Return To Yourself Gently Daily: Rituals That Reconnect You With You Onyeka Godfrey, 2025-08-13 The most important reunion is with your own soul This book gives you daily rituals that quietly anchor you back to your truth before the world pulls you in a hundred directions Whether you have five minutes or fifty you ll find grounding practices that help you remember who you are From breath to journaling from stillness to sensory check ins this book helps you make coming home to yourself a daily rhythm not a rare event You don t have to wait for a breakdown to reconnect You just need a moment of presence

*Reconnecting to Self-Healing* Valentina Castro, 2019-12-17 If you want to survive any kind of crisis you must defend yourself This does not mean that you must be in a constant struggle or fight It is not about living in a defensive mode In my opinion it means to be aware of the red lights in your heart your mind or your spirit To ignore these signals is to deliver control of your life or your health to an alien entity As I have said repeatedly only you know what really happens in your body It seems a great responsibility to learn to know ourselves In general no one educates us for that For instance if we present symptoms they can be quieted with medicine but in many cases we need to get to the bottom of the symptom to eradicate the root problem If we do not know ourselves if we do not listen or understand the language of our bodies if we turn a deaf ear to our hearts then time will take care of making us face that situation sooner or later I think it s vital that we teach our children to listen to themselves We should give them when the occasion warrants it the opportunity to choose a solution for their problems In this way they will have the chance to make contact with their truth In the same way if they tell us they re feeling pain or distress we must give them that credit so as not to silence their souls
