Reconciled Sinners Healing Human Brokenness:

Introduction to Christian Worship James F. White, 2023-11-21 James White's classic Christian worship text revised and updated. The book students of worship have read and re-read is now revised and updated for the first time in more than twenty years. Author Ed Phillips, one of White's graduate students, is joined by practitioners and teachers from emerging generations who contribute timely and well-researched material from their own areas of expertise. This new content brings the original up to date, filling significant gaps since the original publication on topics like technology, arts, embodiment, and of worship, pluralism, and multiculturalism. Denominational changes and changes in the spaces and forms of worship, including worship in the age of pandemics. This new edition will take its place on the shelf of every student, pastor, and leader of Christian worship.

Sacraments Ray Robert Noll, 1999. Firmly rooted in the tradition of the Church and some of the best scholarship of the past 40 years, Noll explores the sign, meaning, and experience of each of the seven sacraments in the church. Included is a CD-ROM containing articles and passages by some of today's key sacramental theologians.

Committed Worship Donald L. Gelpi, 1993. Volume II develops a sacramental theology that addresses the needs of all adult Christians. The chapters on Marriage show how conversion both humanizes and Christianizes human sexuality, providing the context for a foundational rethinking of the meaning of the context for a foundational rethinking of the meaning of Christian Marriage. The discussion of Orders examines the responsibilities of ordained leaders and throws light on the rise of clericalism and on the meaning of priestly identity and ministry, in addition to clarifying the relationship between the priesthood of the laity and that of the ordained. A discussion of Christian nurture explains the practical and theoretical meaning of infant Baptism. This volume also examines the three sacraments that most foster ongoing conversion: Reconciliation, Anointing, and Eucharist. After situating each of these rituals in its Biblical and historical setting, the author shows how each contributes to ongoing Christian conversion.

Christian Symbol and Ritual Bernard Cooke, Gary Macy, 2005-09-08. In *Christian Symbol and Ritual*, Bernard Cooke and Gary Macy offer an accessible and engaging introduction to the topic, written from a non-denominational perspective. Cooke and Macy demonstrate that celebration, ritual, and symbol are already central to our lives, even though most do not see their actions as symbolic or ritualistic. They connect central Christian symbols to the symbols and rituals already present in everyday life and place Christian theology in a familiar context. After discussing the characteristics and functions of rituals, they explore different kinds of ritual, including those of friendship, worship, and healing. The authors also examine such questions as how rituals establish and maintain power relationships, how official rituals are different from popular Christian rituals and devotions, and how Christian rituals function in the process of human salvation. *Christian Symbol and Ritual* is an invaluable resource for students, teachers, and lay readers.

Theopolitics and the Era of the Witness Jane Barter,2025-06-30 Theopolitics and the Era of the Witness focuses on witnessing in the aftermath of political atrocity or genocide It offers a diachronic study of the relationship between theological forms of witnessing within Jewish and Christian traditions and public forms of witnessing in the twentieth and twenty first centuries This book explores the ways in which various witnesses to political atrocity and their mediators tacitly drew on religious themes of salvation to make sense of their suffering It investigates survivor testimony and the use made of it through scholarly interpretations of testimony within the Hebrew Bible New Testament and theological and philosophical traditions within Judaism and Christianity The chapters move from a consideration of the early post Shoah writings of Paul Celan and Primo Levi through to a discussion of the Truth and Reconciliation Commissions of South Africa and Canada The author makes the case for a weak messianism or remnant witnessing as an antidote to overdetermined and politicized uses made of survivor testimonies This book makes a valuable contribution to the work of theopolitics which claims that theology despite its persistent misuse can serve a constructive and critical force within public life albeit in a chastened key
