Reconciliation And The New Age:

John E. Fetzer and the Quest for the New Age Brian C. Wilson, 2018-08-06 John E Fetzer and the Quest for the New Age is the remarkable story of the spiritual search of one of Michigan's most successful entrepreneurs a search that culminated in the Fetzer Institute whose ambitious mission is nothing less than the spiritual transformation of the world John E Fetzer and the Quest for the New Age follows the spiritual sojourn of John E Fetzer a Michigan business tycoon Born in 1901 and living most of his life in Kalamazoo Fetzer parlayed his first radio station into extensive holdings in broadcasting and other enterprises leading to his sole ownership of the Detroit Tigers in 1961 By the time he died in 1991 Fetzer had been listed in Forbes magazine as one of the four hundred wealthiest people in America And yet business success was never enough for Fetzer his deep spiritual yearnings led him from the Christianity of his youth to a restless exploration of metaphysical religions and movements ranging from Spiritualism Theosophy Freemasonry UFOology and parapsychology all the way to the New Age as it blossomed in the 1980s Author Brian C Wilson demonstrates how Fetzer's quest mirrored those of thousands of Americans who sought new ways of thinking and being in the ever changing spiritual movements of the twentieth century Over his lifetime Fetzer's worldview continuously evolved combining and recombining elements from dozens of traditions in a process he called freedom of the spirit Unlike most others who engaged in a similar process Fetzer's synthesis can be documented step by step using extensive archival materials providing readers with a remarkably rich and detailed roadmap through metaphysical America The book also documents how Fetzer's wealth allowed him to institutionalize his spiritual vision into a thriving foundation the Fetzer Institute which was designed to carry his insights into the future in hopes that it would help catalyze a global spiritual transformation John E Fetzer and the Quest for the New Age offers a window into the rich and complex history of metaphysical religions in the Midwest and the United States at large It will be read with interest by those wishing to learn more about this enigmatic Michigan figure as well as those looking for an engaging introduction into America's rapidly shifting spiritual landscape *The New Age* Arthur Moore, 1926

The Encyclopedic Sourcebook of New Age Religions James R. Lewis, 2004-08-30 In the late 1980s the New Age movement became the focus of both media attention and widespread ridicule as some of the more outlandish aspects of the movement such as channeling and the use of crystals for healing briefly piqued the public's curiosity. While the movement was at its height scholars of religion generally sneered at what was perceived to be a daffy shallow craze and ignored it as a subject of serious study. Professor James R. Lewis was among the first to examine this growing religious phenomenon scientifically. In previous books he has investigated the New Age as the most visible manifestation of a significant spiritual subculture the roots of which reach back to Theosophy Spiritualism and New Thought. The present collection pursues this theme bringing together some of the best recent scholarship on new religions. Since the height of its popular influence the New Age has declined in strength but has given rise to a plethora of new denominations all shaped by New Age ideas and spirituality. Reflecting the emergence of this new denominational structure the core chapters of this book focus on specific groups. Other chapters examine the movement's historical roots. A unique feature of Dr. Lewis's work is his inclusion of extensive selections from New Age literature thus allowing readers to experience firsthand the unusual perspectives of the various groups. This is a fascinating examination of a significant and persistent religious and social phenomenon. The New Age, 1914

New Age beliefs on contemporary culture and on Christianity itself while also offering an effective biblical antidote to today's worldview crisis. After first surveying the historical development of the New Age worldview from ancient times through important tendencies in nineteenth century America to recent Far Eastern influences, Newport explores in depth eleven key areas of the New Age worldview and contrasts each area of belief with the traditional biblical worldview. **Jung and the New Age** David John Tacey, 2001. David Tacey offers a theoretical and philosophical account of the New Age phenomenon and the archetypal imperatives that have brought it about. Travel Writing from Black Australia Robert Clarke, 2015-11-19. Over the past thirty years the Australian travel experience has been Aboriginalized. Aboriginality has been appropriated to furnish the Australian nation with a unique and identifiable tourist brand. This is deeply ironic given the realities of life for many Aboriginal people in Australian society. On the one hand, Aboriginality in the form of artworks, literature, performances, landscapes, sport, and famous individuals is celebrated for the way it blends exoticism, mysticism, multiculturalism, nationalism, and reconciliation. On the other hand, in the media, cinema, and travel writing, Aboriginality in the form of the lived experiences of Aboriginal people has been exploited in the service of moral panic, patronized in the name of white benevolence, or simply ignored. For many travel writers, this irony, the clash between different regimes of valuing Aboriginality, is one of the great challenges to travelling in Australia. Travel Writing from Black Australia examines the ambivalence of contemporary travelers' engagements with Aboriginality. Concentrating on a period marked by the rise of discourses on Aboriginality championing indigenous empowerment, self-determination, and reconciliation, the author analyses how travel to Black Australia has become for many travelers a means of discovering new and potentially transformative styles of interracial engagement. **The Incarnation of God** Hans Küng, 1987-01-01. This work introduces the English speaking reader to the theoretical foundations of King's popular works, an indispensable prolegomena for every future Christology. Africa: The Glory, the Curse, the Remedy Anthony Agbo, 2014-06-20. In Africa: The Glory, the Curse, the Remedy, the author Anthony Agbo, in a spectacular and inspirational detail, researched the Bible and rare ancient authorities to establish that God, through the mouths of His Prophets, pronounced broad and far-reaching curses on Africa and Africans, the result of which put the continent and her people in the negative side of all indices of human fortune, growth, and development. Tracing the African family tree from the patriarch Noah through her phenomenal rise and greatness in ancient times to her sudden downfall, the author, in an amazing inspirational treatise woven with extraordinary suspense, unveiled the character and activities of the enigmatic biblical figure Nimrod, the great African and first world ruler who built the Tower of Babel, openly confronted the God of Heaven, and originated idolatry, the worship of the gods of wood and stone, thereby leading Africans astray. The identity and pioneering works of Tehuti, the great African who laid the foundation for all academic knowledge on earth and who the ancient Greeks referred to as the master of all masters and the greatest of all greats, the journey of the biblical Ark of the Covenant in the ancient time from Jerusalem to Ethiopia, where it resides today, why and how God cursed Africa, and how this curse has

impacted on the lives and endeavors of the black race what is it that can return Africa to future world dominion etc This is a book of extraordinary revelations about Africa and God her glory and curse propelled downfall as well as remedial prescriptions
