Reincarnation in America Lee Irwin,2017-07-31

Reincarnation in America An Esoteric History surveys the complex history of reincarnation theories across multiple fields of discourse in a pre American context ranging from early Greek traditions to Medieval Christian theories Renaissance esotericism and European Kabbalah all of which had adherents that brought those theories to America Rebirth theories are shown in all these groups to be highly complex and often disjunctive with mainstream religions even though members of conventional religions frequently affirm the possibility of rebirth As a history of an idea reincarnation theory is a current vital belief pattern that cuts across a wide spectrum of social cultural and scientific domains in a long complex history not

reducible to any specific religious or theoretical explanation This book is cross disciplinary and multicultural linking religious studies perspectives with science based research it draws upon many distinct disciplines and avoids reduction of reincarnation to any specific theory The underlying thesis is to demonstrate the complexity of reincarnation theories what is unique is the historical overview and the gradual shift away from religious theories of rebirth to new theories that are therapeutic and trans traditional

Tales of the Puppet Master Pierre S. Freeman, 2023-06-23 The published works of H Spencer Lewis founder of the Rosicrucian cult AMORC have been read by millions over the past hundred years Many who believed that his writings contained the secrets of the universe soon found themselves controlled and brainwashed by an organization they hoped would bring enlightenment For twenty six years author Pierre S Freeman was one of these victims Now he is speaking out to help prevent others from falling into the same trap In **Tales of the Puppet Master** Emperor Imperator Speaks Freeman examines five of H Spencer Lewis s well known publications The truths exposed include how Lewis was able to gain the public s trust and boost his intellectual and scientific platform by posing as a public watchdog for subliminal messages all the while seeking to administer his own mind control program used questionable cosmology and science to shape himself into the image of God explained his doctrine of reincarnation through a lame fictional story of early man had connections to Nazi Germany Mussolini and other anti Semitic movements This compelling exploration examines the dangers of brainwashing and how one individual has been able to exude power over others through his writings and methodologies Never before has anyone challenged AMORC and its founder s works so directly
