## Red Army Resurgent:

**Red Army Resurgent** John Shaw, 1979 Tells the suffering of the Russians and how they turned the tide **Red Army Resurgent World War 2**, World War II, John Shaw, Gerald Simons, 1979 World War II John Shaw, Time-Life Books, 1979 A set of 39 volumes covering the history of World War II from 1939 to 1945 *Few Returned* Eugenio Corti, 1997-05-28 After World War II more than one hundred books appeared that dealt with the experience of the Italian army in Russia and particularly the terrible winter retreat of 1942 1943 *Few Returned* I piu non ritornano is the only one of these that is still regularly reissued in Italy Eugenio Corti who was a twenty one year old second lieutenant at the time found himself together with 30 000 Italians and a smaller contingent of Germans encircled on the banks of the River Don by enemy forces who far outnumbered them To break out of this encirclement these men undertook a desperate march across the snow with constant engagements and in temperatures ranging from 20 to 30 degrees Fahrenheit Whereas supplies were air dropped to the Germans the predicament of the Italians was far more difficult lacking gasoline they were compelled to abandon their vehicles and to proceed without heavy arms equipment ammunition or provisions Even the wounded had to be abandoned though it was well known that the soldiers of the Red Army enraged by the brutality of the German invasion killed all the enemy wounded who fell into their hands After twenty eight days of encirclement only 4 000 of the 30 000 Italians made it out of the pocket Why is it that Corti's book which was first published in 1947 continues after fifty years to be reprinted in Italy Because as Mario Apollonio of the University of Milan said when the book first appeared It is a chronicle but it is much more than that behind the physical reality there is the truth about man at his most tragic hour Apollonio adds The power of the writing immediately transforms the document into drama the result is a novel poem drama history The philosopher Benedetto Croce found in Corti's book the not infrequent gleam of human goodness and nobility *Few Returned* is a classic of war literature that succeeds in bringing home the full hatefulness of war Eugenio Corti began writing his diary at a military hospital immediately after being repatriated from the Russian front When in September 1943 Italy found itself cut in two by the Armistice Corti loyal to his officer's oath joined up with what remained of the Italian army in the south and with those few troops participated in driving the Germans off Italian soil fighting at the side of the British Eighth and the American Fifth Armies *THE ORGANIZATION AND ORDER OF BATTLE OF MILITARIES IN WORLD WAR II* Charles D. Pettibone, 2014-04 There are numerous Order of Battle books on the market So what makes this one so special Why should one decide on this particular book Most Order of Battle books usually deal only with the division and corps level of a country's army Most higher commands are not covered This book deals with all the branches of a country's military giving a breakdown of all the major echelons of command from theater down to brigade under each component army group armies corps division and brigade and the equivalent command structure for the other military branches are included Second it attempts to give an overall command structure of the country's military showing the central headquarters command

structure as well as the major components army groups armies corps etc Third most Order of Battle books list the commanders and their dates of tenure This book includes those but also lists their next duty assignments or where they went after leaving the post One can literally trace a general officer s career through the upper echelons of command making this completely different from all the other Order of Battle books on the market

*Hitler's War Against the Partisans During Operation Barbarossa* Antonio J Muñoz, 2025-04-28 From the start of the war on the Eastern Front Hitler s Ostheer his Eastern Army would wage a vernichtungskrieg or war of annihilation in the East Never before had such a wide reaching campaign been fought Preparations for Germany s invasion of the Soviet Union had included the drawing up of plans and allocation of resources to secure the newly conquered territories These plans included the premeditated murder of many innocent civilians Adolf Hitler said as much when in July 1941 shortly after Stalin ordered the formation of partisans he told his Army High Command This partisan war has some advantage for us it enables us to eradicate everyone who opposes us Anticipating resistance to Nazi occupation and rule Hitler instructed the Ostheer to act ruthlessly not only on the front lines but in the rear areas as well When in July 1941 Stalin ordered partisan forces to be created the stage was therefore set for the largest and most savage conflict ever waged between a modern military force and a guerrilla army The scale of the partisan and anti partisan war on the Eastern Front was as costly and bitterly fought as the struggle on the front lines themselves Employing thousands of primary source documents and scouring eight separate state archives in six countries over a twenty two year period Antonio J Mu oz has produced what can be described as a definitive account of this part of the war behind the front lines in the East during the invasion of the Soviet Union From the very beginning the Nazis fought this war ruthlessly by eliminating not only actual guerrillas but a good portion of the civilian population Employing dozens of wartime anti partisan operational instructions plus newly created detailed battle maps and full orders of battle Dr Mu oz brings this little known conflict behind the lines into focus for the very first time The war behind the lines is detailed by district This includes the Reichskommissariat Ostland region which comprised the Generalbezirk Estland Estonia Generalbezirk Lettland Latvia Generalbezirk Litauen Lithuania Generalbezirk Bialystok Northeastern Poland and Generalbezirk Wei ruthenien Belarus The book also covers the guerrilla and anti partisan war in the Reichskommissariat Ukraine Ukraine region as well as in north central and southern Russia For Russia proper anti partisan operations against the guerrillas are broken down by army group area Not only are the operations described but the reader will also learn about guerrilla attacks and how the entire partisan movement grew from year to year and region to region Hitler s War Against the Partisans During Operation Barbarossa documents the whole of the beginning of the savage partisan war between June 1941 and the spring of 1942 Never before has every major and some minor anti guerrilla operation been described in such detail

**Hitler's Commanders** Samuel W. Mitcham (Jr.), 2012 Now in an expanded edition that includes biographies of the generals of Stalingrad and a new chapter on the panzer commanders this book offers rare insight into the men who ran Nazi

Germany's war machine Going beyond common stereotypes Samuel W Mitcham and Gene Mueller recount the compelling lives of a varied group of army navy Luftwaffe and SS men Weaving in dramatic stories of tank commanders fighter pilots in aerial combat and U Boat aces the authors bring the battlefields of World War II to life Fighting for Freedom ,1990

**Cautious Crusade** Steven Casey,2001-11-15 America's struggle against Nazism is one of the few aspects of World War II that has escaped controversy Historians agree that it was a widely popular war different from the subsequent conflicts in Korea and Vietnam because of the absence of partisan sniping ebbing morale or calls for a negotiated peace In this provocative book Steven Casey challenges conventional wisdom about America's participation in World War II Drawing on the numerous opinion polls and surveys conducted by the U S government he traces the development of elite and mass attitudes toward Germany from the early days of the war up to its conclusion Casey persuasively argues that the president and the public rarely saw eye to eye on the nature of the enemy the threat it posed or the best methods for countering it He describes the extensive propaganda campaign that Roosevelt designed to build support for the war effort and shows that Roosevelt had to take public opinion into account when formulating a host of policies from the Allied bombing campaign to the Morgenthau plan to pastoralize the Third Reich By examining the previously unrecognized relationship between public opinion and policy making during World War II Casey's groundbreaking book sheds new light on a crucial era in American history *The Organization and Order of Battle of Militaries in World War II* D. Pettibone Charles D. Pettibone,Charles D. Pettibone,2009-11
