Red Guard The Political Biography Of Dai:

Red Guard Gordon A. Bennett, Ronald N. Montaperto, 1971 Political biography of Dai Hsiao ai *Red Guard* Gordon A. Bennett, Ronald N. Montaperto, 1980 *The Cambridge History of China: Volume 15, The People's Republic, Part 2, Revolutions Within the Chinese Revolution, 1966-1982* Roderick MacFarquhar, John K. Fairbank, Denis Crispin Twitchett, 1991-11-29 In continuing the post revolution study started in Volume 14 Volume 15 considers the developments in Mao's thoughts and how they related to China's government The most comprehensive account of this turbulent period in Chinese history **History and Will** Frederic Wakeman Jr., 2023-04-28 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1973 History and Will Frederic E. Wakeman, 1973 Monograph on the philosophy and ideology of Mao Tse Tung on communism in China contrasting contemporary Maoism both with classical Chinese historical thinking and with the western sources of Marxism includes references *Party and Professionals* Gordon White, 2017-07-05 Originally published in 1981 this study fits into a wider context of works analysing the impact of the social revolution on the structure of Chinese society since 1949 Party and Professionals focuses on the teaching profession in relation to social ranking As a part of the intelligentsia the socialist government has an ambiguous relationship with teachers of all levels and this work aims to highlight the government's political interactions with teaching professionals This title will be of interest to students of Asian studies Politics International Relations and History Morning Sun Laifong Leung, Jan Walls, 2016-09-16 This is a collection of interviews with 26 writers of China's zhiqing generation relatively young artists who participated in the Cultural Revolution as teen age Red Guards suffered through the subsequent rustication of intellectual youth and eventually returned to relatively normal lives but always with a tragic hiatus haunting their formative years While one goal of Professor Leung is to introduce to the West an important group of writers little known outside China she also aims to succeed through the interviews in providing a special perspective on the devastating political history of China since the 1970s years through the eyes of its keenest observers and in offering a perspective on the social political and cultural milieu of the period **Mao** Philip Short, 2016-12-18 One of the great figures of the twentieth century Chairman Mao looms irrepressibly over the economic rise of China Mao Zedong was the leader of a revolution a communist who lifted hundreds of millions out of poverty an aggressive and distrustful leader and a man responsible for more civilian deaths than perhaps any other historical figure Now four decades after Mao's death acclaimed biographer Philip Short presents a fully updated and revised edition of his ground breaking and masterly biography Vivid uncompromising and unflinching Short presents in one volume the man behind the propaganda his family his beliefs and his horrors In doing so he shows us both the human being Mao was and the monster he became *Mao's People*

B. Michael Frolic, 1980 The sixteen stories collected in this book give firsthand accounts of daily life in contemporary China From 250 interviews conducted in Hong Kong between 1972 and 1976 Frolic has created charming vignettes that show how individuals from all parts of China led their lives in the midst of rapid social change and political unrest **Problems of Communism**, 1988 **Unending Capitalism** Karl Gerth, 2020-05-14 In this provocative account Karl Gerth argues that consumerism rather than communism explains the history of China since 1949 **Mao's Last Revolution** Roderick MACFARQUHAR, Michael Schoenhals, 2009-06-30 The Cultural Revolution was a watershed event in the history of the People's Republic of China the defining decade of half a century of communist rule Before 1966 China was a typical communist state with a command economy and a powerful party able to keep the population under control But during the Cultural Revolution in a move unprecedented in any communist country Mao unleashed the Red Guards against the party Tens of thousands of officials were humiliated tortured and even killed Order had to be restored by the military whose methods were often equally brutal In a masterly book Roderick MacFarquhar and Michael Schoenhals explain why Mao launched the Cultural Revolution and show his Machiavellian role in masterminding it which Chinese publications conceal In often horrifying detail they document the Hobbesian state that ensued The movement veered out of control and terror paralyzed the country Power struggles raged among Lin Biao Zhou Enlai Deng Xiaoping and Jiang Qing Mao's wife and leader of the Gang of Four while Mao often played one against the other After Mao's death in reaction to the killing and the chaos Deng Xiaoping led China into a reform era in which capitalism flourishes and the party has lost its former authority In its invaluable critical analysis of Chairman Mao and its brilliant portrait of a culture in turmoil Mao's Last Revolution offers the most authoritative and compelling account to date of this seminal event in the history of China *Contemporary China in the Post-Cold War Era* Bih-jaw Lin, James T. Myers, 1996 Consists of 17 papers delivered at the 23rd Sino American Conference on Contemporary China held in Taipei in June 1994 Contributors from the fields of economics political science international relations sociology and Asian studies analyze recent changes in politics economics foreign relation **The Greenwood Encyclopedia of Asian American Literature** Guiyou Huang, 2008-12-30 Asian American literature dates back to the close of the 19th century and during the years following World War II it significantly expanded in volume and diversity Monumental in scope this encyclopedia surveys Asian American literature from its origins through 2007 Included are more than 270 alphabetically arranged entries on writers major works significant historical events and important terms and concepts Thus the encyclopedia gives special attention to the historical social cultural and legal contexts surrounding Asian American literature and central to the Asian American experience Each entry is written by an expert contributor and cites works for further reading and the encyclopedia closes with a selected general bibliography of essential print and electronic resources While literature students will value this encyclopedia as a guide to writings by Asian Americans the encyclopedia also supports the social studies curriculum by helping students use literature to learn about Asian American history and culture as it pertains

to writers from a host of Asian ethnic and cultural backgrounds including Afghans Chinese Japanese Koreans Filipinos Iranians Indians Vietnamese Hawaiians and other Asian Pacific Islanders The encyclopedia supports the literature curriculum by helping students learn more about Asian American literature In addition it supports the social studies curriculum by helping students learn about the Asian American historical and cultural experience

China's Continuous Revolution Lowell Dittmer, 2024-03-29 China's Continuous Revolution The Post Liberation Epoch 1949-1981 explores the ambitious and transformative era of China's political landscape after the founding of the People's Republic in 1949 This meticulously researched volume delves into the ideology of continuous revolution under the dictatorship of the proletariat and its profound impact on Chinese politics Drawing from extensive interviews and historical analysis the book examines key elements such as charismatic leadership mass mobilization and the complex restructuring of authority highlighting the successes failures and eventual exhaustion of revolutionary zeal It provides a nuanced perspective on China's socio-political evolution during a pivotal era of change grappling with questions about legitimacy power dynamics and the role of ideology in shaping policy and governance Dittmer's work also contrasts China's revolutionary trajectory with global ideological movements presenting a critical examination of the enduring tensions between utopian aspirations and practical governance By analyzing the Cultural Revolution agricultural collectivization and the broader socio-political reforms of the era the book offers a compelling narrative of a nation's struggle to reconcile revolutionary ideals with the realities of modern state building Scholars students and readers interested in China's contemporary history and political development will find this an invaluable resource for understanding the complexities of revolution and reform in a rapidly transforming society This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1987

History, Empathy and Conflict Philip Towle, 2018-05-15 This book argues that popular culture has been transformed in a silent revolution from emphasising history's heroes to its victims While city squares and stations were named in the nineteenth century after military victories now the equivalent airports are named after the victims of violence Where war reports used to focus on the leadership of the generals and the bravery of the troops now they are mostly about casualties refugees and destruction History Empathy and Conflict examines the diplomatic consequences of such a revolution in sensibility Many governments have responded by apologising for their country's historic actions History teaching in schools has sometimes been revised to reflect the new emphasis and to build confidence between nations and respect for domestic minorities Not least of the reasons for these changes is the difficulty or impossibility of making restitution for past wrongs But history can also be used by the media and governments to justify intervention to protect victims of civil wars only to come to be seen as victimisers themselves The past is always difficult to interpret but is the basis

of all our decisions and all institutions try to twist it to their own convenience Sympathy with history's victims is a great moral advance but it can be used by dissatisfied nations to justify their revisionist policies and with the election of President Trump in 2016 all the Great Powers claim to be history's victims *Conditional Democracy* Émilie Frenkiel, 2015-03-01 Little is known about the political views of non dissident Chinese intellectuals For this book milie Frenkiel has been granted unprecedented access to the discussions of politically committed Chinese who have been part of the intellectual debate on post Tiananmen reform Her in depth research elicits lively views that reflect the yearnings and fears of the country's political elite and reveal the diversity of approaches to China's democratisation China During the Cultural Revolution, 1966-1976 Tony H. Chang, 1999-01-30 One of the most tumultuous periods in modern Chinese history the Cultural Revolution affected virtually all Chinese people and all aspects of Chinese life including art music and drama education factory management economic planning and medical care Studies of the Cultural Revolution in both Chinese and Western languages have burgeoned over the past three decades This comprehensive easy to use bibliography provides a guide to published English language sources on the Cultural Revolution With over a thousand entries it includes books monographs dissertations and audio visual materials on a broad range of topics from the military education religion and economics to foreign relations population art literature and drama Including titles published through the end of 1997 and a few in 1998 the book provides a general overview of the literature on the Chinese Cultural Revolution and its impact on China Its scope and coverage make it a useful resource for any library whose readers have an interest in modern Chinese history Micropolitics in Contemporary China Marc J. Blecher, Gordon White, 2017-09-29 This title was first published in 1980 One of the most prevalent and significant issues facing socialist countries is the role of intellectuals In the poorer countries like China this has presented itself with particular acuity in the relationship of scientists and technicians to the process of socialist economic modernization Since the Cultural Revolution has come to a close its impact on China's intellectual life especially on scientists technicians and the development of scientific and technical work has been the subject of lively inquiry in China In turn this inquiry has provided a major focus for reevaluating the Cultural Revolution as a political movement and as a way of dealing with the inequalities and bureaucratic inefficiencies that have arisen and will continue to arise in the centrally planned Chinese economy during a period when rapid economic growth and modernization have been given the highest priority This monograph intends to address some of these issues by presenting a detailed case study of a Chinese technical unit over the period from 1966 to 1974 **Marx and Education in Russia and China (RLE Edu L)** R Price, 2012-05-04 To many education students Russian and or Chinese education is at the same time their introduction to Marxism and many students go no further This book sets the record straight by giving a thorough introduction to the writings of Marx himself as they relate to education It shows what Marxism implies for education as aim method and content It then proceeds to compare educational developments in the former USSR and China in the light of this analysis attempting to answer the question as to

how Marxist this has been in the schools and outside them
