Mangled Medicine

Roger Kathol, Suzanne Gatteau

Mangled Medicine:

TROUBLED PATH TO BROKEN MEDICINE R. SABOL, 2014-04 There is another patient being extracted from the other vehicle They should be on their way in about thirty minutes the charge nurse answered I will be standing by for Dr Kirk Frei this would turn out to be the worst shift of his ER career so far He heard the radio and was thinking of what was happening with the first patient what he would have to do Suddenly the radio crackled again We have the second patient from the accident whose BP is 70 palpable He has got chest and abdominal injuries and we think a lung is down on the right an IV has been established his heart rate is 132 and he is having trouble breathing We will be there in five Roger said the charge nurse Holy Jesus thought Dr Frei the first patient isn't here yet a severe head injury that was called in earlier from an MVC and they said it would be thirty minutes before this one would arrive Now he would have to think and act fast the first patient would have to be intubated right away and based on the vital signs and report probably had a severe brain injury only and intubation would be all that he had to do for him the second patient would take more attention based on the vital signs and Dr Frei was thinking how he was going to handle both when they arrived

The New England Journal of Medicine, 1889 **Mayaguez and the Murder Ship: Two Tales of Maritime Heroism** Roy F. Sullivan, 2020-05-23 Mayaguez and the Murder Ship trace the marine exploits of First Mate later Captain Casey Flynn Aboard the container ship Mayaguez he was First Mate during the surprise capture of that vessel and crew by Cambodian communists in 1975 During the four days between their capture and release to the U S Navy Flynn acted as calm

intermediary with his crew's communist captors. The Americans were fearful of being summarily shot, ransomed or tried before a Cambodian court, then imprisoned. Once U.S. aircraft appeared overhead firing and bombing, their captors became hysterical and unpredictable, making Flynn's protection of his crew even more difficult. Promoted to captain for his performance on the Mayaguez, Flynn's trials had just begun. His first command, an old oil tanker, was beset with problems: a dispirited crew, several of whom mysteriously and regularly disappeared. The anxious, short-handed, double-dutied crew labeled their vessel the Murder Ship. To help him solve the mysterious disappearances or murders, an inexperienced Security Officer who happened to be the transport line owner's beautiful daughter was added to assist Flynn in this his new command. What could possibly go wrong on Casey's maiden voyage of the Murder Ship? **Medical Economics** Harrie Sheridan Baketel, 1976 **Western Medical Times** George Lee Servoss, 1918 Military Medicine, 1919
