A Man's Dilemma Stuart Rodney Wolk, 2002-10 A Man's Dilemma is a concise reporting of the options available to the victim of Prostate Cancer Drawing on his own research and experiences as a Prostate Cancer survivor Dr Wolk guides the reader through the diagnosis and treatment options available and the pros and cons to each Written in an engaging style this is a book all men should read

The Poems of Hesiod Hesiod, 1983 Hesiod is the first Greek and therefore the first European we can know as a real person for unlike Homer he tells us about himself in his poems Hesiod seems to have been a successful farmer and a rather gloomy though not humorless man One suspects from his concern for the bachelor's lot and some rather unflattering remarks about women that he was never married A close study of both poems reveals the same personality that of a deeply religious man concerned with the problems of justice and fate

The God Who Is There Francis A. Schaeffer, 2020-02-18 For over fifty years The God Who Is There has been a landmark work that has changed the way the church sees the world Arguing that Christians must constantly engage the questions being asked by their own and the next generation Francis Schaeffer envisions an apologetics and spirituality both grounded in absolute truth and engaging the whole of reality

The Francis A. Schaeffer Trilogy Francis August Schaeffer, 1990 Considered foundational to his entire life's work this text was revised shortly before the renowned theologian's death

Truth Amidst Tension Dan Guinn, 2022-01-22 Despite Francis Schaeffer's apologetic having been considered by some to be one of the most significant contributions to the Christian defense of the faith in the Twentieth Century in many ways and rather surprisingly the fine details of his methodology is still largely unknown by many in the Christian world Some may know that Dr Schaeffer is significant but they may not realize how helpful he is One of the primary causes for this may perhaps rest in the nature of Dr Schaeffer's influence Whereas Dr Schaeffer was more of a popularizer apologist rather than a traditional academic apologist his methods were never explicitly systematized That is he does not have a specific volume entitled Schaeffer's Apologetic that one could simply appeal to This volume seeks to assist in that respect offering a detailed analysis of Dr Schaeffer's significant and practical approach

Schaeffer, 2021-05-19 16 Encouraging Sermons on Human Weakness and God's Sufficiency by Francis Schaeffer Most Christians take an honest look at themselves and conclude that their limited talents energy and knowledge mean that they don't amount to much Some even ask Can I really make a difference Francis A Schaeffer counters this claim with truth from the Bible arguing that with God there is no such thing as little people No Little People contains sixteen sermons from Schaeffer that explore the weakness and significance of humanity in relationship to the infinite and personal God The focus of this collection is the lasting truth of the Bible the faithfulness of God the sufficiency of the work of Christ and the power of the Spirit Readers will be encouraged by the value that God places on each person made in his image to accomplish his redemptive plan Good Guys, Bad Guys Emily K. Carian, 2024-05-07 Explores questions of masculinity privilege and identity to explain why some men become feminists while others become men's rights activists In the evolving landscape of gender activism in the United States it is intriguing that four in ten American men now identify as feminists Despite this seemingly positive shift gender inequality remains deeply rooted in the US Good Guys Bad Guys delves into this paradox unraveling the complexities of men's feminist allyship and its limitations in propelling genuine progress Emily K Carian masterfully dissects the narratives of two distinct groups of gender activists feminist men and men who belong to the men's rights movement which opposes feminism By engaging directly with the men themselves Carian constructs a compelling analysis of their journeys into these contrasting social movements Surprisingly Carian finds that both feminist men and men's rights activists share a common motivation for their engagement in gender activism the desire to be perceived as good men However this well intentioned yet superficial drive hinders feminist men from envisioning concrete and effective strategies to challenge gender inequality Conversely it fuels men's rights activists participation in a movement that fosters a virulent misogyny Good Guys Bad Guys exposes how even self-proclaimed feminist men inadvertently perpetuate gender inequality through their attitudes behaviors and relationships As society navigates the complexities of gender activism this book serves as a valuable resource in guiding the path towards a truly equal and inclusive future
