Managing Occupational Health And Safety A Multidisciplinary Approach:

Managing Occupational Health and Safety Philip Bohle, Michael Quinlan, 2000 First published in 1999 this second edition has been revised and updated taking into account new information research and policy debates The amount of international information has been increased and a chapter on New Zealand has been added Takes a holistic and multidisciplinary approach to managing occupational health and safety Includes references a bibliography and an index Bohle is professor in the School of Industrial Relations and Organisational Behaviour and Quinlan is professor of industrial relations at the University of NSW Both authors have published widely on occupational health and safety

Managing Occupational Health and Safety in Australia Michael Quinlan, Philip Bohle, 1991 Providing an integrated analysis of the occupational health and safety problem this book aims to bring the various social science medical ergonomic and other perspectives to bear on occupational health by going beyond the current technical and legalistic approaches to the subject and highlighting the immensity of management and workers behaviour By addressing this gap the authors hope to provide students with a better understanding of how and why occupational health and safety problems arise how governments employers unions workers themselves and other interested parties have attempted to deal with them and how more effective occupational health and safety programmes can be developed This book is aimed at occupational health and safety students

The Regulation and Management of Workplace Health and Safety Peter Sheldon, Sarah Gregson, Russell Lansbury, Karin Sanders, 2020-07-12 The book provides a collection of cutting edge multi disciplinary research based chapters on work workers and the regulation and management of workplace health and safety Featuring research from Australia Europe and North America the chapters traverse important historical examples and place important emerging contemporary trends like work in the gig economy into wider international and historical perspectives The authors are leading authorities in their fields The book contributes to advancing our knowledge empirical and theoretical of the ways in which labour market dynamics management strategies state regulation and public policy and union organisation affect outcomes for workers It features in depth exploration of and reflection on some of the major labour market challenges facing workers and analysis of strengths and weaknesses of responses to those challenges whether via management state regulation or collective employee voice The chapters highlight shifts in in equality of outcomes access to security and flexibility at work genuine access to workplace voice and decision making and the implications of different avenues and mechanisms for regulating work and employment The text is aimed at researchers undergraduate and postgraduate students in work and organisational studies industrial employment relations and human resource management workplace or occupational health and safety employment law and labour history It will also be of particular interest to policy makers and practitioners working in the field of workplace health and safety

Occupational Health and Safety in Construction Project Management Helen Lingard, Steve Rowlinson, 2004-06 This book addresses an increasingly important area in the construction industry Case

studies are used extensively to illustrate important points and refer to current successful safety management techniques

Occupational Health and Safety Manikam Pillay, Michael Tuck, 2018-07-18 Occupational health and safety OHS is an important focus of governments and organizations throughout the world because there are over 2 78 million fatal and 374 million nonfatal work related injuries and illnesses experienced by employees every year Addressing these requires paying attention to the physical organizational cultural and social contexts amidst which work is undertaken A multidisciplinary approach is also necessary in finding effective solutions Interestingly countries and regions address different aspects of OHS depending on what OHS hazards and risks are important to them This book based on research from Australia Belgium Ghana Malaysia Turkey and Slovakia examines how a range of OHS hazards are addressed in these contexts We believe that this is an important first step in addressing an age old OHS problem through a multiregional collaboration The SAGE Handbook of Human Resource Management Adrian Wilkinson, Nicolas Bacon, Scott Snell, David Lepak, 2019-04-08 The new edition of this SAGE Handbook builds on the success of the first by providing a fully updated and expanded overview of the field of human resource management Bringing together contributions from leading international scholars and with brand new chapters on key emerging topics such as talent management engagement e HRM and big data the Handbook focuses on familiarising the reader with the fundamentals of applied human resource management while contextualizing practice within wider theoretical considerations Internationally minded chapters combine a critical overview with discussion of key debates and research as well as comprehensively dealing with important emerging interests The second edition of this Handbook remains an indispensable resource for advanced students and researchers in the field PART 01 Context of Human Resource Management PART 02 Fundamentals of Human Resource Management PART 03 Contemporary Issues Occupational Toxicology Neill H. Stacey, Chris Winder, 2004-02-11 Hazardous agents are an ongoing concern in the modern workplace with many examples of workers being severely affected by chemicals as a result of both acute and chronic exposure Occupational Toxicology 2nd Edition introduces the basics of toxicology that underpin the application of toxicological information to the workplace environment **Collaboration and Integration in Construction, Engineering, Management and Technology** Syed M. Ahmed, Paul Hampton, Salman Azhar, Amelia D. Saul, 2020-12-21 This book gathers papers presented at the 11th International Conference on Construction in the 21st Century held in London in 2019 Bringing together a diverse group of government agencies academics professionals and students the book addresses issues related to construction safety innovative technologies lean and sustainable construction international construction improving quality and productivity and innovative materials in the construction industry In addition it highlights international collaborations between various disciplines in the areas of construction engineering management and technology The book demonstrates that as the industry moves forward in an ever complex global economy multi national collaboration is crucial and its future growth will undoubtedly depend on international teamwork and alliances **The Dynamics of Corporate Social Responsibilities**

Radu Mareş,2008 This book proposes that the responsible business practices of leading companies are significant not only as isolated instances of self regulation but that they also contribute to a broader rule making process which has been underway in the last decade and is aimed at making business more responsive to human rights and environmental concerns The flexibility of existing laws as well as the emergence of new regulations relevant to corporate social responsibility CSR are highlighted As CSR increasingly interacts with public policy some insufficiently understood effects of CSR appear that can help us advance toward more systemic solutions in the business and human rights area This study identifies variables that states can stimulate through a wide range of interventions ranging from capacity building measures to policy to hard law so that responsible practices get diffused more broadly and deeply in the business community The intended audiences are legal experts with an interest in enhancing the protection of human rights in developing countries and CSR theorists and practitioners mindful of the broader social dynamics that surround the implementation of CSR commitments **WHS**

Richard Archer,Kerry Borthwick,Michelle Travers,Leo Ruschena,2017-07-21 The 5th edition of this market leading text continues to take a humanist approach work should satisfy human needs equally with organisational goals and goes beyond the risk management model of physical safety to take into account the larger perspective of human health needs including psychological and social needs Our author team which includes industry experts academics and trainers provides insight into the most recent legislation Covers core and elective units of competency from the current qualifications BSB41412 Certificate IV in Work Health and Safety and BSB51312 Diploma of Work Health and Safety
