MANHATTAN LIGHTSCAPE

Manhattan Lightscape

Anders Steinvall, Sarah Street

Manhattan Lightscape:

Manhattan Lightscape Nathaniel Lieberman, 1990-10-25 This luminous photographic collection highlights New York City's most breathtaking views and grandest buildings Master architectural photographer Nathaniel Lieberman sees New York City in terms of light the light of dawn casting a honey colored glow over the East River the light of dusk soothing the stately structures on Central Park West artificial light setting midtown Manhattan ablaze at night the sharp light of day delineating the incomparable Manhattan skyline His vistas taken from high atop New York's skyscrapers and from its bridges and boroughs portray the world's most powerful city as we have only imagined it in our dreams For the first time fifty seven of these photographs representing a decade of Lieberman's work have been collected in this sumptuously produced volume They feature the city's most breathtaking views and grandest buildings The entire length of Central Park is captured in each of the seasons the Brooklyn Bridge is illuminated by a burst of fireworks during the celebration of its centenary the twin towers of the World Trade Center soar majestically above the deserted lanes of the old West Side Highway the glass and steel grid of the Jacob Javits Convention Center twinkles futuristically the dramatic Citicorp Building forms part of a strikingly geometric composition With an introduction by Mark Helprin author of *Winters Tale* a novel acclaimed for its magical evocation of New York City and quotes about New York by a host of residents and visitors past and present *Manhattan Lightscape* is certain to be irresistible to anyone who has ever romanced the stones of this remarkable city

Brilliant Modernism Nicoletta Asciuto, 2025-01-07 Illuminates how the power of light shaped early twentieth century art culture and poetry In *Brilliant Modernism* Nicoletta Asciuto takes readers on a journey through the electrified streets of the early twentieth century and explores the influence of this illumination on modernist poetry This ambitious and geographically wide ranging account of how poets responded to the changing cityscape is distinctive in its historicist approach and the enormous scope of the materials it examines from Mina Loy's lamps for the modern home to lunar photography As the glow of gas lamps gave way to the piercing beams of the new era poets navigated a world where light dictated social standing gender roles and the very rhythm of life *Brilliant Modernism* is a story of contrasts the starkness of electric light against the softness of the moon the traditional against the modern and the male dominated world against the rising tide of female empowerment Asciuto reworks our understanding of the modernist moment reimagining the influence of figures such as T S Eliot Lola Ridge Gwendolyn B Bennett and Rosa Ros Set against the backdrop of a world on the brink of massive changes this book shines a light on forgotten women poets and artists whose contributions to the modernist movement have long been overshadowed by their male counterparts Through a narrative that is as much about the aesthetics of light as it is about the poets themselves Asciuto illuminates the vibrant and often volatile intersection of technology and culture **Frommer's**

Walking Tours New York George McDonald, Rena Bulkin, 1993 Suggests thirteen walking tours through various sections of New York City describes points of interest along each route and lists recommended refreshment stops [A Cultural History](#)

of Color in the Modern Age Anders Steinvall, Sarah Street, 2022-08-31 A Cultural History of Color in the Modern Age covers the period 1920 to the present a time of extraordinary developments in colour science philosophy art design and technologies The expansion of products produced with synthetic dyes was accelerated by mass consumerism as artists designers architects writers theater and filmmakers made us a color conscious society This influenced what we wore how we chose to furnish and decorate our homes and how we responded to the vibrancy and chromatic eclecticism of contemporary visual cultures The volume brings together research on how philosophers scientists linguists and artists debated color s polyvalence its meaning to different cultures and how it could be measured manufactured manipulated and enjoyed Color shapes an individual s experience of the world and also how society gives particular spaces objects and moments meaning The 6 volume set of the Cultural History of Color examines how color has been created traded used and interpreted over the last 5000 years The themes covered in each volume are color philosophy and science color technology and trade power and identity religion and ritual body and clothing language and psychology literature and the performing arts art architecture and interiors and artefacts Anders Steinvall is Senior Lecturer in English Linguistics at Ume University Sweden Sarah Street is Professor of Film at the University of Bristol UK Volume 6 in the Cultural History of Color set General Editors Carole P Biggam and Kirsten Wolf

Manhattan's Public Spaces Ana Morcillo Pallarés, 2021-11-29 Manhattan s Public Spaces Production Revitalization Commodification analyzes a series of architectural works and their contribution to New York s public space over the past few decades By exploring a mix of urban mechanisms supportive frameworks legal systems and planning guidelines for the transformation of the city s collective realm the text frames Manhattan as a controversial landscape of interests and concerns to authorities communities and very importantly developers The production revitalization and commodification of Manhattan s public spaces as a phenomenon and as a subject of study also highlights the vicissitudes of the reconciliation of the many different agents which are part of the process The challenge of the book does not only lie in the analysis of good design but more importantly in how to understand the functional mechanisms for the current trends in the production of space for public use A complex framework of actors governance and market monopolies which invites the reader to participate in the debate of how these interventions contribute or not to an inclusive environment anchored in the existing built fabric Manhattan s Public Spaces invites reflection on the revitalization of the city s shared space from all dimensions Beautifully illustrated in black and white with over 50 images this book will be of interest to scholars and students in architecture planning and urban design
