Hysteria

1919

1920

BY ROBERT K. MURRAY

Red Scare A Study Of National Hysteria

Beverly Gage

Red Scare A Study Of National Hysteria:

Red Scare Robert K. Murray, 1955-01-01 Red Scare was first published in 1955 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions Few periods in American history have been so dramatic so fraught with mystery or so bristling with fear and hysteria as were the days of the great Red Scare that followed World War I For sheer excitement it would be difficult to find a more absorbing tale than the one told here The famous Palmer raids of that era are still remembered as one of the most fantastic miscarriages of justice ever perpetrated upon the nation The violent labor strife still makes those who lived through it shudder as they recall the Seattle general strike and Boston police strike the great coal and steel strikes and the bomb plots shootings and riots that accompanied these conflicts But exciting as the story may be it has far greater significance than merely that of a lively tale For just as American was swept by a wave of unreasoning fear and was swayed by sensational propaganda in those days so are we being tormented by similar tensions in the present climate of the cold war The objective analysis of the great Red Scare which Mr Murray provides should go a long way toward helping us to avert some of the tragic consequences that the nation suffered a generation ago before hysteria and fear had finally run their course The author traces the roots of the phenomenon relates the outstanding events of the Scare and evaluates the significant effects of the hysteria upon subsequent American life

RED SCARE. MURRAY., 1955 **Red Scare** Robert K. Murray, 1980-01-01 *Red Scare* Robert Keith Murray, 1964 *Red Scare* Frances Turk, **Red Scare** Regin Schmidt, 2000 The anticommunist crusade of the Federal Bureau of Investigation did not start with the Cold War Based on research in the early files of the FBI's predecessor the Bureau of Investigation the author describes how the federal security officials played a decisive role in bringing about the first anticommunist hysteria in the US the Red Scare in 1919 to 1920 The Bureau's political role it is argued originated in the attempt by the modern federal state during the early decades of the 20th century to regulate and control any organized opposition to the political economic and social order *American Anti-Communism* M. J. Heale, 1990-10 In *American Anticommunism* Heale examines the various forms American reactions to this perceived threat have taken from the attacks on workers in the Haymarket Riot to the widespread witch hunts of Senator Joe McCarthy

A Time of Fear Albert Marrin, 2021-03-30 From National Book Award Finalist and Sibert Honor Author Albert Marrin a timely examination of Red Scares in the United States including the Rosenbergs the Hollywood Ten and the McCarthy era In twentieth century America no power and no threat loomed larger than the communist superpower of the Soviet Union America saw in the dreams of the Soviet Union the overthrow of the US government and the end of democracy and freedom Meanwhile the Communist Party of the United States attempted to use deep economic and racial disparities in American culture to win over members and sympathizers From the miscarriage of justice in the Scotsboro Boys case to the tragedy of the Rosenbergs to the theatrics of the Hollywood Ten to the menace of the Joseph McCarthy and his war hearings

Albert Marrin examines a unique time in American history and explores both how some Americans were lured by the ideals of communism without understanding its reality and how fear of communist infiltration at times caused us to undermine our most deeply held values. The questions he raises ask: What is worth fighting for? And what are you willing to sacrifice to keep it? Filled with black and white photographs throughout, this timely book from an award author brings to life an important and dramatic era in American history with lessons that are deeply relevant today. **Rethinking the Red Scare** Todd J.

Pfannestiel, 2004-06-01 Using New York as a lens, this book examines the Red Scare that gripped America between 1919 and 1923 and the pattern it established for future episodes of political repression. It also presents the first in-depth study of the Soviet Bureau, the unofficial Bolshevik embassy that attempted to establish commercial ties with American businessmen as well as the development of the Rand School as one of the nation's first working-class oriented schools. **J. Robert Oppenheimer and the American Century** David C. Cassidy, 2019-07-31 Born into a wealthy secular New York Jewish family, a student of the Ethical Culture School in New York, later educated in theoretical physics at Harvard, Cambridge, UK, and Göttingen, Germany, appointed professor at UC Berkeley and Caltech, J. Robert Oppenheimer (1904-1967) was on the forefront of the rise of theoretical physics in the United States to world-class status, contributing to the century-altering success of the Manhattan Project to build the atomic bomb. As the scientific leader of that project, Oppenheimer played a key advisory role in government, helping to forge the post-war military-industrial scientific alliance that poured huge resources into post-war big science. Because of his position, Oppenheimer became for the public the heroic cultural icon of American science, but he also became a target and a tragic victim of the cold-war fear and nuclear-war preparations underlying the McCarthy era. This biographical study focuses on Oppenheimer's cultural and intellectual rise as a theoretical physicist as well as his role within the trajectory of the nation's rise to scientific leadership and the post-war forces that confronted American science. This biography is nearly unique in that it includes discussions for general audiences of Oppenheimer's work and contributions to theoretical physics, including his famous prediction of black holes sixty years before their confirmed discovery. Now David Cassidy brings us the best account of Oppenheimer's life in science with *J. Robert Oppenheimer and the American Century*. T. Powers, New York Review of Books. Cassidy covers this ground admirably in his thoughtful biography of Oppenheimer. *Scientific American*. Cassidy's book is probably the best single study of Oppenheimer to date. B. Bernstein, *Physics World*. Cassidy's biography of J. Robert Oppenheimer is a concise, well-written book about the life of the famous 20th-century scientist. A worthwhile read for anyone with an interest in the coming of age of American physics and how the weaknesses and strengths of one of its leaders shaped the relationship between science and the government for decades to come. *Physics and Society*. This biography is a detailed and beautifully written work. Cassidy expands beyond the traditional scope of a biography and expertly explores the surrounding environment that shaped Oppenheimer's life. *Atomic Archive*. This excellent biography of J. Robert Oppenheimer places the eminent physicist in the context of twentieth-century America. Cassidy

provides excellent insights into the life and times of this complex man Unlike many other biographers of Oppenheimer Cassidy assesses his role as a twentieth century theoretical physicist Alsos Digital Library for Nuclear Issues A superbly researched biography There is no doubt that Cassidy gives us a valuable perspective on Oppenheimer s life The author is shy neither of editorializing nor of making judgments about the personalities who appear in the story These comments are almost unfailingly fair and justified by the evidence Times Higher Education Cassidy has written a book that neither praises Oppenheimer nor buries his reputation but rather puts some tarnish upon the icon G Herken Science **Loyalty and**

Liberty Alex Goodall,2013-12-15 Loyalty and Liberty offers the first comprehensive account of the politics of countersubversion in the United States prior to the McCarthy era Beginning with the loyalty politics of World War I Alex Goodall traces the course of American countersubversion as it ebbed and flowed throughout the first half of the twentieth century culminating in the rise of McCarthyism and the Cold War This sweeping study explores how antisubversive fervor was dampened in the 1920s in response to the excesses of World War I transformed by the politics of antifascism in the Depression era and rekindled in opposition to Roosevelt s ambitious New Deal policies in the later 1930s and 1940s Identifying varied interest groups such as business tycoons Christian denominations and Southern Democrats Goodall demonstrates how countersubversive politics was far from unified groups often pursued clashing aims while struggling to balance the competing pulls of loyalty to the nation and liberty of thought speech and action Meanwhile the federal government pursued its own course which alternately converged with and diverged from the paths followed by private organizations By the end of World War II alliances on the left and right had largely consolidated into the form they would keep during the Cold War Anticommunists on the right worked to rein in the supposedly dictatorial ambitions of the Roosevelt administration while New Deal liberals divided into several camps the Popular Front civil liberties activists and embryonic Cold Warriors who struggled with how to respond to communist espionage in Washington and communist influence in politics more broadly Rigorous in its scholarship yet accessible to a wide audience Goodall s masterful study shows how opposition to radicalism became a defining ideological question of American life *Prologue* ,1979 *Historical Dictionary from the Great War to the Great Depression* Neil A. Wynn,2013-12-16 The period from 1913 to 1933 is not often seen as a coherent entity in the history of the United States It is more often viewed in terms of two distinct periods with the pre war era of political engagement idealism and reform known as progressivism separated by World War I from the materialism conservatism and disengagement of the prosperous 1920s To many postwar observers and later historians the entry of the United States into the European conflict in 1917 marked not just a dramatic departure in foreign relations but also the end of an era of reform This second edition of *Historical Dictionary from the Great War to the Great Depression* covers the history of this period through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has more than 700 cross referenced entries on important personalities politics economy foreign relations

religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about a vital period in U S history

The Day Wall Street Exploded Beverly Gage, 2009-01-28 Just after noon on September 16 1920 as hundreds of workers poured onto Wall Street for their lunchtime break a horse drawn cart packed with dynamite exploded in a spray of metal and fire turning the busiest corner of the financial center into a war zone Thirty nine people died and hundreds more lay wounded making the Wall Street explosion the worst terrorist attack in U S history until the Oklahoma City bombing In *The Day Wall Street Exploded* Beverly Gage tells the story of that once infamous but now largely forgotten event Based on thousands of pages of Bureau of Investigation reports this historical detective saga traces the four year hunt for the perpetrators a worldwide effort that spread as far as Italy and the new Soviet nation It also gives readers the decades long but little known history of homegrown terrorism that helped to shape American society a century ago The book delves into the lives of victims suspects and investigators world banking power J P Morgan Jr labor radical Big Bill Haywood anarchist firebrands Emma Goldman and Luigi Galleani America s Sherlock Holmes William J Burns even a young J Edgar Hoover It grapples as well with some of the most controversial events of its day including the rise of the Bureau of Investigation the federal campaign against immigrant terrorists the grassroots effort to define and protect civil liberties and the establishment of anti communism as the sine qua non of American politics Many Americans saw the destruction of the World Trade Center as the first major terrorist attack on American soil an act of evil without precedent *The Day Wall Street Exploded* reminds us that terror too has a history Praise for the hardcover Outstanding New York Times Book Review Ms Gage is a storyteller she leaves it to her readers to draw their own connections as they digest her engaging narrative The New York Times Brisk suspenseful and richly documented The Chicago Tribune An uncommonly intelligent witty and vibrant account She has performed a real service in presenting such a complicated case in such a fair and balanced way San Francisco Chronicle

Woodrow Wilson and the American Diplomatic Tradition Lloyd E. Ambrosius, 1987 Woodrow Wilson s contributions to the creation of the League of Nations as well as his failures in the Senate battles over the Versailles treaty are stressed in this account of his leadership in international affairs

Israel Yearbook on Human Rights, Volume 28 (1998) Fania Domb, Yoram Dinstein, 2021-10-11 The Israel Yearbook on Human Rights an annual published under the auspices of the Faculty of Law of Tel Aviv University since 1971 is devoted to publishing studies by distinguished scholars in Israel and other countries on human rights in peace and war with particular emphasis on problems relevant to the State of Israel and the Jewish people The Yearbook also incorporates documentary materials relating to Israel and the Administered Areas which are not otherwise available in English including summaries of judicial decisions compilations of legislative enactments and military proclamations Volume 28 contains amongst others articles on Non Belligerent Occupation War Crimes in Internal Conflict Disability Law in Israel and the United States A Comparative Perspective

Nightmare in Red Richard M. Fried, 1991-03-28 According to newspaper headlines and television pundits the cold war ended many months ago the age of Big Two confrontation is over But forty years ago Americans were experiencing the beginnings of another era of the fevered anti communism that came to be known as McCarthyism During this period the Cincinnati Reds felt compelled to rename themselves briefly the Redlegs to avoid confusion with the other reds and one citizen in Indiana campaigned to have The Adventures of Robin Hood removed from library shelves because the story's subversive message encouraged robbing from the rich and giving to the poor These developments grew out of a far reaching anxiety over communism that characterized the McCarthy Era Richard Fried's Nightmare in Red offers a riveting and comprehensive account of this crucial time He traces the second Red Scare's antecedents back to the 1930s and presents an engaging narrative about the many different people who became involved in the drama of the anti communist fervor from the New Deal era and World War II through the early years of the cold war to the peak of McCarthyism and beyond McCarthy's censure to the decline of the House Committee on Un American Activities in the 1960s Along the way we meet the familiar figures of the period Presidents Roosevelt Truman and Eisenhower the young Richard Nixon and of course the Wisconsin Senator Joseph R McCarthy But more importantly Fried reveals the wholesale effect of McCarthyism on the lives of thousands of ordinary people from teachers and lawyers to college students factory workers and janitors Together with coverage of such famous incidents as the ordeal of the Hollywood Ten which led to the entertainment world's notorious blacklist and the Alger Hiss case Fried also portrays a wealth of little known but telling episodes involving victims and victimizers of anti communist politics at the state and local levels Providing the most complete history of the rise and fall of the phenomenon known as McCarthyism Nightmare in Red shows that it involved far more than just Joe McCarthy

Uncle Sam Wants You Christopher Capozzola, 2008-07-21 In April 1917 the United States embarked on World War I with little history of conscription an army smaller than Romania's and a political culture that saw little role for the federal government other than delivering the mail Uncle Sam Wants You tells the gripping story of the American homefront in World War I revealing how the tensions of mass mobilization led to a significant increase in power in Washington Christopher Capozzola shows how in the absence of a strong federal government Americans at first mobilized society by stressing duty obligation and responsibility over rights and freedoms In clubs schools churches and workplaces Americans governed each other But the heated temper of war quickly

unleashed coercion on an unprecedented scale making wartime America the scene of some of the nation's most serious political violence including notorious episodes of outright mob violence To solve this problem Americans turned over increasing amounts of power to state institutions In the end whether they were some of the four million men drafted under the Selective Service Act or the tens of millions of homefront volunteers or counted themselves among the thousands of conscientious objectors anti war radicals or German enemy aliens Americans of the World War I era created a new American state and new ways of being American citizens Based on a rich array of sources that capture the voices of both political leaders and ordinary Americans Uncle Sam Wants You offers a vivid and provocative new interpretation of American political history

Anti-Communism in Twentieth-Century America Larry Ceplair, 2011-10-05 This compelling critical analysis of anti communism illustrates the variety of anti Communist styles and agendas thereby making a persuasive case that the threat of domestic communism in Cold War America was vastly overblown In the United States today communism is an ideology or political movement that barely registers in the consciousness of our nation Yet merely half a century ago communist was a buzzword that every citizen in our nation was aware of a term that connoted traitor and almost certainly a characterization that most Americans were afraid of

Anti Communism in Twentieth Century America A Critical History provides a panoramic perspective of the types of anti communists in the United States between 1919 and the collapse of the Soviet Union It explains the causes and exceptional nature of anti communism in the United States and divides it into eight discrete categories This title then thoroughly examines the words and deeds of the various anti Communists in each of these categories during the three Red Scares in the past century The work concludes with an unapologetic assessment of domestic anti communism This book allows readers to more fully comprehend what the anti communists meant with their rhetoric and grasp their impact on the United States during the 20th century and beyond for example how anti communism has reappeared as anti terrorism

This is likewise one of the factors by obtaining the soft documents of this **Red Scare A Study Of National Hysteria** by online. You might not require more period to spend to go to the books initiation as without difficulty as search for them. In some cases, you likewise do not discover the declaration Red Scare A Study Of National Hysteria that you are looking for. It will unquestionably squander the time.

However below, in the same way as you visit this web page, it will be appropriately entirely simple to acquire as competently as download lead Red Scare A Study Of National Hysteria

It will not allow many times as we explain before. You can complete it even though show something else at house and even in your workplace. therefore easy! So, are you question? Just exercise just what we have enough money below as with ease as evaluation **Red Scare A Study Of National Hysteria** what you later than to read!

Red Scare A Study Of National Hysteria Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Red Scare A Study Of National Hysteria PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant

information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Red Scare A Study Of National Hysteria PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Red Scare A Study Of National Hysteria free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Red Scare A Study Of National Hysteria Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Red Scare A Study Of National Hysteria is one of the best book in our library for free trial. We provide copy of Red Scare A Study Of National Hysteria in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Red Scare A Study Of National Hysteria. Where to download Red Scare A Study Of National Hysteria online for free? Are you looking for Red Scare
