### **Reflections on Native-Newcomer Relations** J.R.

Miller, 2004-12-15 The twelve essays that make up *Reflections on Native-Newcomer Relations* illustrate the development in thought by one of Canada's leading scholars in the field of Native history, J.R. Miller. The collection, comprising pieces that were written over a period spanning nearly two decades, deals with the evolution of historical writing on First Nations and Métis methodological issues in the writing of Native-Newcomer history, policy matters including residential schools and linkages between the study of Native-Newcomer relations and academic governance and curricular matters. Half of the essays appear here in print for the first time and all use archival, published and oral history evidence to throw light on Native-Newcomer relations. Miller argues that the nature of the relationship between Native peoples and newcomers in Canada has varied over time based on the reasons the two parties have had for interacting. The relationship deteriorates into attempts to control and coerce Natives during periods in which newcomers do not perceive them as directly useful and it improves when the two parties have positive reasons for cooperation. *Reflections on Native-Newcomer Relations* opens up for discussion a series of issues in Native-Newcomer history. It addresses all the trends in the discipline of the past two decades and never shies from showing their contradictions as well as those in the author's own thinking as he matured as a scholar.

### **A Son of the Fur**

**Trade** John Francis Grant, 2008-11-21 Born in 1833 at Fort Edmonton, Johnny Grant experienced and wrote about many historical events in the Canada-US northwest. Grant was not only a fur trader; he was instrumental in early ranching efforts in Montana and played a pivotal role in the Riel Resistance of 1869-70. Published in its entirety for the first time, Grant's memoir is an indispensable primary source for the shelves of fur trade and Métis historians.

### **The Great Blackfoot Treaties** Hugh

A. Dempsey, 2015-09-29 The expansive ancestral territory of the Blackfoot Nation ranged from the North Saskatchewan River in Alberta to the Missouri River in Montana and from the Rocky Mountains east to the Cypress Hills. This buffalo-rich land sustained the Blackfoot for generations until the arrival of whiskey traders, unscrupulous wolfers, smallpox epidemics and the encroachment of white settlers on traditional hunting grounds. These factors led to widespread poverty and demoralization, forcing the Blackfoot to appeal to the Canadian government for protection. The result of this appeal was Treaty Seven, one of eleven numbered treaties signed across western Canada between 1871 and 1921. Under its terms, the Blackfoot gave up all of southern Alberta in exchange for reserves based upon five people per square mile. In practice, the treaty rendered the Blackfoot powerless and wholly dependent on the government. *The Great Blackfoot Treaties* examines the context and

enormous impact of Treaty Seven as well as other treaties affecting the Blackfoot during this time period      **The Amazing Death of Calf Shirt and Other Blackfoot Stories** Hugh Aylmer Dempsey,1996-01-01 The wise old ones A friend of the beavers The reincarnation of Low Horn The amazing death of Calf Shirt Peace with the Kootenays A messenger for peace The orphan Black white man The wild ones The last war party The snake man Man of steel Deerfoot and friends Scraping high and Mr Tims The transformation of Small Eyes      **The Ojibwa of Western Canada 1780-1870** Laura Peers,2009-09-08

Among the most dynamic Aboriginal peoples in western Canada today are the Ojibwa who have played an especially vital role in the development of an Aboriginal political voice at both levels of government Yet they are relative newcomers to the region occupying the parkland and prairies only since the end of the 18th century This work traces the origins of the western Ojibwa their adaptations to the West and the ways in which they have coped with the many challenges they faced in the first century of their history in that region between 1780 and 1870 The western Ojibwa are descendants of Ojibwa who migrated from around the Great Lakes in the late 18th century This was an era of dramatic change Between 1780 and 1870 they survived waves of epidemic disease the rise and decline of the fur trade the depletion of game the founding of non Native settlement the loss of tribal lands and the government's assertion of political control over them As a people who emerged adapted and survived in a climate of change the western Ojibwa demonstrate both the effects of historic forces that acted upon Native peoples and the spirit determination and adaptive strategies that the Native people have used to cope with those forces This study examines the emergence of the western Ojibwa within this context seeing both the cultural changes that they chose to make and the continuity within their culture as responses to historical pressures The Ojibwa of Western Canada differs from earlier works by focussing closely on the details of western Ojibwa history in the crucial century of their emergence It is based on documents to which pioneering scholars did not have access including fur traders and missionaries journals letters and reminiscences Ethnographic and archaeological data and the evidence of material culture and photographic and art images are also examined in this well researched and clearly written history      **Frontier Diplomats** Lesley

Wischmann,2004 This dual biography highlights the human dimensions of the Upper Missouri fur trade Focusing on two major figures Alexander Culbertson 1809 1879 trader with the American Fur Company founder of Fort Benton and the first white American to live among the Blackfeet Indians and his wife Natoyist Siksina Holy Snake 1825 1893 daughter of Two Suns the chief of the Blood Kainah tribe Lesley Wischmann shows the great influence this couple had on the region Culbertson and Natoyist Siksina worked together for thirty years to promote cooperative relations between Native inhabitants and newly arrived white adventurers and played key roles in the Fort Laramie Treaty Conference of 1851 and treaty negotiations with the Blackfeet tribes in 1855 As she tells the story of these frontier diplomats Wischmann also challenges conventional wisdom about the character of fur traders the nature of the Blackfeet and the role of Indian women
