Managing In Emerging Market Economies Cases From The Czech And Slovak Republics:

Managing In Emerging Market Economies Daniel S Fogel, 2019-03-08 Since 1989 east central Europe has plunged headlong into reform efforts and firms large and small have been forced almost overnight to adapt to the demands of a market economy This book of case studies on business development in the Czech and Slovak Republics illustrates how various industries and specific companies are responding to the challenge

Managing in Emerging Market Economies Daniel S. Fogel, 1994 *The Czech And Slovak Republics* Carol Leff, 2018-02-15 This clear objective introduction to the politics of Czechoslovakia and the successor Czech and Slovak Republics provides a comprehensive analysis of Czechoslovakia in the postcommunist period Carol Leff builds a framework for understanding the dynamics of the triple transition democratization marketization and a national transformation that has reconfigured the dynamic between state and nation She shows how the interaction of these three transformational agendas has shaped Czechoslovakia's development ultimately culminating in the paradoxical disintegration of a state that most of its citizens wished to preserve The book offers a valuable case study of a country coming back to Europe but it also provides an opportunity for analyzing the influence of communism on what had been a significant interwar European state The book's strong comparative element will make it invaluable as well for those seeking to understand contemporary Central and Eastern Europe

Handbook of Human Resource Management in Emerging Markets Frank Horwitz, Pawan Budhwar, 2015-02-27 The economic growth of emerging markets has been unparalleled in recent history accounting for 50 per cent of global economic output Despite this reality this much needed Handbook is the first contemporary book on human resource management HRM res

Privatizing Poland Elizabeth Cullen Dunn, 2015-09-25 The transition from socialism in Eastern Europe is not an isolated event but part of a larger shift in world capitalism the transition from Fordism to flexible or neoliberal capitalism Using a blend of ethnography and economic geography Elizabeth C Dunn shows how management technologies like niche marketing accounting audit and standardization make up flexible capitalism's unique form of labor discipline This new form of management constitutes some workers as self auditing self regulating actors who are disembedded from a social context while defining others as too entwined in social relations and unable to self manage Privatizing Poland examines the effects privatization has on workers self concepts how changes in personhood relate to economic and political transitions and how globalization and foreign capital investment affect Eastern Europe's integration into the world economy Dunn investigates these topics through a study of workers and changing management techniques at the Alima Gerber factory in Rzesz w Poland formerly a state owned enterprise which was privatized by the Gerber Products Company of Fremont Michigan Alima Gerber instituted rigid quality control job evaluation and training methods and developed sophisticated distribution techniques The core principle underlying these goals and strategies the author finds is the belief that in order to produce goods for a capitalist market workers for a capitalist enterprise must also be produced Working side by side with Alima Gerber

employees Dunn saw firsthand how the new techniques attempted to change not only the organization of production but also the workers identities Her seamless engaging narrative shows how the employees resisted redefined and negotiated work processes for themselves **Corporate Governance in a Changing Economic and Political Environment** M.

Federowicz,R. Aguilera,2003-12-19 This collection provides exceptional descriptive and analytical insights into changes in corporate governance settings in ten Eastern and Western European countries It demonstrates that there exist different varieties of capitalisms and paths to transformation of economic institutions In addition it offers detailed discussions about national cases as well as the overall European Union effects This book should be of great interest to scholars and students of comparative national systems corporate governance and European studies **Slovakia Since Independence** Minton F.

Goldman,1999-01-30 Since becoming an independent country after its split from Czechoslovakia in January 1993 Slovakia s development from communism to political and economic democracy underway when it was part of post Communist Czechoslovakia has been difficult and halting Goldman starts with an analysis of the influence of a strong ethnic based nationalism on Slovak relations with Czechs from 1918 through the Second World War and the years of Communist rule through to the breakaway from Czechoslovakia and the creation of an independent state Goldman then examines the political economic socio cultural problems and international difficulties the new Slovak state experienced as it tried to develop a democratic political system move toward a free market economy achieve societal unity and cohesion and protect its interests abroad In showing how a strong Slovak nationalism rooted in recent history has had an impact on policymaking in almost every sphere of national life Goldman examines the roots and causes of Prime Minister Meciar s authoritarian leadership the halting and uncertain transformation of the Slovak economy to a free market the difficulties of governing the country s minorities and the development of new relationships with areas of strategic as well as economic importance to Slovakia s well being as an independent state This comprehensive and up to date analysis will be of great importance to scholars students and other researchers involved with Eastern European Studies **Reconstructing the Regional Economy** Adrian

Smith,1998-06-25 The book focuses on regional and economic change in Eastern and Central Europe using Slovakia as a case study It explains the relationship between industrial change and regional development and discusses fragmentation within

the context of the legacy of the state socialist industrialization model The Privatization Challenge Pierre Guislain,1997

analisa os aspectos legais e institucionais e apresenta uma lista com a legisla o sobre privatiza o em 112 paises

Parameters ,1994
