Red Stains on Vietnam Doves William F. Gausman, 1989-10-01 *The Vietnam Antiwar Movement* Walter L. Hixson, 2000 First Published in 2000 Routledge is an imprint of Taylor Francis an informa company *Historical Dictionary of the War in Vietnam* Ronald B. Frankum Jr., 2011-06-10 For Southeast Asia the Vietnam War altered forever the history topography people economy and politics of the Democratic Republic of Vietnam DRV the Republic of Vietnam RVN Cambodia and Laos That the war was controversial is an understatement as is the notion that the war can be understood from any one perspective One way of understanding the Vietnam War is by marking its time with turning points both major and minor that involved events or decisions that helped to influence its course in the years to follow By examining a few of these turning points an organizational framework takes shape that makes understanding the war more possible *Historical Dictionary of the War in Vietnam* emphasizes the international nature of the war as well as provide a greater understanding of the long scope of the conflict The major events associated with the war will serve as the foundation of the book while additional entries will explore the military diplomatic political social and cultural events that made the war unique While military subjects will be fully explored there will be greater attention to other aspects of the war All of this is done through a chronology an introductory essay an extensive bibliography and over 600 cross referenced dictionary entries This book is an excellent access point for students researchers and anyone wanting to know more about the Vietnam War **Historical Dictionary of the 1960s** James S. Olson, 1999-12-30 Few eras in U S history have begun with more optimistic promise and ended in more pessimistic despair than the 1960s When JFK became president in 1960 the U S was the hope of the world Ten years later American power abroad seemed wasted in the jungles of Indochina and critics at home cast doubt on whether the U S was really the land of the free and the home of the brave This book takes an encyclopedic look at the decade at the individuals who shaped the era the civil rights movement the antiwar movement the women s movement and the youth rebellion It covers the political military social cultural religious economic and diplomatic topics that made the 1960s a unique decade in U S history **The Vietnam War** James S. Olson, 1993-04-13 This is a scholarly assessment of broad ranging research on the Vietnam War over the last seventeen years by the editor of the prize winning *Dictionary of the Vietnam War* James Olson and his contributors offer fascinating insights as they evaluate the significant literature films and TV programs offering different perspectives on the historical background strategy and conduct of the war the perspectives of Americans the Indochinese women minorities and veterans the impact of the war on the homefront and major problems and issues in the aftermath of the war This one volume major reference covers all genres of literature primary and secondary sources personal narratives and oral histories fiction and non fiction popular accounts expert studies of military strategy and operations Indochinese studies books about the involvement and role of women and blacks and discussions about Indochinese refugees prisoners of war those missing in action veterans and post traumatic shock Films TV programs comic books and studies

Vietnam James W. Mooney, Thomas Reed West, 1994 Vietnam D. R. SarDesai, 1992 **The Vietnam War on Campus** Marc J. Gilbert, 2001 Previous analyses of the student antiwar movement during the Vietnam War have focussed almost exclusively on a few radical student leaders and upon events that occurred at a few elite East Coast universities This volume breaks new ground in the treatment it affords critiques of the war offered by conservative students in its assessment of antiwar sentiment among Midwestern and Southern college students and in its investigation of antiwar protests in American high schools It also provides fresh insight through a discussion of the ways in which American films depicted the student movements and an examination of the role of women and religion in the campus wars of the Sixties and Seventies The campus dimensions of the antiwar movement were more broad based and more diverse in membership roots and strategy than is often assumed Each essay in this collection strives not only to present a fair minded picture of the impact of the Vietnam War on campus but also to offer balanced reflections on its significance for today s body politic Contributing authors conclude leading scholars on the war s impact on American society and two artists closely associated with that conflict Vietnam veteran writer and poet W D Ehrhart and Country Joe McDonald author of the antiwar era anthem I Feel Like I m Fixing to Die Rag **America and the Indochina Wars, 1945-1990** Lester H.
