Red Moon Rising:

Red Moon Rising Matthew Brzezinski, 2024-09-04 A vivid behind the scenes history of the Cold War's space race between the Soviets and Americans following the launch of Sputnik. In his exuberant narrative of the superpower space race, Brzezinski tells the story of American and Soviet decisions with remarkable dramatic even cinematic flair. The New York Times Book Review. In *Red Moon Rising*, Matthew Brzezinski recounts the dramatic behind the scenes story of the fierce battles on earth that preceded and followed the launch of Sputnik on October 4, 1957. He takes us inside the Kremlin, the White House, secret military facilities, deep cover, safe houses, and the halls of Congress to bring to life the Russians and Americans who feared and distrusted their compatriots at least as much as their superpower rivals. Drawing on original interviews and new documentary sources, Brzezinski tells a story rich in the paranoia of the time and the combatants include three U.S. presidents, survivors of the gulag, corporate chieftains, ambitious apparatchiks, rehabilitated Nazis, and a general who won the day by refusing to follow orders. The true story of the birth of the space age has never been told in such vivid detail, and *Red Moon Rising* brings it memorably to life. A spectacular and accessible history of the space race, Brzezinski displays depth, insight, and showmanship. USA Today: Brzezinski is a wonderfully colorful writer combining a scientific plotline with the history and characters of a Cold War thriller. The Times (London): The writing is fast-paced and crisp, the stakes high, and the tension palpable from the first pages of this high-flying account of the early days of the space race between the U.S. and U.S.S.R. Publishers Weekly: starred review. Comparable to Paul Dickson's *Sputnik Shock of the Century*, Brzezinski's speedy narrative of the first satellite slings readers from launch pads to conference rooms. A kinetic rendition of Sputnik, this will score with spaceflight buffs. Booklist.

Red Moon Rising Pete Greig, Dave Roberts, 2003 In 1999, a single unsuspecting prayer room in England began to spontaneously multiply, touching 46 nations and millions of lives within a matter of months. Every minute since that moment has been filled with unbroken 24/7 prayer everywhere, from the U.S. Naval Academy and the slums of Delhi to a Swiss skate park and a German punk festival. This movement of prayer is generating miracles, new monasteries, and missions deep into the heart of the postmodern culture. *Red Moon Rising* will also look at the history of the church, showing that 24/7 prayer is not a new model of prayer but has been deployed by God down through generations.

Red Moon Rising Peter D. Goodgame, 2004-12-01 How does the apocalypse actually begin? What will cause the creator of the universe to intervene in the affairs of humankind, affecting mankind globally, decisively, and unmistakably? For the secular world today, the possibility of divine intervention is either ignored or mocked, yet the book of Revelation predicts that a global cataclysm will occur. *Red Moon Rising* offers a challenge both to prophecy skeptics outside the church and to prophecy scholars within the church, with its systematic and sensible chronological model of prophetic events from the birth pangs of the apocalypse to the brief triumph of the antichrist to the final destruction of the beast's kingdom and the second coming of Jesus Christ.
