RED HORSE ELÇİN ÜNEN,2025-03-10 RED HORSE As Red ran freely through the fields it was understood that there was a trusting friendship between Mary and the horse she was riding. The horse was going very fast. Mary was directing it in that way. No one could catch up with their speed. Mary was very good at riding horses, not only on flat roads but also on mountain and rocky areas because she had grown up with horses since she was born. Mary was the only child of the family. When she was a baby, her father Mr Luke always made her ride horses so that she got used to it. Mr Luke owned a horse farm just outside the city in an area with other farms. These farms were all based on animal husbandry. There was one chicken farm. One of them was a farm where large animals such as cows and cattle were raised. Her mother, her father, and Mary were a peaceful family who looked after horses on their horse farm. They had nearly 100 horses. Most of these horses were retired from racing and some were injured racehorses which would never race again. Mr Luke together with his assistant and horseman Uncle Wise would buy these horses from their owners at a reasonable price, provide them with the necessary care, and then retrain them to be used in daily tasks. *The Red Horse* James R. Benn,2020-09-01 England 1944 Recovering from physical and psychological wounds sustained in the liberation of Paris, US Army detective Billy Boyle and Lieutenant Kazimierz are sent to a convalescent hospital in the English countryside only to discover that St Albans may have its own war secrets including a killer. As historical detective series go, this one is extremely well tended by an author who clearly dotes on his hero. As do we. The New York Times Just days after the Liberation of Paris, US Army Detective Billy Boyle and Lieutenant Kazimierz are brought to Saint Albans Convalescent Hospital in the English countryside. Kaz has been diagnosed with a heart condition and Billy is dealing with emotional exhaustion and his recent methamphetamine abuse. Meanwhile, Billy's love, Diana Seaton, has been taken to Ravensbrück, the Nazi concentration camp for women, and Kaz's sister Angelika, who he recently learned was alive and working with the Polish Underground, has also been captured and transported to the same camp. This news is brought by British Major Cosgrove, who asks Billy for help unofficially in solving what he thinks was the murder of a British agent recuperating at Saint Albans. The convalescent hospital is really a secret installation for those in the world of clandestine warfare to recover from wounds, physical and emotional. Some are allowed to leave; others are deemed security risks and are detained there. When a second body is found, it is evident that a killer is at work in this high security enclave. Now Billy must carry out his covert investigation while maintaining his tenuous recovery, shielding his actions from suspicious hospital authorities and dodging the unknown murderer. **White Horse, Red Horse, Black Horse, Dead Horse** KISA Burnett,2014-11-24 When Elijah Blanco said his last words, he didn't realize he was about to be thrown into a competition to become one of the Four Horsemen of the Apocalypse. But now the game is on, and Elijah and thousands of other dead riders soon learn there's much more to dying than any preacher could have guessed. Heaven has released a herd of unearthly ponies into the world of the living and beyond, and it's up to the dead riders to capture them if they want to save

their souls from Hell As the game heats up Elijah and his horse Delilah find themselves joined by a futuristic woman with a computer powered horse an easy going English biker in black leather and a Roman soldier as bred for war as the horse he rides Together they uncover a Divine conspiracy that puts the riders immortal souls in greater danger than ever before And when the dead start dying Elijah begins to think the Apocalypse should be brought to Heaven instead *The keeper of Red Horse Pass* W.
