

The Renaissance is often thought of as a cultural and intellectual event, which occurred in the fourteenth-century in Italy, and across Europe. There are a lot of reasons why the Renaissance is important in our history, like how it offers us several lessons by which we can approach the world today. Most of the events during the period led to advances that changed the way people interpreted the world around them. It led to the rise of people like Leonardo da Vinci, Rene Descartes, Galileo, Dante, Milton, Shakespeare, Michelangelo and more. During the Renaissance, most of the people looked to their past with a sense of approval and in search of guidance. What they did was look to the ancient Greeks and Romans, whose civilizations existed more than a thousand years earlier, for new ideas and as an influence. Renaissance humanists encouraged an intellectual movement, and thus led to an increased level of consumption of all goods, including food, clothes and domestic products; music and art skyrocketed in popularity as sources of entertainment. This interest in collecting sculptures developed into a trend in Rome and elsewhere. What helped aid this intellectual revolution was the increased availability of books and tutors. In 1440, Gutenberg introduced the printing press to the world which meant that for the first time, books could be mass-produced. A single press could print out 3,600 pages a day resulting in the prices for books to drop as the production increased. This, subsequently, allowed the middle class to partake in the intellectual rebirth. The Renaissance also saw within it a period known as the Age of Discovery, where voyagers launched expeditions to travel the globe, discovering whole new shipping routes to the Americas, India and the Far East, influencing our ideas further. Religion, of course, was still a dominant power, but with more people learning to read, write and interpret ideas, they began to closely examine and critique religion. Radical thinkers such as the Protestant Luther and the humanist Erasmus developed a new way of looking at the world. The seeds of the modern world were sown and grown in the Renaissance. From circumnavigating the world to the discovery of the solar system, from the beauty of Michelangelo's David to the perfection of Leonardo's Mona Lisa, from the genius of Shakespeare to the daring of Luther and Erasmus, and via breathtaking advances in science and mathematics, man achieved new heights in this period. The most influential and artistic of these cities was Florence. Over the next two centuries, a series of Florentine artists would develop the modern system of linear perspective and revolutionize western art. After looking back through the history of Western Civilization, one can reasonably point to the Renaissance as the one period that best ties everything in its past with everything in its future. In Renaissance art and architecture, the results were amazing; people still flock from around the world to see the works of Renaissance masters, and these works continue to dominate our visual vocabulary. Today, we can use the Renaissance as an example to learn a lesson.

Reconfiguring The Renaissance Essays In:

Reconfiguring the Renaissance Jonathan V. Crewe, 1992 Dealing primarily with English and Italian Renaissance texts and representing the work of emerging and established critics in the Renaissance field this book reveals some of the polemical and methodological diversity of current Renaissance interpretation *A Companion to Shakespeare's Works, Volume II* Richard Dutton, Jean E. Howard, 2008-04-15 This four volume Companion to Shakespeare's Works compiled as a single entity offers a uniquely comprehensive snapshot of current Shakespeare criticism Brings together new essays from a mixture of younger and more established scholars from around the world Australia Canada France New Zealand the United Kingdom and the United States Examines each of Shakespeare's plays and major poems using all the resources of contemporary criticism from performance studies to feminist historicist and textual analysis Volumes are organized in relation to generic categories namely the histories the tragedies the romantic comedies and the late plays problem plays and poems Each volume contains individual essays on all texts in the relevant category as well as more general essays looking at critical issues and approaches more widely relevant to the genre Offers a provocative roadmap to Shakespeare studies at the dawning of the twenty first century This companion to Shakespeare's histories contains original essays on every history play from Henry VI to Henry V as well as fourteen additional articles on such topics as censorship in Shakespeare's histories the relation of Shakespeare's plays to other dramatic histories of the period Shakespeare's histories on film the homoerotics of Shakespeare's history plays and nation formation in Shakespeare's histories *Drama Trauma* Timothy Murray, 2013-11-05 In this engaging cross disciplinary study Timothy Murray examines the artistic struggle over traumatic fantasies of race gender sexuality and power Establishing a retrospective dialogue between past and present stage and video Drama Trauma links the impact of trauma on recent political projects in performance and video with the specters of difference haunting Shakespeare's plays The book provides close readings of cultural formations as diverse as Shakespearean drama the Statue of Liberty contemporary plays by women African American performance and feminist interventions in video performance and installation The texts discussed include installations by Mary Kelly and Dawn Dedaux plays by Ntozake Shange Rochelle Owens Adrienne Kennedy Marsha Norman and Amiri Baraka performances by Robbie McCauley Jordan Orlan and Carmelita Tropicana stage film and video productions of King Lear Othello Romeo and Juliet and All's Well that Ends Well **Sound and Light** William Duckworth, Richard Fleming, 2009 This book is a collection of essays and original material that introduces the avant garde artist collaborators La Monte Young and Marian Zazeela to those unfamiliar with their life and art as well as providing the more acquainted readers with new and useful insights and analyses of the fundamental issues in their life and work The book explores the recurring themes that have influenced Young's minimalist music and Zazeela's ongoing engagement with the use of light in art These themes include the importance of nature and its natural shapes and sounds the importance of mathematics and organized tuning systems based on natural harmonics enhanced attention spans and

increased sensitivity to differences within apparent sameness extensions of time and alterations of space Essays by Terry Riley John Schaefer Henry Flynt Christine Christer Hennix Mitchell Clark Kyle Gann Ben Neill and Robert Palmer are included Young and Zazeela contribute to the book with original text materials that focus on continuous sound and light environments *Self-conscious Art* Susan L. Fischer, 1996 Self conscious art constitutes a significant and previously neglected feature of modern literature and is a crucial concern of contemporary criticism The essays in this volume consider such questions as the limits of self consciousness the creative and circumstantial tensions that produce its various features the ludic nature of art the role of interpretation and the aesthetic social and mythic reverberations of self reflexive art

Unsettling Montaigne Elizabeth Guild, 2014 Striking new readings of Montaigne's works focussing on such concepts as scepticism and tolerance **Having Our Way** Harriet Pollack, 1995 The collection considers the work of ten women writers Nella Larsen Zelda Fitzgerald Flannery O'Connor Eudora Welty Sylvia Plath Hisaye Yamamoto Toni Morrison Maxine Hong Kingston Louise Erdrich and Sandra Cisneros **Anthropology and the German Enlightenment** Katherine M. Faull, 1995 What was the role of anthropology in the German Enlightenment Why did this discipline emerge as one of the most popular modes of inquiry in the eighteenth century permeating fields as disparate as aesthetics medicine and law As the essays in this volume show the body of Enlightenment knowledge was by no means universal During the German Enlightenment the study of nature humanity and everything that humanity created was the topic of the day But the period that defined moral reason as the sovereign human faculty also applied its scrutiny to the body that such a mind inhabited What did it look like Could moral superiority be deduced from physiognomy In the massive effort to educate the German populace on what were seen to be the fundamental a priori differences physical and moral between the sexes and the races the European bourgeois man was considered to embody all human virtues and talents and stem from the only race and sex capable of ruling itself democratically and rationally To examine the role of anthropology in this enterprise contributors to this volume were asked to investigate what constitutes the German Enlightenment's interaction between its self proclaimed rationalism and the pervasive presence of the non rational that is the corporeal BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Perspectives on Contemporary Spanish American Theatre* Frank N. Dauster, 1996 The essays in this volume reflect a pattern of interests rapidly becoming dominant among scholars Several of them deal with questions of genre or focus on metatheatre and parody theatrical techniques widespread in Latin America The majority treat these topics in conjunction with their social context Like a Film Timothy Murray, 2005-08-02 In this stimulating collection of theoretical writings on film photography and art Timothy Murray examines relations between artistic practice sexual and racial politics theory and cultural studies Like a Film investigates how the cinematic apparatus has invaded the theory of culture suggesting that the many destabilising traumas of our culture remain accessible to us because they are structured so much like film The book analyses the impact of cinematic perceptions and productions on a wide array of cultural practices

from the Renaissance works of Shakespeare and Caravaggio to modern sexual and political fantasy and the theoretical work of Lyotard Torok Barthes Ropars Willeumier Zizek Silverman and Laplanche Like A Film responds to current multicultural debates over the value of theory and the aim of artistic practice

After Oedipus Julia Reinhard Lupton, Kenneth Reinhard, 1993 Exploring the dialogue between psychoanalytic and literary discourses the authors examine the models of plot character and ways of reading which each of these discourses has developed in interpreting Shakespeare Since Freud's writings on Oedipus and Hamlet Shakespearean tragedy has been paradigmatic for psychoanalytic theory and criticism In this ambitious and highly imaginative book the authors trace the dialogue between psychoanalytic and literary discourses by examining the models of plot character and ways of reading which each tradition has developed through its interpretation of Shakespeare

From Playhouse to Printing House Douglas A. Brooks, 2006-12-14 This study examines how Shakespeare and his contemporaries made the difficult transition from writing plays for the theatre to publishing them as literary works Tracing the path from playhouse to printing house Douglas Brooks analyses how and why certain popular plays found their way into print while many others failed to do so and looks at the role played by the Renaissance book trade in shaping literary reputations Incorporating many finely observed typographical illustrations this book focuses on plays by Shakespeare Jonson Webster and Beaumont and Fletcher as well as reviewing the complicated publication history of Thomas Heywood's work Brooks uncovers the continually shifting relationship between theatre and publisher and defines the way in which the concept of authorship changed His book represents an important contribution to the refiguration of two histories English Renaissance drama and the early modern book

History and Memory Harold Schweizer, 1998 These essays examine the relationship between history and suffering and ask what forms of narrative could articulate such a relationship They refer to writers from Sophocles to Celan from Wordsworth to Thomas Bernhard and from Proust to Benjamin Fondane

The Reformation of the Subject Linda Gregerson, 1995-05-26 The Reformation of the Subject is a study of the cultural contradictions that gave birth to the English Protestant epic In lucid and theoretically sophisticated language Linda Gregerson examines the fraught ideological political and gender conflicts that are woven into the texture of The Faerie Queene and Paradise Lost She reminds us that Reformation iconoclasts viewed verbal images with the same aversion as visual images because they too were capable of waylaying the human imagination Through a series of detailed readings Gregerson examines the different strategies adopted by Spenser and Milton as they sought to distinguish their poems from idols yet preserve the shaping power that iconoclasts have long attributed to icons Tracing the transformation of the epic poem into an instrument for the reformation of the political subject Gregerson thus provides an illuminating contribution to our understanding of the ways in which subjectivities are historically produced

Wordsworth in Context Pauline Fletcher, John Murphy, 1992 Essays by several contributors represent a marriage between traditional textual scholarship and issues raised by contemporary theory and criticism Jonathan Wordsworth discusses the making and remaking of The Prelude

along with other examples of the long poem in English he emphasizes the shifting nature of both the text and the self and questions traditional assumptions about authorial intention and the possibility of producing authoritative texts Pamela Woof brings an awareness of recent developments in feminist theory and gender studies to bear on her exploration of the role of Dorothy Wordsworth in the engendering of her brother's poetry while Jared Curtis uses close textual analysis of a poem that was originally drafted by William revised by Dorothy and published by Coleridge to raise issues of intertextuality and collective authorship Such accommodation between traditional scholarship and contemporary trends is by no means universal and the present volume closes with Helen Vendler's fierce attack on the New Historicism which she sees as hostile to the lyric impulse Academic revolutions as we know can generate violent debate but such debate should surely be welcomed as a guarantee of the continuing vitality of the discipline **BOOK JACKET** **Shakespeare and the Book Trade**

Lukas Erne, 2013-04-25 This study establishes the remarkable presence of Shakespeare's plays and poems in the early modern English book trade **Wings for Our Courage** Stephanie H. Jed, 2011-07-14 On January 6 1537 Lorenzino de Medici murdered Alessandro de Medici the duke of Florence This episode is significant in literature and drama in Florentine history and in the history of republican thought because Lorenzino a classical scholar fashioned himself after Brutus as a republican tyrant slayer Wings for Our Courage offers an epistemological critique of this republican politics its invisible oppressions and its power by reorganizing the meaning of Lorenzino's assassination around issues of gender the body and political subjectivity Stephanie H Jed brings into brilliant conversation figures including the Venetian nun and political theorist Archangela Tarabotti the French feminist writer Hortense Allart and others in a study that closely examines the material bases manuscripts letters books archives and bodies of writing as generators of social relations that organize and conserve knowledge in particular political arrangements In her highly original study Jed reorganizes republicanism in history providing a new theoretical framework for understanding the work of the scholar and the social structures of archives libraries and erudition in which she is inscribed **Shakespeare's Religious Allusiveness** Maurice Hunt, 2019-10-28

Shakespeare's Religious Allusiveness complicates debates about whether Shakespeare's plays are fundamentally Protestant or Catholic in sympathy challenging analyses that either find Protestant elements consistently undercutting Catholic motifs or less often discover evidence of the playwright's endorsement of Catholic doctrine and customs Rather Maurice Hunt argues that Shakespeare's syncretistic method of incorporating both Protestant and Catholic elements into his plays was singular among early modern English playwrights at a time when governmental and social tolerance of Protestantism in the theatre was high and criticism of stereotyped Catholicism was correspondingly rampant in drama In depth discussions of The Two Gentlemen of Verona the Second Henriad All's Well That Ends Well Twelfth Night and Othello reveal how Shakespeare allusively integrates Reformation Protestant and Roman Catholic motifs and systems of thought This book sheds new light on the playwright's knowledge of and interest in Elizabethan and Jacobean religious debates over the nature of spiritual

reformation the efficacy of merit for redemption and the operation of Providence It will appeal not only to Shakespeare scholars but to those interested in the cultural history of the Reformation *Shakespeare, Machiavelli, and Montaigne* Hugh Grady, 2002 The four plays of Shakespeare's *Henriad* and the slightly later *Hamlet* brilliantly explore interconnections between political power and interior subjectivity as productions of the newly emerging constellation we call modernity Hugh Grady argues that for Shakespeare subjectivity was a critical negative mode of resistance to power not as many recent critics have asserted its abettor *Shakespeare and the Coconuts* Natasha Distiller, 2012-06-01 A unique look at Shakespeare's works influence on South African writing In this book Natasha Distiller explores historic and contemporary uses of Shakespeare in South African society which illustrate the complexities of colonial and post colonial realities as they relate to iconic Englishness Beginning with Solomon Plaatje the author looks at the development of an elite group educated in English and able to use Shakespeare to formulate South African works and South African identities Refusing simple or easy answers Distiller then explores the South African Shakespearian tradition postapartheid Touching on the work of amongst others Can Themba Bloke Modisane Antony Sher Stephen Francis Rico Schacherl and Kopano Matlwa and including the popular media as well as school textbooks *Shakespeare and the Coconuts* engages with aspects of South Africa's complicated painful fascinating political and cultural worlds and their intersections Written in an accessible style to explain current cultural theory *Shakespeare and the Coconuts* will be of interest to students academics and the general interested reader
