Standard Catalog H.W. Wilson Company,1919 *Empire and Imperial Ambition* Mira Matikkala,2010-11-01 The late nineteenth century is generally thought of as a period of imperial enthusiasm and fervour however beneath the surface there were currents of disquiet and discontent In this book Mira Matikkala examines the modes of thought that were described as anti imperialist in the period 1878 1901 She argues that the common ground between the various critics of imperialism was that they all declared to represent true Englishness in contrast to what they regarded as a distorted imperial identity Previous research has largely embraced the imperialist conception and definition of British imperialism as empire patriotism and general empire pride This has led to a failure to understand the fact that late Victorian anti imperialists comprehended imperialism differently They drew a clear distinction between the empire and imperialism the empire signifying mainly emigration colonisation and the spontaneous spread of English liberal values in the form of the settler empire whereas imperialism as British authoritarian rule in the dependencies was regarded as the negation of the same liberal spirit which the colonies propounded Unlike colonisation imperialism was seen as a new departure in British politics representing anti constitutionalism distorted imperial patriotism militarism aggression and irrational jingoism In contrast to these imperialist manifestations the anti imperialists emphasised the long line from 1688 liberty and constitutional rights in the form of industry and freedom at home and peace fair dealing and moderation abroad In their view these traditional English values constituted true Englishness and any true patriotism would be founded on them The late Victorian debate on imperialism can be loosely grouped into three main categories discussed in the three main parts of the book economy and imperial expansion ethics and the nature of progress and practical politics *Empire and the Imperial Ambition* will be a significant contribution to the fields of British intellectual history and political thought **The Dial** Francis Fisher Browne,Waldo Ralph Browne,Scofield Thayer,1918 *Methodist Magazine and Quarterly Review* ,1918 **The Problem of Federalism** Sobei Mogi,2019-11-19 First published in 1931 The Problem of Federalism provides a comprehensive and critical survey of the historical development and practical application of the idea of federalism as a form of state organisation The author explores federal ideas from the eighteenth up until the early twentieth century This extensive study will be useful to students of politics and philosophy The Diary of Virginia Woolf Virginia Woolf,1979-05-15 Nothing yet published about her so totally contradicts the legend of Virginia Woolf This is a first chance to meet the writer in her own unguarded words and to observe the root impulses of her art without the distractions of a commentary New York Times Edited and with a Preface by Anne Olivier Bell Introduction by Quentin Bell Index **Encyclopedia of Political Theory** Mark Bevir,2010-03-18 Looking at the

roots of contemporary political theory this three volume set examines the global landscape of all the key theories and the theorists behind them and provides concise to the point definitions of key concepts ideas schools and figures Subject Index of the Modern Books Acquired by the British Museum in the Years 1916-1920 British Museum. Department of Printed Books,1922 *Understanding the British Empire* Ronald Hyam,2010-05-20 Understanding the British Empire draws on a lifetime s research and reflection on the history of the British Empire by one of the senior figures in the field Essays cover six key themes the geopolitical and economic dynamics of empire religion and ethics imperial bureaucracy the contribution of political leaders the significance of sexuality and the shaping of imperial historiography A major new introductory chapter draws together the wider framework of Dr Hyam s studies and several new chapters focus on lesser known figures Other chapters are revised versions of earlier papers reflecting some of the debates and controversies raised by the author s work including the issue of sexual exploitation the European intrusion into Africa including the African response to missionaries trusteeship and Winston Churchill s imperial attitudes Combining traditional archival research with newer forms of cultural exploration this is an unusually wide ranging approach to key aspects of empire **Chief Whip** Eric Alexander,1961-12-15 The author s grandfather Aretas Akers Douglas 1857 1926 was in his day called The Prince of Whips Starting in 1880 as a confederate of the brilliant but unorthodox Lord Randolph Churchill he graduated in record time to the position of chief dispenser of the official Conservative party line and held it for ten exceptionally arduous years at the height of the Home Rule controversy with its complications Liberal unionism parliamentary sabotage and obstruction This position was rendered all the more responsible through the distaste felt by the two great leaders whom he served Lord Salisbury and A J Balfour for the details of party management and even after he had been moved to another office his advice continued to be sought on all questions relating to the party s domestic affairs Out of the intimate and informal correspondence received in these capacities Lord Chilston has made an entertaining political biography unravelling a most complex period of parliamentary history and revealing much about Lord Salisbury Lord Randolph Churchill Joseph Chamberlain A J Balfour and lesser figures like the loyal and endearing W H Smith Walter Long and Richard Middleton The Classical Weekly ,1921
