THE EXECUTION OF MAXIMILIAN.* Juliet Wilson-Bareau, 1992 **Perspectives on Manet** Therese Dolan, 2017-07-05 Bringing forth fresh perspectives on Manet's art by established scholars this volume places this compelling and elusive artist's painted work within a broader cultural context and links his artistic preoccupations with literary and musical currents Rather than seeking consensus on his art through one methodology or focusing on one crucial work or period this collection investigates the range of Manet's art in the context of his time and considers how his vision has shaped subsequent interpretations Specific essays explore the relationship between Manet and Whistler Emile Zola's attitude toward the artist Manet's engagement with moral and ethical questions in his paintings and the heritage of Charles Baudelaire and Clement Greenberg in critical responses to Manet Through these and other analyses this volume illuminates the scope of Manet's career and indicates the crucial position the artist held in generating a modernist avant garde aesthetic *Manet*, 1992 **Manet's Silence and the Poetics of Bouquets** James Henry Rubin, Édouard Manet, 1994 Rubin also examines Manet's relationship to three of the leading critics of his day Baudelaire Zola and Mallarmé giving special attention to Mallarmé's appreciation and eventual use in his own poetry of the paradox between immersion and externality in Manet's oeuvre Finally the book uses the image of the bouquet to exemplify Manet's creative poetics through an exploration of his still life Manet Manette Carol M. Armstrong, Édouard Manet, 2002-01-01 Manet a founding father of modernism is one of the towering figures of 19th century art In this volume Carol Armstrong looks closely at Manet's works to uncover a view not only of the artist but also of modernity itself As she places his art within frameworks of colour the feminine Other the Manette in Manet and consumerism Armstrong seeks to expand and revise our understanding of this artist as a painter of modern life **Impressionists and Politics** Philip Nord, 2014-04-04 Impressionists and Politics is an accessible introduction to the current debates about Impressionism Was the artistic movement really radical and innovative Is the term Impressionism itself an adequate characterization of the movement of painters and critics that took the mid nineteenth century Paris art world by storm By providing an historical background and context the book places the Impressionists roots in wider social and economic transformations and explains its militancy both aesthetic and political Impressionists and Politics is a concise history of the movement from its youthful inception in the 1860s through to its final years of recognition and then crisis **Twelve Views of Manet's Bar** Bradford Collins, 2021-01-12 Bradford Collins has assembled here a collection of twelve essays that demonstrates through the interpretation of a single work of art the abundance and complexity of methodological approaches now available to art

historians Focusing on Manet's *A Bar at the Folies Bergère* each contributor applies to it a different methodology ranging from the more traditional to the newer including feminism Marxism Lacanian psychoanalysis and semiotics By demonstrating the ways that individual practitioners actually apply the various methodological insights that inform their research *Twelve Views of Manet's Bar* serves as an excellent introduction to critical methodology as well as a provocative overview for those already familiar with the current discourse of art history In the process of gaining new insight into Manet's work and into the discourse of methodology one discovers that it is not only the individual painting but art history itself that is under investigation An introduction by Richard Shiff sets the background with a brief history of Manet scholarship and suggestions as to why today's accounts have taken certain distinct directions The contributors selected to provide a broad and balanced range of methodological approaches include Carol Armstrong Albert Boime David Carrier Kermit Champa Bradford R Collins Michael Paul Driskel Jack Flam Tag Gronberg James D Herbert John House Steven Z Levine and Griselda Pollock

France 1814 - 1914 Robert Tombs, 2014-09-25 Here is an incomparably rich portrait of France in the years when the disparate elements that made up the fragmented kingdom of the ancien regime were forged into the modern nation The survey begins with an exploration of national obsessions and attitudes It considers the tendency to revolution and war the preoccupation with the idea of a New Order and the deep strain of national paranoia that was to be intensified by the dramatic debacle of the Franco Prussian War Robert Tombs then investigates the structures of power and in Part Three he turns his attention to social identities from the individual and family to the nation at large When every aspect of the period has been put under the microscope Robert Tombs draws them all into the broad political narrative that brings the book to its rousing conclusion Bursting with life as well as learning this is quite simply a tour de force
