since early modern times but children's literature as a genre has its beginnings in the early 20th century. Its emergence reflected the desire of Jewish intellectuals to introduce modern forms of education and promote ideological agendas both in Eastern Europe and in immigrant communities elsewhere. Before the Second World War a number of publishing houses and periodicals in Europe and the Americas specialized in stories, novels and poems for various age groups. Prominent authors such as Yankev Glatshteyn, Der Nister, Joseph Opatoshu, Leyb Kvitko made original contributions to the genre while artists such as Marc Chagall, El Lissitzky and Yisakhar Ber Rybak also took an active part. In the Soviet Union meanwhile children's literature provided an opportunity to escape strong ideological pressure. Yiddish children's literature is still being produced today both for secular and strongly Orthodox communities. This volume is a pioneering collective study not only of children's literature but of the role played by children in literature.

The Stone That The Builder Rejected Dr. Marcia A. Davis-Dawkins, 2022-01-24. Sometimes we experience seemingly negative situations which with time prove to be the diametric opposite. Indeed, such situations may not only be painful at first but may also threaten to deny us our well-deserved joy in life. When faced with such challenges we should not be discouraged but endeavor to learn the necessary lessons taught. These may manifest in that instant or with time depending on the circumstances. Indeed, when others attempt to negatively stereotype us even as we maintain our composure we should refuse to capitulate, knowing that beyond the base instincts of the seemingly mean-spirited life can be beautiful. Ada Adams said it perfectly in her refrain: There is a light at the end of every tunnel. Some tunnels just happen to be longer than others.
