Reconstruction Of The Nation:

A Theology of Reconstruction Charles Villa-Vicencio, 1992-08-20 Behold a new thing **Southern Nation** David A. Bateman, Ira Katznelson, John S. Lapinski, 2018-07-10 How southern members of Congress remade the United States in their own image after the Civil War No question has loomed larger in the American experience than the role of the South Southern Nation examines how southern members of Congress shaped national public policy and American institutions from Reconstruction to the New Deal and along the way remade the region and the nation in their own image The central paradox of southern politics was how such a highly diverse region could be transformed into a coherent and unified bloc a veritable nation within a nation that exercised extraordinary influence in politics This book shows how this unlikely transformation occurred in Congress the institutional site where the South's representatives forged a new relationship with the rest of the nation Drawing on an innovative theory of southern lawmaking in depth analyses of key historical sources and congressional data Southern Nation traces how southern legislators confronted the dilemma of needing federal investment while opposing interference with the South's racial hierarchy a problem they navigated with mixed results before choosing to prioritize white supremacy above all else Southern Nation reveals how southern members of Congress gradually won for themselves an unparalleled role in policymaking and left all southerners whites and blacks disadvantaged to this day At first the successful defense of the South's capacity to govern race relations left southern political leaders locally empowered but marginalized nationally With changing rules in Congress however southern representatives soon became strategically positioned to profoundly influence national affairs **National Security League** United States. Reconstruction of the Nation Rembert Wallace Patrick, 1967 Treats political and social aspects of Reconstruction in the United States from 1865 to 1877

Reconstruction Don Allison, 2017-11-06 The country survived the first phase of the second Period of Reconstruction even though political parties were still fighting each other for total control of the government They fought so much the people took a back seat to the establishment of ideologies Representation had been suffering The country was still heading towards another Civil War and another Period of Reconstruction but not in the sense of both Laws of Nature and of Nature s God saw a need for another Period of Reconstruction but without another Civil War and continued to put into motion a scenario that would eliminate the need for a Civil War but maintain the need for another recovery period In order to accomplish this that higher authority had to get the attention of the American people first then have the land of the free and the home of the brave get the attention of their representatives The spirit of a nation once again had to be taken down to it s lowest level in order to start the process of rebuilding the country to the highest level it could reach

The Nation and Athenæum ,1925 **Rebuilding the Nation** Catherine McGrew Jaime,2016-05-19 During the first twelve years after the Civil War the United States was involved in its Reconstruction efforts Out of that era came three amendments to the U S Constitution a Freedmen s Bureau that came and went and a variety of Civil Rights bills This project started as a look at many of the important documents from the Reconstruction Era a 200 page book Rebuilding the Nation Reconstruction Era Documents and Cartoons which should be available soon In the meantime this portion of it soon took on a life of its own focusing on dozens of illustrations primarily political cartoons many of them from Thomas Nast s work during this era Thomas Nast Father of the American Cartoon was especially well known for his political cartoons during this era and beyond A note of warning about Nast s cartoons they can be a bit in your face It is important to keep in mind the time period that he drew these in and the messages he was trying to convey Some of his cartoons appear more like racial caricatures but as a general rule he was extremely pro minorities and used his incredible drawing ability to focus on difficult issues of his day His political cartoons like the other drawings that I have chosen to include here are generally full of complex messages Please do not dismiss these works too quickly The cartoons and other illustrations are arranged chronologically By themselves they make an interesting pictorial look at the Reconstruction Era or they could be combined with any number of the related documents from that time period
