## **Reconstituting The World The Poetry And Vision Of Adrienne Rich:**

Reconstituting the World Judith McDaniel, 1978      **Reading Adrienne Rich** Jane Roberta Cooper, 1984 Gathering reviews and essays which examine Rich's poetry and prose this text also looks at how critical opinion about her works has changed      The Creative Crone Sylvia Henneberg, 2010 Henneberg shows how these writers offer radically different but richly complementary strategies for breaking the silence surrounding age Rich provides an approach to aging so strongly intertwined with other political issues that its complexity may keep us from immediately identifying age as one of her chief concerns On the other hand Sartre's direct treatment of aging sensitizes us to its importance and helps us see its significance in such writings as Rich's "Meanwhile" Rich's efforts to politicize age create stimulating contexts for Sartre's work Henneberg explores elements of these writers' individual poems that develop themes of aging including imagery and symbol the construction of a persona and the uses of rhythms to reinforce the themes She also includes analyses of their fiction and nonfiction works and draws ideas from age studies by scholars such as Margaret Morganroth Gullette Kathleen Woodward and Thomas Cole From publisher description      *A Study Guide for Adrienne Rich's "Ghost of a Chance"* Gale, Cengage Learning, 2016      *A Study Guide for Adrienne Rich's "Diving into the Wreck"* Gale, Cengage Learning, 2016 A Study Guide for Adrienne Rich's "Diving into the Wreck" excerpted from Gale's acclaimed Poetry for Students This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Poetry for Students for all of your research needs      The Routledge Encyclopedia of Jewish Writers of the Twentieth Century Sorrel Kerbel, 2004-11-23 Now available in paperback for the first time Jewish Writers of the Twentieth Century is both a comprehensive reference resource and a springboard for further study This volume examines canonical Jewish writers less well known authors of Yiddish and Hebrew and emerging Israeli writers includes entries on figures as diverse as Marcel Proust Franz Kafka Tristan Tzara Eugene Ionesco Harold Pinter Tom Stoppard Arthur Miller Saul Bellow Nadine Gordimer and Woody Allen contains introductory essays on Jewish American writing Holocaust literature and memoirs Yiddish writing and Anglo Jewish literature provides a chronology of twentieth century Jewish writers Compiled by expert contributors this book contains over 330 entries on individual authors each consisting of a biography a list of selected publications a scholarly essay on their work and suggestions for further reading      Coming to Light Stanford University. Center for Research on Women, 1985 This collection of 16 essays discusses the broad relationship of women poets to the American literary tradition      *World, Self, Poem* Leonard M. Trawick, Cleveland State University. Poetry Center, 1990 World Self Poem collects the best of the essays submitted by poets and scholars from around the U S and Canada and beyond for presentation at the Jubilation of Poets festival celebrating the 25th anniversary of the Cleveland State University Poetry Center in October 1986 In this collection eighteen critics consider the works of a number of important postmodern poets and using various approaches confront some of the central problems posed by the

poetry of the past 25 years John Ashbery Wendell Berry Edward Dorn Robert Duncan Geoffrey Hill Ted Hughes Lousie Gluck Adrienna Rich Denise Levertov Gary Snyder Gerald Stern and William Stafford are among the poets who receive detailed attention in these essays The questions addressed include political involvement and noninvolvement the theme of nuclear annihilation the poet's use and misuse of history poetry workshops in Central America the I in contemporary poetry the pastoral vein in contemporary poetry the nature and implications of concrete and found poetry analogies of poetry and music

**Sincerity's Shadow** Deborah FORBES, Deborah Forbes, 2009-06-30 In a work of surprising range and authority Deborah Forbes refocuses critical discussion of both Romantic and modern poetry Sincerity's Shadow is a versatile conceptual toolkit for reading poetry Ever since Wordsworth redefined poetry as the spontaneous overflow of powerful feelings poets in English have sought to represent a sincere self consciousness through their work Forbes's generative insight is that this project can only succeed by staging its own failures Self representation never achieves final sincerity but rather produces an array of sincerity effects that give form to poetry's exploration of self In essays comparing poets as seemingly different in context and temperament as Wordsworth and Adrienne Rich Lord Byron and Anne Sexton John Keats and Elizabeth Bishop Forbes reveals unexpected convergences of poetic strategy A lively and convincing dialectic is sustained through detailed readings of individual poems By preserving the possible claims of sincerity longer than postmodern criticism has tended to while understanding sincerity in the strictest sense possible Forbes establishes a new vantage on the purposes of poetry Table of Contents Introduction 1 The Personal Universal Sincerity as Integrity in the Poetry of Wordsworth and Rich 2 Before and After Sincerity as Form in the Poetry of Wordsworth Lowell Rich and Plath 3 Sincerity and the Staged Confession The Monologues of Browning Eliot Berryman and Plath 4 The Drama of Breakdown and the Breakdown of Drama The Charismatic Poetry of Byron and Sexton 5 Agnostic Sincerity The Poet as Observer in the Work of Keats Bishop and Merrill Conclusion Notes Index From the Conclusion In spite of modern experiments in communal authorship writing poetry remains one of the most individual of acts and yet because it provides the ground upon which the paradoxes of self consciousness can move most freely one of the acts most skeptical about the authority of any individual claim to self understanding In undertaking its experiments poetry may separate itself from certain contexts economic political historical but is itself as local and concrete as these contexts an experience as well as a meditation on our experiences In its particularity its flexibility its sensual and sonic complexity its consideration of the extra rational experiences of pleasure and desire and above all in the ways in which it speaks with both more and less authority more and less presence than an actual human voice poetry offers us the experience of the unknown at the core of proposed self knowledge This is lyric poetry's enduring though not sole claim on us

**The Rhetoric of Self in Robert Bly and Adrienne Rich** Paul Wadden, 2003 This book pushes beyond modern postmodern dichotomies to show how Robert Bly and Adrienne Rich two of America's most prominent poets engage in a process that is both dialectic and holotropic as they continually create through doubling fuller and more fluid self identity

Ultimately their use of alter selves to deepen their subjectivity and transform otherness expands their voice and vision culminating late in their careers in a polyphony of self Bridging literary scholarship and writing pedagogy this book concludes by illustrating how the two poets writing practices offer invigorating models and departure points for writing students in contemporary literature and composition classrooms

The Puzzle of Poetry John Marsh, 2020-04-07 The Puzzle of Poetry offers students a readable reliable guide to understanding poetry Instead of carving poems up into their elements The Puzzle of Poetry describes how experienced readers of poems go about understanding them Each line sentence or syntactical unit in a poem is a clue to the puzzle As with crossword puzzles figuring out the answer to one clue can help you figure out the answer to others This book teaches the reader to check what they know in a poem against what else they know to find meaning a systematic but creative approach that can help language to come alive Each chapter contains a lively and personal discussion of one part of the art of reading poetry a short guide to writing about poetry is also included The book introduces students to a variety of poems from Anglo Saxon verse to Hamilton and Jay Z
