Crime of the Century Michael L. Kurtz,2025-03-14 Now a classic Michael Kurtz s Crime of the Century recounts the assassination of President John F Kennedy on November 22 1963 and provides a detailed critical analysis of the investigations of the Warren Commission and the House Select Committee on Assassinations Kurtz outlines the major areas of controversy about the assassination and sifts all the known evidence before concluding that both official inquiries failed to evaluate the considerable evidence of an assassination conspiracy Kurtz also examines each of the most prevalent conspiracy theories and shows how often they fail to fit the facts This third edition includes a new introduction based on updated information about the assassination since the second edition was published in 1993 including material from the National Archives and several major recent interpretations of the events Drawing on a variety of primary source materials from the National Archives and the FBI s and CIA s declassified assassination files Crime of the Century remains a book of importance not only to students of the Kennedy assassination but also scholars of government response to political violence **Not in Your Lifetime** Anthony Summers,2013-10-01 Updated with the latest evidence Pulitzer Prize finalist Anthony Summers s essential acclaimed account of President Kennedy s assassination Almost sixty years after the assassination of John F Kennedy most Americans still think they have not been told the truth about his death Chief Justice Earl Warren who chaired the first inquiry said some things that involve security might not be released in the lifetime of the then public Millions of pages of assassination records were made public since the late 1990s As of 2022 however more than thirteen thousand declassified documents most of them from CIA records still contain redactions President Biden ordered that all documents be released in December of 2022 unless he sanctions continued secrecy Anthony Summers s account of the murder mystery that haunts America is one of the finest books on the assassination An awesome work with the power of a plea as from Zola for justice Los Angeles Times The closest we have to that literary chimera a definitive work on the events in Dallas The Boston Globe The Kennedy Assassinations John F. Kennedy Library,1983 The Zapruder Film David R. Wrone,2003-11-22 It is the most famous home movie of all time the most closely analyzed 26 seconds of film ever shot the most disturbing visual record of what many have called the crime of the century In 486 frames a mere six feet of celluloid Abraham Zapruder s iconic film captures from beginning to end the murder of President John F Kennedy in broad daylight An essential piece of

evidence the film has become nearly synonymous with the assassination itself and has generated decades of debate among conspiracy theorists and defenders of the Warren Commission's official report. Until now, however, no scholar has produced a comprehensive book-length study of the film and its relation to the tragic events of November 22, 1963. David Wrono, one of our nation's foremost authorities on the assassination, re-examines Zapruder's film with a fresh eye and a deep knowledge of the forensic evidence. He traces the film's history from its creation on the grassy knoll by Dallas dressmaker Zapruder through its initial sale to Life magazine and early reproductions and its analysis by the Warren Commission and countless assassination researchers, licensing by the Zapruder family, legal battles over bootleg copies, and sale to the federal government for sixteen million dollars. Wrono's major contribution, however, is to demonstrate how a close examination of the film itself necessarily refutes the Warren Commission's lone gunman and single bullet theories. The film, as he reminds us, provides a scientifically precise timeline of events as well as crucial clues regarding the timing, number, origins, and impact of the shots fired that day. Analyzing the film frame by frame in relation to other evidence, including two key photos by Phil Willis and Ike Altgens, he builds a convincing case against the official findings. Without fanfare, he concludes that more than three gunshots were fired from more than one direction and that most likely none were fired by alleged assassin Lee Harvey Oswald. If true, then JFK's death was the result of a conspiracy. For the Commission's nonconspiracy conclusion requires a maximum of three shots and one gunman. Wrono, however, does not speculate as to who actually shot JFK or why, or even if Oswald was a part of the conspiracy. In fact, he is no fan of conspiracy thinking and is just as critical of the legion of conspiracy theorists as he is of the Warren Commission, which he reveals crushed dissent within its own ranks. Doggedly pursuing the evidence wherever it leads, Wrono has produced a meticulous, clear-eyed, and provocative new reading of this remarkable cinematic Rosetta Stone.

Case Closed Gerald Posner, 2013-10-01 Pulitzer Prize Finalist By far the most lucid and compelling account of what probably did happen in Dallas and what almost certainly did not. The New York Times Book Review. The Kennedy assassination has reverberated for five decades with tales of secret plots, multiple killers, and government cabals often overshadowing the event itself. As Gerald Posner writes, Fifty years after the assassination, the biggest casualty has been the truth. In this first ever digital edition of his classic work, updated with a special comment for the fiftieth anniversary, Posner lays to rest all of the convoluted conspiracy theories concerning the mafia, a second shooter, and the CIA that have obscured over the decades what really happened in Dealey Plaza on November 22, 1963. Drawing from official sources and dozens of interviews and filled with powerful historical detail, Case Closed is a vivid and straightforward account that stands as one of the most authoritative books on the assassination of John F. Kennedy. Now updated for the first time in twenty years with an epilogue from the author containing new information.

Lbj the Dallas Incident Dr. John Chandler Griffin, 2013-08-01 The Kennedy Incident. November 22, 2013 will mark the 50th anniversary of the greatest crime ever committed in this great nation, the assassination of John F. Kennedy, the president of the United States. Then two days

later the man accused of having committed that crime Lee Harvey Oswald was also murdered shot down in the Dallas Police Headquarters by mob thug Jack Ruby The nation was aghast How could such things happen in 20th century America Ah but not to worry President Lyndon Baines Johnson immediately announced the appointment of a blue ribbon committee chaired by none other than the Chief Justice of the Supreme Court Earl Warren to discover just how such murders could have happened in Dallas Texas in 1963 Known as the Warren Commission it was a committee whose judgment could not be questioned But then a year later the WC issued its report known as the Warren Commission Report and almost immediately citizens from one end of the country to the other were yelling questions chard questions that insulted both the WC s judgment and its objectivity As though that were not bad enough A few months later a New York attorney Mark Lane hired by Oswald s mother to vindicate her son published his myth shattering book Rush To Judgment The Warren Commission was blown out of the water But still no satisfactory answers were forthcoming Lyndon Baines Johnson and his political sycophants were very happy to blame Oswald for the entire tragedy Anyone but themselves Then in New Orleans rose a new challenge District Attorney Jim Garrison began his investigation into the murders But again the Federal Government reared its ugly head State governors across the nation were advised to ignore subpoenas to testify in Garrison s trial And in almost every instance those governors obeyed their orders Other essential witnesses simply committed suicide Garrison himself was pilloried and held up to ridicule by the national news media Still he persisted In the end with no witnesses 0 testify Garrison s trial ended in not guilty verdicts Still after 50 years he remains the only person ever to bring anyone to trial for the murders that occurred in Dallas some fifty years ago In this book based on the evidence and testimony associated with the murders of Kennedy and Oswald I have tried to present events as they actually occurred and show who was truly behind them And I do so with no apologies to anyone I will say that my heart goes out to Marina Oswald and her two daughters June Lee and Rachel May God be with them

The War of All the People Jon B. Perdue, 2012 The real clash of civilizations *Act of Retribution* J.P. Phillips, 2010-03-17 My quest for an answer to the riddle of President Kennedys assassination first began in April 1967 following a talk given by Warren Commission critic and best selling author Mark Lane at Michigan State University where I was a graduate student My search has lasted well over twenty years Gathering every scrap of information I could find on the assassination I have arrived at what I believe is the most credible thesis to date As a result of meticulous research I am able to identify probable suspects in what I have come to believe was a far reaching conspiracy which involved not only renegade elements from the CIA and organized crime figures but one which extended to the highest echelons of the U S government By pulling together existing knowledge of the assassination while introducing new evidence my book focuses primarily on six main principals persons of interest their motives and their activities in relation to the assassination and the links that connect them

- 1 LEE HARVEY OSWALD Accused by the Warren Commission In 1964 of being the sole assassin of President Kennedy
- 2 JACK RUBY Dallas night club owner who two days following the Presidents assassination shot and killed

Oswald 3 CARLOS MARCELLO Reputed crime boss of the New Orleans Dallas Mafia during the time of the assassination 4 GENERAL CHARLES PEARE CABELL Deputy Director of the CIA from 1953 to 1962 when he was dismissed by President Kennedy along with other high ranking intelligence officials for the failure of the Bay of Pigs invasion 5 EARLE CABELL Younger brother of General Charles P Cabell who was Mayor of Dallas the day President Kennedy was assassinated 6 FRED KORTH Fort Worth businessman and banker who was Secretary of the Navy from 1962 to October 1963 when he was forced by President Kennedy to resign for his involvement in the TFX controversy As to the motives of those individuals involved in the Presidents murder I believe that the assassination was planned and carried out with a dual purpose in mind 1 as an act of vengeance by those ex high government officials who were dismissed by the President either for alleged wrongdoing as in the case of Fred Korth or for incompetence as in General Cabells case 2 to prevent the Presidents domestic and foreign policies particularly in reference to his stand on the Vietnam conflict from being implemented Viewed in this light the assassination of President Kennedy was an act of retribution by a group of mean spirited vengeance seeking individuals who acted in the misguided belief that by assassinating this president they were furthering the national interest Notwithstanding his immense popularity with the American people President Kennedy was perceived by his killers to be a clear and present danger to the country and to its interests at home and abroad for several reasons for his stand on civil rights and racial equality for his attempt to closely regulate the oil and gas industry for his desire to normalize relations with Cuba for his desire to ease tensions between the superpowers through a reduction in armaments for his crackdown on organized crime for his stated intention to withdraw U S forces from Vietnam Removing him from office by political murder therefore excused his killers in their own eyes from any wrongdoing for by killing this President they were convinced that they were acting in the national interest against the seemingly dangerous policies of a chief executive who if allowed to finish his presidency would lead the nation to ruin A wise mind will never censure anyone for having employed any extraordinary means for preserving a kingdom Believing like Machiavelli that they were acting to preserve and maint **The Road to Dallas** David Kaiser, 2009-11-30 The assassination of President Kennedy was an appalling and grisly conspiracy Kaiser shows that the events of November 22 1963 cannot be understood without fully grasping the two larger stories of which they were a part the U S government s campaign against organized crime and the furtive quest of two administrations to eliminate Castro
