The Business of Transnationalism

ROBERT R. ALVAREZ JR.

Mangos Chiles And Truckers

Rebecca Berke Galembo

Mangos Chiles And Truckers:

Mangos, Chiles, and Truckers, 2005

An Impossible Living in a Transborder World Carlos G.

Vélez-Ibáñez, 2010-12-15 They are known as cundinas or tandas in Mexico and for many people these local savings and loan operations play an indispensable role in the struggle to succeed in today's transborder economy. With this extensively researched book Carlos Vélez Ibáñez updates and expands upon his major 1983 study of rotating savings and credit associations ROSCAs incorporating new data that reflect the explosion of Mexican origin populations in the United States. Much more than a study of one economic phenomenon though the book examines the way in which these practices are part of greater transnational economies and how these populations engage in and suffer through the twenty-first century global economy. Central to the ROSCA is the cultural concept of mutual trust or *confianza*. This is the cultural glue that holds the reciprocal relationship together. As Vélez Ibáñez explains *confianza* shapes the expectations for relationships within broad networks of interpersonal links in which intimacies, favors, goods, services, emotion, power, or information are exchanged. In a border region where migration, class movement, economic changes, and institutional inaccessibility produce a great deal of uncertainty, Mexican origin populations rely on *confianza* and ROSCAs to maintain a sense of security in daily life. How do transborder people adapt these common practices to meet the demands of a global economy? That is precisely what Vélez Ibáñez investigates.

Contraband Corridor Rebecca Berke Galembo, 2017-12-26 The Mexico-Guatemala border has emerged as a geopolitical hotspot of illicit flows of both goods and people. *Contraband Corridor* seeks to understand the border from the perspective of its long-term inhabitants including petty smugglers of corn, clothing, and coffee. Challenging assumptions regarding security, trade, and illegality, Rebecca Berke Galembo details how these residents engage in and justify extralegal practices in the context of heightened border security, restricted economic opportunities, and exclusionary trade policies. Rather than assuming that extralegal activities necessarily threaten the state and formal economy, Galembo's ethnography illustrates the complex ways that the formal, informal, legal, and illegal economies intertwine. Smuggling basic commodities across the border provides a means for borderland peasants to make a living, while neoliberal economic policies decimate agricultural livelihoods. Yet smuggling also exacerbates prevailing inequalities, obstructs the possibility of more substantive political and economic change, and provides low-risk economic benefits to businesses, state agents, and other illicit actors, often at the expense of border residents. Galembo argues that securitized neoliberalism values certain economic activities and actors while excluding and criminalizing others, even when the informal and illicit economy is increasingly one of the poor's only remaining options. *Contraband Corridor* contends that security, neoliberalism, and illegality are interdependent in complex ways, yet how they unfold depends on negotiations between diverse border actors.

The U.S.-Mexico

Transborder Region Carlos G. Vélez-Ibáñez, Josiah Heyman, 2017-04-11 The U.S.-Mexico Transborder Region presents advanced anthropological theorizing of culture in an important regional setting. Not a static entity, the transborder region is

peopled by ever changing groups who face the challenges of social inequality political enforcement of privilege economic subordination of indigenous communities and organized resistance to domination The book influenced by the work of Eric Wolf and senior editor Carlos G V lez Ib ez centers on the greater Mexican North U S Southwest although the geographic range extends farther This tradition like other transborder approaches attends to complex and fluid cultural and linguistic processes going beyond the classical modern anthropological vision of one people one culture one language With respect to recent approaches however it is more deeply social focusing on vertical relations of power and horizontal bonds of mutuality V lez Ib ez and Heyman envision this region as involving diverse and unequal social groups in dynamic motion over thousands of years Thus the historical interaction of the U S Mexico border however massively unequal and powerful is only the most recent manifestation of this longer history and common ecology Contributors emphasize the dynamic transborder quality conflicts resistance slanting displacements and persistence in order to combine a critical perspective on unequal power relations with a questioning perspective on claims to bounded simplicity and perfection The book is notable for its high degree of connection across the various chapters strengthened by internal syntheses from notable border scholars including Robert R Alvarez and Alejandro Lugo In the final section Judith Freidenberg draws general lessons from particular case studies summarizing that access to valued scarce resources prompts the erection of human differences that get solidified into borders dividing and limiting engendering vulnerabilities and marginalizing some people At a time when understanding the U S Mexico border is more important than ever this volume offers a critical anthropological and historical approach to working in transborder regions Contributors Amado Alarc n Robert R lvarez Miguel D az Barriga Margaret E Dorsey Judith Freidenberg Ruth Gomberg Mu oz James Greenberg Josiah Heyman Jane H Hill Sarah Horton Alejandro Lugo Lumini a Anda Mandache Corina Marrufo Guillermina Gina N ez Mchiri Anna Ochoa O Leary Luis F B Plascencia Lucero Radonic Diana Riviera Thomas E Sheridan Kathleen Staudt Carlos G V lez Ib ez

A Companion to Border Studies Thomas M. Wilson,Hastings Donnan,2016-01-19 A Companion to Border Studies Taking into consideration all aspects this book has a very important role in the professional literature of border studies Cross Border Review Yearbook of the European Institute Summing Up Highly recommended Upper division undergraduates and above Choice This book with its interdisciplinary team of authors from many world regions shows the state of the art in this research field admirably Ulf Hannerz Stockholm University This volume will be the definitive work on borders and border related processes for years into the future The editors have done an outstanding job of identifying key themes and of assembling influential scholars to address these themes David Nugent Emory University This urgently needed Companion edited by two leading figures of border studies reflects past insights and showcases new directions a must read for understanding territory power and the state Dr Nick Vaughan Williams University of Warwick This impressive collection will have a broad appeal beyond specialist border studies Anyone with an interest in the nation state nationalism ethnicity political geography or indeed the whole historical project of

the modern world system will want to have access to a copy The substantive scope is global and the intellectual reach deep and wide Simply indispensable Richard Jenkins University of Sheffield Dramatic growth in the number of international borders has coincided in recent years with greater mobility than ever before of goods people and ideas As a result interest in borders as a focus of academic study has developed into a dynamic multi disciplinary field embracing perspectives from anthropology development studies geography history political science and sociology Authors provide a comprehensive examination of key characteristics of borders and frontiers including cross border cooperation security and controls migration and population displacements hybridity and transnationalism A Companion to Border Studies brings together these disciplines and viewpoints through the writing of an international collection of preeminent border scholars Drawing on research from Africa Asia the Middle East Europe and the Americas the contributors argue that the future of Border Studies lies within such diverse collaborations which approach comparatively the features of borders worldwide *Musical*

ImagiNation Maria Elena Cepeda, 2010 Long associated with the pejorative clichés of the drug trafficking trade and political violence contemporary Colombia has been unfairly stigmatized This study of the Miami music industry and Miami's growing Colombian community asserts that popular music provides an alternative common space for imagining and enacting Colombian identity

Keywords for American Cultural Studies, Third Edition Bruce Burgett, Glenn Hendler, 2020-11-24 Introduces key terms research traditions debates and histories for American Studies and Cultural Studies in an updated edition Since its initial publication scholars and students alike have turned to *Keywords for American Cultural Studies* as an invaluable resource for understanding key terms and debates in the fields of American studies and cultural studies As scholarship has continued to evolve this revised and expanded third edition offers indispensable meditations on new and developing concepts used in American studies cultural studies and beyond Designed as a uniquely print digital hybrid publication this *Keywords* volume collects 114 essays each focused on a single term such as America culture diversity or religion More than forty of the essays have been significantly revised for this new edition and there are nineteen completely new keywords including crucial additions such as biopolitics data debt and intersectionality Throughout the volume interdisciplinary scholars explore these terms and others as nodal points in many of today's most dynamic and vexed discussions of political and social life both inside and outside of the academy The *Keywords* website features forty eight essays not in the print volume it also provides pedagogical tools for instructors using print and online keywords in their courses The publication brings together essays by interdisciplinary scholars working in literary studies and political economy cultural anthropology and ethnic studies African American history and performance studies gender studies and political theory Some entries are explicitly argumentative others are more descriptive All are clear challenging and critically engaged As a whole *Keywords for American Cultural Studies* provides an accessible A to Z survey of prevailing academic buzzwords and a flexible tool for carving out new areas of inquiry **Corn Meets Maize** Lauren Baker, 2013 This compelling book

explores the intimate connections between people and plants agriculture and cooking and the practical work of building local food networks and transnational social movements Lauren E Baker uses corn and maize to consider central debates about food security and food sovereignty biodiversity and biotechnology culture and nature as well as globalization and local responses in Mexico and beyond For the author corn symbolizes the commoditization of agriculture and the cultural spiritual ecological and economic separation of people from growing cooking and sharing food Conversely maize represents emerging food movements that address contemporary health environmental and economic imperatives while rooted in agricultural and culinary traditions The meeting of corn and maize reveals the challenge of and possibilities for reclaiming food from its commodity status in the global context of financial turmoil food crises and climate change **Los Yarderos** Sergio

Lemus, 2025-05-20 Migrants from the Mexican states of Zacatecas Guanajuato Jalisco and Michoacán have become an important presence in Chicago and the Midwest Many hold jobs as yarderos gardening caring for lawns and doing other landscaping work Sergio Lemus explores the lives of these migrants and looks at the struggles they face as they work to make the city their home Drawing on fieldwork in South Chicago Lemus tells the stories of first and second generation yarderos and discusses the historical economic cultural and political ramifications they face as they acquire their working class identity Lemus's compassionate portrait places them within America's ongoing tradition as a nation of immigrants while analyzing their place within today's transborder cultural moment Perceptive and humane *Los Yarderos* reveals how a group of Mexican immigrants navigates the crossings of the borders that divide class color hierarchies gender and belonging

Girlhood in the Borderlands Lilia Soto, 2018-07-31 How gender and generation shape perceptions of place and time as told through the voices of Mexican teenage girls This book examines the lived experiences of Mexican teenage girls raised in transnational families and the varied ways they make meaning of their lives Under the Bracero Program and similar recruitment programs Mexican men have for decades been recruited for temporary work in the U S leaving their families for long periods of time to labor in the fields factories and service industry before returning home again While the conditions for these adults who cross the border for work has been extensively documented very little attention has been paid to the lives of those left behind Over a six year period Lilia Soto interviewed more than sixty teenage girls in Napa California and Zinapcuaro Michoacán to reveal the ruptures and continuities felt for the girls surrounded by the movement of families ideas and social practices across borders As they develop their subjective selves these Mexican teens find commonality in their fathers absence and the historical structural and economic conditions that led to their movement Tied to the ways U S immigration policies dictate the migrant experiences of fathers and the traditional structure of their families many girls develop a sense of time lag where they struggle to plan for a present or a future In *Girlhood in the Borderlands* Soto highlights the structure of feeling that girls from Zinapcuaro and Napa share offering insight into the affective consequences of growing up at these social and geographic intersections

Mangos Chiles And Truckers Book Review: Unveiling the Power of Words
