Hoosier Salad,1925 Vice Presidents L. Edward Purcell,2010 The majority of our vice presidents have been people of extraordinarily high aspiration ability and achievement For some the vice presidency was the deflating end of a political career for others the office was a stepping stone to the presidency Biographical Directory of the United States Congress, 1774-2005 United States. Congress,2005 Lists every member of the U S House and Senate since 1789 with brief biographical entries on each member *Electric Indiana* Carlos Arnaldo Schwantes,2023-08-15 In the early twentieth century an epic battle was waged across America between the interurban railway and the automobile two technologies that arose at roughly the same time in the late 1890s Nowhere was this conflict more evident than in the Midwest and specifically Indiana where cities of industry such as Indianapolis Gary and Terre Haute were growing faster every day By 1904 Indianapolis had opened the Traction Terminal which was widely acclaimed to be the largest and most impressive interurban station in the world Yet today there is only 90 mile remnant of this one great system still operating within Indiana Featuring over 90 illustrations and featuring contemporary accounts and newspaper articles from the period *Electric Indiana* is a biographical study of the rise and fall of a onetime important transportation technology that achieved its most impressive development within the Hoosier state The Zimmermann Telegram Thomas Boghardt,2012-10-15 By the winter of 1916 17 World War I had reached a deadlock While the Allies commanded greater resources and fielded more soldiers than the Central Powers German armies had penetrated deep into Russia and France and tenaciously held on to their conquered empire Hoping to break the stalemate on the western front the exhausted Allies sought to bring the neutral United States into the conflict A golden opportunity to force American intervention seemed at hand when British naval intelligence intercepted a secret telegram detailing a German alliance offer to Mexico In it Berlin s foreign secretary Arthur Zimmermann offered his country s support to Mexico for re conquering the lost territory in Texas New Mexico and Arizona in exchange for a Mexican attack on the United States should the latter enter the war on the side of the Allies The British handed a copy of the Telegram to the American government which in turn leaked it to the press On March 1 1917 the Telegram made headline news across the United States and five weeks later America entered World War I Based on an examination of virtually all available German British and U S government records this book presents the definitive account of the Telegram and questions many traditional views on the origins cryptanalysis and impact of the German alliance scheme While the Telegram has often been described as the final step in a carefully planned German strategy to gain a foothold in the western hemisphere this book argues that the

scheme was a spontaneous initiative by a minor German foreign office official which gained traction only because of a lack of supervision and coordination at the top echelon of the German government On the other hand the book argues American and British secret services had collaborated closely since 1915 to bring the United States into the war and the Telegram's interception and disclosure represented the crowning achievement of this clandestine Anglo American intelligence alliance Moreover the book explicitly challenges the widely accepted notion that the Telegram's publication in the U S press rallied Americans for war Instead it contends that the Telegram divided the public by poisoning the debate over intervention and by failing to offer peace minded Americans a convincing rationale for supporting the war The book also examines the Telegram's effect on the memory of World War I through the twentieth century and beyond **Untold Power** Rebecca Boggs

Roberts,2023-03-07 A nuanced portrait of the first acting woman president written with fresh and cinematic verve by a leading historian on women's suffrage and power While this nation has yet to elect its first woman president and though history has downplayed her role just over a century ago a woman became the nation's first acting president In fact she was born in 1872 and her name was Edith Bolling Galt Wilson She climbed her way out of Appalachian poverty and into the highest echelons of American power and in 1919 effectively acted as the first woman president of the U S before women could even vote nationwide when her husband Woodrow Wilson was incapacitated Beautiful brilliant charismatic catty and calculating she was a complicated figure whose personal quest for influence reshaped the position of First Lady into one of political prominence forever And still nobody truly understands who she was For the first time we have a biography that takes an unflinching look at the woman whose ascent mirrors that of many powerful American women before and since one full of the compromises and complicities women have undertaken throughout time in order to find security for themselves and make their mark on history She was a shape shifter who was obsessed with crafting her own reputation at once deeply invested in exercising her own power while also opposing women's suffrage With narrative verve and fresh eyes Untold Power is a richly overdue examination of one of American history's most influential complicated women as well as the surprising and often absurd realities of American politics **Profiles in Character** Joseph M. Herson,1997 Taking the

position that some of the lesser known or unknown U S senators deserve renown more than some of the better known ones each chronological chapter contrasts the lives of two senators Included are Rufus King James Monroe Thomas Hart Benton John C Calhoun William Pitt Fessenden Charles Sumner George Frisbie Hoar John Sherman Henry Cabot Lodge Thomas J Walsh William E Borah George W Norris Robert A Taft Arthur H Vandenberg Hubert H Humphrey and Strom Thurmond

Mine Eyes Have Seen Richard Goldstein,1997-06-24 From the days of the thirteen colonies to the age of the computer this history of America by the people encompasses a wide ranging collection of excerpts from diaries memoirs trial testimony public documents news reports and interviews and other eye witness accounts that sheds light on every corner of American life **Profiles in Character** Joseph Martin Herson,2016-09-16 A take off of Kennedy's Profiles in Courage which argues

that the best known US senators don't deserve their renown as much as some lesser known ones Over the course of ten biographical chapters this book tells the story of 16 men's lives in the Senate in relation to each other *Catalogue of Copyright Entries* Library of Congress. Copyright Office, 1925 The Congress of the United States: a Bibliographical List Library of Congress. Division of Bibliography, 1926 **Catalog of Copyright Entries. New Series** Library of Congress. Copyright Office, 1926 Part 1 Books Group 1 v 22 Nos 1 131 Issued April 1925 April 1926 **Worcester Library Bulletin** Free Public Library (Worcester, Mass.), 1924 **Catalog of Copyright Entries**, 1926 Lincoln and Douglas Allen C. Guelzo, 2010-05-11 From the two time winner of the prestigious Lincoln Prize a stirring and surprising account of the debates that made Lincoln a national figure and defined the slavery issue that would bring the country to war In 1858 Abraham Lincoln was known as a successful Illinois lawyer who had achieved some prominence in state politics as a leader in the new Republican Party Two years later he was elected president and was on his way to becoming the greatest chief executive in American history What carried this one term congressman from obscurity to fame was the campaign he mounted for the United States Senate against the country's most formidable politician Stephen A Douglas in the summer and fall of 1858 As this brilliant narrative by the prize winning Lincoln scholar Allen Guelzo dramatizes Lincoln would emerge a predominant national figure the leader of his party the man who would bear the burden of the national confrontation Lincoln lost that Senate race to Douglas though he came close to toppling the Little Giant whom almost everyone thought was unbeatable Guelzo's Lincoln and Douglas brings alive their debates and this whole year of campaigns and underscores their centrality in the greatest conflict in American history The encounters between Lincoln and Douglas engage a key question in American political life What is democracy's purpose Is it to satisfy the desires of the majority Or is it to achieve a just and moral public order These were the real questions in 1858 that led to the Civil War They remain questions for Americans today
