## Reconstructing Desire:

**Reconstructing Desire** Jean Wyatt, 1990 This provocative study explores the function of the unconscious in reading and creative processes The book asks if reading can change the reader and if women through reading can change the unconscious fantasy structures that govern desire Using models *Reconstructing Desire* Jean Wyatt, 1990 *Reconstructing Desire* The Role of the Unconscious in Women's Reading and Writing *Reconstructing Sexual Ethics* Eady Jay, 2025-10-01 Deconstructing purity culture and reconstructing sexual ethics is essential to the survival of the Christian religion When statistics tell us that approximately 90% of Americans have premarital sex and 87% of Australians believe premarital sex is morally acceptable why do many Christian organizations still promote purity culture It clearly does not work If we are going to talk about healthy sexual expression loving relationships and how to navigate consent we need to do so realistically *Reconstructing Sexual Ethics* opens up deeply honest and authentic conversations around topics like masturbation pornography consent rape contraception abortion homophobia and queer affirmation exploring how the author has evolved in these and many other areas and challenging the church to do the same Part memoir and part manifesto this book reframes Christian sexual ethics in profoundly important ways elevating the love and grace of God above Evangelical purity culture It has the power to radically transform conversations around various aspects of our sexuality within the Christian religion and broader society Endorsements *Reconstructing Sexual Ethics* is a courageous compassionate and deeply needed work With honesty theological depth and a commitment to love and justice Eady Jay dismantles harmful purity culture teachings and charts a healthier grace filled path forward This book gives voice to those who have long wrestled with shame and silence and it offers a vision of sexuality that is life giving liberating and faithful Rev Brandan Robertson author of *Queer Christian Reclaiming the Bible our Faith and our Place at the Table* Eady Jay goes there She transparently and bravely deconstructs and breaks down the oppressive forces of puritanical culture that she was raised with and that are still embedded in mainstream culture today You may or may not agree with everything she has written but we are all better for it Why Because exploring the relationship between faith and sexuality serves to liberate us from centuries of our joy being suppressed and our sexuality being oppressed She writes with abundant grace keen insights and a clear heart for Christ aiming to reform our relationship with our bodies one another and God I have no doubt that her words will illuminate others on a similar journey Chantal McKinney author of *Following Jesus Beyond Church Walls* This is a book I have always wanted to write and Eady Jay has done it better Gripping accessible and humble in its wrestling with the Scripture tradition and ordinary life her story welcomes readers across the spectrum of faith and sexuality to find inspiration challenge and even affirming echoes of their own experiences Vulnerability and courage write themselves across every page in the unanswered questions honest explorations and uncertain steps that define a journey we all face in learning how to more fully embody the truth we see about God in our diverse expressions of sexuality Dr Kevin Jenson theologian and author of *Sacred not Sinful A New*

Christian Ethic Reconstructing Sexual Ethics is a refreshingly frank yet deeply pastoral reimagining of Christian sexual ethics. It affirms the essential dynamics of queerness, gender equity, and consent, offering clarity and compassion for those seeking a more just and loving vision of sexuality. Alongside other voices that deepen intersectionality and expand its scope, it is an important and thought-provoking resource that I highly recommend. Jamie Arpin Ricci, founder of The Rainbow Well Eady Jay, has given us something remarkable in Reconstructing Sexual Ethics. With honesty and courage, she speaks directly to those who have deconstructed some or all of their faith, weaving together deeply personal stories with a thoughtful and robust theological vision. The result is an invitation into a sexual ethic free from the harmful rhetoric of purity culture and grounded instead in freedom, dignity, and grace. Jessica Vanderwyngaard, Producer of I Survived I Kissed Dating Goodbye and the Where Do We Go From Here Podcast.

**Metroimperial Intimacies** Victor Román Mendoza, 2015-11-27 In Metroimperial Intimacies Victor Román Mendoza shows how America's imperial incursions into the Philippines fostered social and sexual intimacies between Americans and native Filipinos that, along with representations of Filipinos as sexually degenerate, were crucial to regulating both colonial subjects and gender norms at home.

Reconstructing Human Rights Joe Hoover, 2016-06-02 We live in a human rights world. The language of human rights claims and numerous human rights institutions shape almost all aspects of our political lives, yet we struggle to know how to judge this development. Scholars give us good reason to be both supportive and sceptical of the universal claims that human rights enable, alternatively suggesting that they are pillars of cross-cultural understanding of justice or the ideological justification of a violent and exclusionary global order. All too often, however, our evaluations of our human rights world are not based on sustained consideration of their complex, ambiguous, and often contradictory consequences. Reconstructing Human Rights argues that human rights are only as good as the ends they help us realise. We must attend to what ethical principles actually do in the world to know their value. So for human rights, we need to consider how the identity of humanity and the concept of rights shape our thinking, structure our political activity, and contribute to social change. Reconstructing Human Rights defends human rights as a tool that should enable us to challenge political authority and established constellations of political membership by making new claims possible. Human rights mobilise the identity of humanity to make demands upon the terms of legitimate authority and challenge established political memberships. In this work, it is argued that this tool should be guided by a democratising ethos in pursuit of that enables claims for more democratic forms of politics and more inclusive political communities. While this work directly engages with debates about human rights in philosophy and political theory, in connecting our evaluations of the value of human rights to their worldly consequences, it will also be of interest to scholars considering human rights across disciplines, including Law, Sociology, and Anthropology.

**Myth, Symbol, and Meaning in Mary Poppins** Giorgia Grilli, 2013-10-18 The Mary Poppins that many people know of today, a stern but sweet, loveable and reassuring British nanny, is a far cry from the character created by Pamela Lyndon Travers in the 1930s. Instead, this is the

Mary Poppins reinvented by Disney in the eponymous movie This book sheds light on the original Mary Poppins Myth Symbol and Meaning in Mary Poppins is the only full length study that covers all the Mary Poppins books exposing just how subversive the pre Disney Mary Poppins character truly was Drawing important parallels between the character and the life of her creator who worked as a governess herself Grilli reveals the ways in which Mary Poppins came to unsettle the rigid and rigorous rules of Victorian and Edwardian society that most governesses embodied taught and passed on to their charges

A Century of Encounters Tanja Stampfl, 2019-02-08 A Century of Encounters analyzes Arab American and European literary depictions of self and other as they interact with each other in Arab North Africa throughout the twentieth century and introduces the trope of the encounter as a lens through which to read contemporary world literature comparatively A focus on the transnational encounter allows for the in depth study of constructions of gender race and national identities both for the self and the other in order to answer the seemingly simple questions What makes up different encounters in the twentieth century and how can we facilitate a productive and positive encounter between these groups This book illustrates connections between literary texts that have hitherto been overlooked and establishes an intertextual genealogy of transcultural encounters throughout the twentieth century that coalesce around the themes of desire family and travel In its literary analysis A Century of Encounters aims to facilitate a better understanding of other cultures in general and contribute to constructive cross cultural interactions between the United States Europe and Arab North Africa in particular

**Subversive Imaginations** Nadya Peterson, 2019-06-26 In response to the profound changes in Soviet society in recent years the author considers the demise of Soviet literature and the emergence of its Russian progeny through the prism of the writers engagement with fantasy Viewing the mutual interaction of Soviet Russian literary output with aspects of the dominant culture such as ideology and politics Nadya Peterson traces the process of mainstream literary change in the context of broader social change She explores the subversive character of the fantastic orientation its Utopian and apocalyptic motifs and its dialogical relationship with socialist realism as it steadily gathered force in the latter Soviet decades The shattering of the mythic colossus did not put an end to these opposing forces but rather diverted them in various unexpected directions as the author explains in her concluding chapters on the new alternative literatures **Narcissism**

**and the Literary Libido** Marshall W. Alcorn Jr., Marshall W. Alcorn, 1997-07 What is it that makes language powerful This book uses the psychoanalytic concepts of narcissism and libidinal investment to explain how rhetoric compels us and how it can effect change Synthesizing the ideas of theorists as diverse as Aristotle and Althusser Kohut and Derrida Alcorn explores the relationships between language and subjectivity The works of Joseph Conrad James Baldwin William Faulkner Arthur Miller D H Lawrence Ben Jonson George Orwell and others are the basis of this thoughtful analysis of the rhetorical resources of literary language Using Freudian post Freudian and Lacanian theory Alcorn Investigates the power by means of which literary texts are able to fashion new and distinctly rhetorical experiences for readers He shows how the production of

literary texts begins and ends with narcissistic self love and also shows how the reader's interest in these texts is directed by libidinal investment

**Charlotte Bronte - Jane Eyre** Sara Lodge, 2008-11-27 Sara Lodge offers a lively introduction to the critical history of one of the most widely studied nineteenth century novels from the first reviews through to present day responses The Guide also includes sections devoted to feminist Marxist and postcolonial criticism of Jane Eyre as well as analysis of recent developments

**Risking Difference** Jean Wyatt, 2012-02-01 Risking Difference revisions the dynamics of multicultural feminist community by exploring the ways that identification creates misrecognitions and misunderstandings between individuals and within communities Drawing on Lacanian psychoanalysis Jean Wyatt argues not only that individual psychic processes of identification influence social dynamics but also that social discourses of race class and culture shape individual identifications In addition to examining fictional narratives by Margaret Atwood Angela Carter Sandra Cisneros Toni Morrison and others Wyatt also looks at nonfictional accounts of cross race relations by white feminists and feminists of color

**Readers and Reading** Andrew Bennett, 2014-07-15 Much literary criticism focuses on literary producers and their products but an important part of such work considers the end user the reader It asks such questions as how far can the author condition the response of the reader and how much does the reader create the meaning of a text Dr Bennett's collection includes important essays from such writers and critics as Wolfgang Iser Mary Jacobus Roger Chartier Michel de Certeau Shoshana Felman Maurice Blanchot Paul de Man and Yves Bonnefoy It looks in turn at deconstructionist feminist new historicist and psychoanalytical response to the school The book then considers the act of reading itself discussing such issues as the uniqueness of any reading and the difficulties involved in its analysis

**Gilbert and Gubar's The Madwoman in the Attic after Thirty Years** Annette R. Federico, 2011-01-25 When it was published in 1979 Sandra M Gilbert and Susan Gubar's *The Madwoman in the Attic: The Woman Writer and the Nineteenth Century Literary Imagination* was hailed as a pathbreaking work of criticism changing the way future scholars would read Jane Austen Mary Shelley the Brontës George Eliot and Emily Dickinson This thirtieth anniversary collection adds both valuable reassessments and new readings and analyses inspired by Gilbert and Gubar's approach It includes work by established and up and coming scholars as well as retrospective accounts of the ways in which *The Madwoman in the Attic* has influenced teaching feminist activism and the lives of women in academia These contributions represent both the diversity of today's feminist criticism and the tremendous expansion of the nineteenth century canon The authors take as their subjects specific nineteenth and twentieth century women writers the state of feminist theory and pedagogy genre studies film race and postcolonialism with approaches ranging from ecofeminism to psychoanalysis And although each essay opens *Madwoman* to a different page all provocatively circle back with admiration and respect objections and challenges questions and arguments to Gilbert and Gubar's groundbreaking work The essays are as diverse as they are provocative Susan Fraiman describes how *Madwoman* opened the canon politicized critical practice and challenged compulsory heterosexuality while Marlene Tromp tells how it

elegantly embodied many concerns central to second wave feminism Other chapters consider Madwoman's impact on Milton studies on cinematic adaptations of *Wuthering Heights* and on reassessments of Ann Radcliffe as one of the book's suppressed foremothers In the thirty years since its publication *The Madwoman in the Attic* has potently informed literary criticism of women's writing its strategic analyses of canonical works and its insights into the interconnections between social environment and human creativity have been absorbed by contemporary critical practices These essays constitute substantive interventions into established debates and ongoing questions among scholars concerned with defining third wave feminism showing that as a feminist symbol the raging madwoman still has the power to disrupt conventional ideas about gender myth sexuality and the literary imagination

**Transgressive Corporeality** Diane MacDonald, 1995-07-01 This study begins with Nietzsche's attempt to subvert the projects of classical and modern metaphysics through an unmasking of their abusive underpinnings Because Nietzsche ultimately retreated into his own violent metaphysics of a will to power his critique has been radicalized by other philosophers who explore the body as a site of resistance to foundationalist metaphysics and for clues pointing toward nonfoundational modes of thinking and becoming The philosophies of body explored in this book are those of Maurice Merleau-Ponty Michel Foucault and Julia Kristeva In

their respective analyses oppressive modes of the will to truth include the objectifying thought of Enlightenment empiricism and idealism classical and modern modes of rationality discipline and sexuality as well as a mono logical thinking operative in literature and religion Each theorist attempts to retrieve remainders of these cultural truths as sites of resistance and of alternative modes of relatedness The book concludes by suggesting how these philosophies of body might reshape the imagination of contemporary constructive theology
