Specter of the Indian Kathryn Troy, 2017-08-23 Explores the significance of Indian control spirits as a dominating force in nineteenth century American Spiritualism The Specter of the Indian unveils the centrality of Native American spirit guides during the emergent years of American Spiritualism By pulling together cultural and political history the studies of religion race and gender and the ghostly Kathryn Troy offers a new layer of understanding to the prevalence of mystically styled Indians in American visual and popular culture The connections between Spiritualist print and contemporary Indian policy provide fresh insight into the racial dimensions of social reform among nineteenth century Spiritualists Troy draws fascinating parallels between the contested belief of Indians as fading from the world claims of returned apparitions and the social impetus to provide American Indians with a means of existence in white America Rather than vanishing from national sight and memory Indians and their ghosts are shown to be ever present This book transports the readers into dimly lit parlor rooms and darkened cabinets and lavishes them with detailed s ance accounts in the words of those who witnessed them Scrutinizing the otherworldly whisperings heard therein highlights the voices of mediums and those they sought to channel allowing the author to dig deep into Spiritualist belief and practice The influential presence of Indian ghosts is made clear and undeniable

Seeing Red Mark Cronlund Anderson, Carmen L. Robertson, 2011-09-02 The first book to examine the role of Canada s newspapers in perpetuating the myth of Native inferiority Seeing Red is a groundbreaking study of how Canadian English language newspapers have portrayed Aboriginal peoples from 1869 to the present day It assesses a wide range of publications on topics that include the sale of Rupert s Land the signing of Treaty 3 the North West Rebellion and Louis Riel the death of Pauline Johnson the outing of Grey Owl the discussions surrounding Bill C 31 the Bended Elbow standoff at Kenora Ontario and the Oka Crisis The authors uncover overwhelming evidence that the colonial imaginary not only thrives but dominates depictions of Aboriginal peoples in mainstream newspapers The colonial constructs ingrained in the news media perpetuate an imagined Native inferiority that contributes significantly to the marginalization of Indigenous people in Canada That such imagery persists to this day suggests strongly that our country lives in denial failing to live up to its cultural mosaic boosterism

Red Medicine Patrisia Gonzales, 2012-11-01 Patrisia Gonzales addresses Red Medicine as a system of healing that includes birthing practices dreaming and purification rites to re establish personal and social equilibrium The book explores Indigenous medicine across North America with a special emphasis on how Indigenous knowledge has endured and persisted among peoples with a legacy to Mexico Gonzales combines her lived experience in Red Medicine as an herbalist and traditional birth attendant with in depth research into oral traditions storytelling and the meanings of symbols to uncover how Indigenous knowledge endures over time And she shows how this knowledge is now being reclaimed by Chicanos Mexican Americans and Mexican Indigenous peoples For Gonzales a central guiding force in Red Medicine is the principal of regeneration as it is

manifested in Spiderwoman Dating to Pre Columbian times the Mesoamerican Weaver Spiderwoman the guardian of birth medicine and purification rites such as the Nahua sweat bath exemplifies the interconnected process of rebalancing that transpires throughout life in mental spiritual and physical manifestations Gonzales also explains how dreaming is a form of diagnosing in traditional Indigenous medicine and how Indigenous concepts of the body provide insight into healing various kinds of trauma Gonzales links pre Columbian thought to contemporary healing practices by examining ancient symbols and their relation to current curative knowledges among Indigenous peoples Red Medicine suggests that Indigenous healing systems can usefully point contemporary people back to ancestral teachings and help them reconnect to the dynamics of the natural world
