Mansions In The Clouds The Skyscraper Palazzi Of Emery Roth:

Mansions in the Clouds Steven Rutenbaum, 1986 **Manhattan Skyscrapers** Eric Nash, 1999-08 The city of New York is the city of skyscrapers Every first time visitor to Manhattan experiences the awe of gazing up at the soaring stone steel and glass towers of Wall Street or Midtown and wonders how those structures came to be built Manhattan Skyscrapers answers the question by presenting the 75 most significant tall buildings that make up the city's famous skyline From Louis Sullivan's Bayard Condict Building of 1898 on Bleeker Street to the Conde Nast tower currently rising above Times Square Manhattan Skyscrapers lavishly presents over a hundred years of New York's most interesting and important tall buildings Author Eric P Nash profiles familiar skyscrapers such as the Woolworth Building the Empire State Building the Chrysler Building the World Trade Towers the AT also included are quotes from the buildings architects and the architectural critics of the time Each skyscraper is illustrated with full page color photographs by noted photographer Norman McGrath as well as architectural drawings and plans archival images of the original interiors postcards and other ephemera Manhattan Skyscrapers is essential reading or an ideal gift for anyone interested in the buildings that make New York the ultimate skyscraper city *The Grove Encyclopedia of American Art* Joan M. Marter, 2011 Arranged in alphabetical order these 5 volumes encompass the history of the cultural development of America with over 2300 entries **Architectural Guidebook to New York City** Francis Morrone, 2009-09 21 95 paperback 1 58685 113 6 August 6 x 8 in 432 pp Black White Photographs Rights W Architecture Francis Morrone has returned to the buildings of his original guidebook once again to detail additions and changes in name and usage and the book has been modified to reflect post September 11th New York City With its thoughtful detail and out of the ordinary observations this guidebook is a must have for New Yorkers tourists and architectural lovers everywhere Francis Morrone is a lecturer and tour leader for the Municipal Art Society of New York a nonprofit civic organization founded in 1893 His writings on architecture and New York history appear in The New Criterion the City Journal and other publications His other books include An Architectural Guidebook to Brooklyn and An Architectural Guidebook to Philadelphia He lives in Brooklyn James Iska whose work has been exhibited all over the world and has appeared in the Washington Post the Financial Times the Chicago Sun Times and the Chicago Tribune is currently on the staff of the Art Institute of Chicago **Skyscraper Cinema** Merrill Schleier, 2009 From the silent era until the advent of the Cinemascope the skyscraper as movie star Whether tall office buildings high rise apartments or lofty hotels skyscrapers have been stars in American cinema since the silent era Cinema's tall buildings have been variously represented as unbridled aspiration dens of iniquity and eroticism beacons of democracy and well oiled corporate machines Considering their intriguing diversity Merrill Schleier establishes and explains the impact of actual skyscrapers on America's ideologies about work leisure romance sexual identity and politics as seen in Hollywood movies **A History of Housing in New York City** Richard Plunz, 1990 Since its emergence in the mid nineteenth century as the nation's metropolis New York has faced the

most challenging housing problems of any American city but it has also led the nation in innovation and reform Plunz traces New York's housing development from 1850 to the present exploring the housing of all classes discussing the development of types ranging from the single family house to the high rise apartment tower The Oxford Dictionary of Architecture James Stevens Curl, Susan Wilson, 2015-02-26 Containing over 6 000 entries from Aalto to Zwinger and written in a clear and concise style this authoritative dictionary covers architectural history in detail from ancient times to the present day It also includes concise biographies of hundreds of architects from history excluding living persons from Sir Francis Bacon and Imhotep to Liang Shu ch eng and Francis Inigo Thomas The text is complemented by over 260 beautiful and meticulous line drawings labelled cross sections and diagrams These include precise drawings of typical building features making it easy for readers to identify particular period styles This third edition of The Oxford Dictionary of Architecture has been extensively revised and expanded with over 900 new entries including hundreds of definitions of garden and landscape terms such as Baroque garden floral clock hortus conclusus and Zen garden design Each entry is followed by a mini bibliography with suggestions for further reading The full bibliography to the first edition previously only available online has also been fully updated and expanded and incorporated into this new edition This is an essential work of reference for anyone with an interest in architectural and garden history With clear descriptions providing in depth analysis it is invaluable for students professional architects art historians and anyone interested in architecture and garden design and provides a fascinating wealth of information for the general reader **House of Outrageous Fortune** Michael Gross, 2015-03-10 Gross turns his gimlet eye on the new money wonderland that's sprung up on the southwest rim of Central Park Mixing an absorbing business epic with social comedy Gross creates a dishy exposé of today's wealthiest and most famous This colorful story recounts the record setting building's inspired genesis costly construction and the flashy international lifestyle it has brought to a once benighted and socially d class Manhattan neighborhood Dust jacket flap **Great American Hotel Architects Volume 2** Stanley Turkel CMHS, 2020-10-27 The fourteen architects featured in this book designed 304 hotels and apartment hotels Many were designed on the European plan for families to live without full service kitchens Meals were prepared and served in restaurant type dining rooms catering exclusively to residents and their families The apartment hotels employed full time service staffs who prepared and served daily room service meals The first apartment hotels were built between 1880 and 1895 They were followed by a second wave of construction after the passage of the 1899 building code and the 1901 Tenement House Law The third wave of apartment hotel construction occurred during the 1920s and ended with the Great Depression of the thirties The passage of the Multiple Dwelling Act of 1929 altered height and bulk restrictions and permitted high rise apartment buildings for the first time The American Architect from the Colonial Era to the Present Cecil D. Elliott, 2002-11-27 The later Colonial era saw a need to replace the buildings hurriedly assembled by earlier colonists but competent builders were difficult to find Capable housewrights were usually well paid and many became

respected and prosperous members of their communities but craft apprenticeships and a gentlemanly taste were two of the primary requirements for becoming an architect As the profession developed architects in the Northeast initiated efforts to distinguish between their work and that of housewrights and builders This work is a history of the development of architecture as a profession in the United States It is divided into four chronological sections Section One covers the beginnings in Colonial times before 1800 when there were no identifiable professionals Section Two examines architecture from 1800 to the Civil War a period during which the first architects appeared Section Three considers the profession from the time of the Civil War to World War I and the strengthening of the profession s status Section Four covers architecture since World War I up to the present Each section discusses the training of architects standards of practice general management methods information sources minority participation and other aspects of professional operation with special attention given to the relationship between the profession s development and the social history of the periods
