis and ethnos identity In daily life most Thessalians primarily operated within and identified with their specific polis at the same time the regional dimension being Thessalian was rarely out of sight for long It manifested itself in stories told in deities worshipped in modes of political co-operation in language rituals sites and objects Chapter by chapter this book follows the emergence development and adaptation of Thessalian regional identity from the Archaic period to the early second century BC In so doing rather than rejecting ancient stereotypes as a mere inconvenience for the historian it considers the constant dialogue between Thessalian self-presentation and depictions of the Thessalian character by other Greeks It also confronts some of the prejudices and assumptions still influencing modern approaches to studying the region All in all the reader is invited to see Thessaly not as a region of marginal significance in Greek history but as occupying a central role in many aspects of ancient cultural and political

discourse      **Philosophy and hope** Diego Fusaro,2018-02-08T00:00:00+01:00 One of the greatest unsolved issues that Karl Marx bequeathed to his interpreters concerns the legitimacy of practical and theoretical hope both in the frame of his thought and in the wider horizon of philosophy The entire Marxian work seems to be enigmatically suspended between the opposite dimensions of science and hope The interpretative lines chosen by Ernst Bloch and Karl L with see in Marx a philosopher of hope more than a philosopher of science and these reflections recognise the inevitable utopian tension in relation to which science is a secondary and functional phenomenon They both claim that hope is at the heart of Marx s thought however given the antithetic views about this feeling held in their philosophical reflections they end up with an opposite evaluation of hope      *The Philosophy of Antiochus* David Sedley,2012-02-02 This book reconstructs and evaluates the philosophy of a thinker who was uniquely influential among Romans of the first century BC      **Platonic Stoicism, Stoic Platonism** Mauro Bonazzi,Christoph Helmig,2007 Ancient and Medieval Philosophy Series 1 No 39This book examines the important but largely neglected issue of the intricate mutual influences between Platonism and Stoicism in the Hellenistic period the Imperial Age and after Although this interrelationship is often termed eclecticism the authors of Platonic Stoicism reveal that the situation is much more complicated Far from being eclectics most Stoics and Platonists consciously appropriated material and integrated it into their own philosophical system The dialogue between Platonists and Stoics testifies to active debate and controversy on central topics such as psychology epistemology physics and ethics      **Cultures of Collecting** Roger Cardinal,2004-09-02 This book traces the psychology history and theory of the compulsion to collect focusing not just on the normative collections of the Western canon but also on collections that reflect a fascination with the Other and the marginal the ephemeral exotic or just plain curious There are essays on the Neoclassical architect Sir John Soane Sigmund Freud and Kurt Schwitters one of the masters of collage Others examine imperialist encounters with remote cultures the conquistadors in America in the sixteenth century and the British in the Pacific in the eighteenth and the more recent collectors of popular culture be they of Swatch watches Elvis Presley memorabilia or of packaging and advertising With essays by Jean Baudrillard Thomas DaCosta Kaufmann Nicholas Thomas Mieke Bal John Forrester John Windsor Naomi Schor Susan Stewart Anthony Alan Shelton John Elsner Roger Cardinal and an interview with Robert Opie      Plato's Introduction of Forms R. M. Dancy,2004-09-16 Scholars of Plato are divided between those who emphasize the literature of the dialogues and those who emphasize the argument of the dialogues and between those who see a development in the thought of the dialogues and those who do not In this important book Russell Dancy focuses on the arguments and defends a developmental picture He explains the Theory of Forms of the *Phaedo* and *Symposium* as an outgrowth of the quest for definitions canvassed in the Socratic dialogues by constructing a Theory of Definition for the Socratic dialogues based on the refutations of definitions in those dialogues and showing how that theory is mirrored in the Theory of Forms His discussion notable for both its clarity and its meticulous scholarship ranges in detail over a number of Plato s early and middle dialogues

and will be of interest to readers in Plato studies and in ancient philosophy more generally

**Democracy and Mathematics Education** Kurt Stembhagen, Catherine Henney, 2021-05-06 In *Democracy and Mathematics Education* Kurt Stembhagen and Catherine Henney develop a way of thinking about the nature and purposes of math that is inclusive, participatory, and thoroughly human. They use these ideas to create a school mathematics experience that can enhance students' math abilities and democratic potential. They locate mathematics origins in human activity and highlight the rich but often overlooked links between mathematical activity and democratic social practices. Democratic mathematics education foregrounds student inquiry and brings to light the moral dimensions of a discipline that has both remarkable utility and inevitable limitations. For math educators, the book's humanities approach helps to see the subject anew. For philosophers, it provides an important real-world context for wrestling with perennial and timely questions engaging democratic and evolutionary theory to transform school math. This alternative approach to mathematics and mathematics education provides a guide for how to use math to make democracy a larger part of school and wider social life. 2021 Winner of the AESA Critics Choice Book Award.

### **Recollecting Platos Meno Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Recollecting Platos Meno has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Recollecting Platos Meno has opened up a world of possibilities. Downloading Recollecting Platos Meno provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Recollecting Platos Meno has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Recollecting Platos Meno. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Recollecting Platos Meno. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Recollecting Platos Meno, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Recollecting Platos Meno has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

## FAQs About Recollecting Platos Meno Books

1. Where can I buy Recollecting Platos Meno books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
