Red Star:

Dragonseye Anne McCaffrey, 1997-12-27 In Anne McCaffrey's New York Times bestselling *Dragonseye* join Weyrleaders Holders and Craftmasters in the creation of the legendary Star Stones and the teaching ballads of Pern. It's been two hundred years since the deadly Thread fell like rain upon Pern, devouring everything in its path. No one alive remembers that first horrific onslaught, and no one believes in its return except for the dragonriders. For two centuries they have been practicing and training, passing down from generation to generation the formidable Threadfighting techniques. Now the ominous signs are appearing: the violent winter storms and volcanic eruptions that are said to herald the approach of the Red Star and its lethal spawn. But one stubborn Lord Holder, Chalkin of Bitra, refuses to believe, and that disbelief could spell disaster. So as the dragonriders desperately train to face a terrifying enemy, they and the other Lord Holders must find a way to deal with Chalkin before history repeats itself and unleashes its virulence on all of Pern. **Wendy Red Star** Nadiah Rivera

Fellah, 2019-01-30 This catalogue is published on the occasion of the exhibition by the same name. Wendy Red Star, *A Scratch on the Earth*, is a mid-career survey of the work of Portland artist Wendy Red Star, born 1981, Billings, Montana. Drawing on pop culture, conceptual art, strategies and the Crow traditions within which she was raised, Red Star pushes photography in new directions from self-portraiture to photo collage and mixed media to bring to life her unique perspective on American history. An enrolled member of the Apsálooke Crow Tribe, Red Star works across disciplines to explore the intersections of Native American ideologies and colonialist structures. With 60 works highlighting Red Star's production from 2006 to 2019, the exhibition includes photography, textiles, and film and sound installations. At the heart of the exhibition, a new immersive video will be screened inside a sweat lodge constructed by the artist. The Indigenous roots of feminism, the importance of family, Crow mythology, the history of the Montana landscape, and the pageantry of Crow Fest are among the subjects Red Star explores in her work. *A Scratch on the Earth* also highlights how boundaries between cultural, racial, social, and gender lines are reinforced in America and how these lines blur across time and place. **American Machinist & Automated**

The red star is Mars, but it is also the dream set to paper of the society that could emerge on earth after the dual victory of the socialist and scientific technical revolutions. While portraying a harmonious and rational socialist society, Bogdanov sketches out the problems that will face industrialized nations, whether socialist or capitalist. A surprisingly moving story.
