James J. Lorence

My Tale Of Two Worlds:

Every Farm a Factory Deborah Kay Fitzgerald, 2008-10-01 During the early part of the 20th century farming in America was transformed from a pre industrial to an industrial activity This book explores the modernization of the 1920s which saw farmers adopt not just new technology but also the financial cultural ideological apparatus of industrialism

Fantasy in the Grotto: Otherworldly Adventures in Classical Chinese Literature Timothy Wai Keung Chan, 2025-02-20 In a fourth century tale two farmers get lost in a pleasure grotto and unwittingly sever their fragile ties with the mortal world Surprisingly this simple cautionary fantasy spawned a complex literary tradition The narrative instability of the tale was part of its snowballing appeal Early in the tale s journey through literary history the girls met by the farmers morphed into female entertainers Daoist priestesses and spiritual transcendents This malleability offered a wealth of artistic possibilities The feature of time dilation and its associated dangers was also to become a flexible literary instrument and a defining feature of grotto fantasy literature

Seeds of Exchange Maria Fedorova, 2025-08-15 Seeds of Exchange examines the US and Soviet exchange of agricultural knowledge and technology during the interwar period Maria Fedorova challenges the perception of the Soviet Union as a passive recipient of American technology and expertise She reveals the circular nature of this exchange through official government bureaus amid anxious farmers in crowded auditoriums in cramped cars across North Dakota and Montana and by train over the once fertile steppes of the Volga Amid the post World War I food insecurity Soviet and American agricultural experts relied on transnational networks bridging ideological differences As Soviets traveled across the US agricultural regions and Americans plowed steppes in the southern Urals and the lower Volga both groups believed that innovative solutions could be found beyond their own national borders Soviets were avidly interested in American technology and American agricultural experts perceived the Soviet Union to be an ideal setting for experimenting with and refining modern farm systems and organizational practices As Seeds of Exchange shows agricultural modernization was not the exclusive domain of Western countries

The Unemployed People's Movement James J. Lorence, 2010-01-25 In Georgia during the Great

Depression jobless workers united with the urban poor sharecroppers and tenant farmers In a collective effort that cut across race and class boundaries they confronted an unresponsive political and social system and helped shape government policies James J Lorence adds significantly to our understanding of this movement which took place far from the northeastern and midwestern sites we commonly associate with Depression era labor struggles Drawing on extensive archival research including newly accessible records of the Communist Party of the United States Lorence details interactions between various institutional and grassroots players including organized labor the Communist Party the Socialist Party liberal activists and officials at every level of government He shows for example how the Communist Party played a more central role than previously understood in the organization of the unemployed and the advancement of labor and working class interests in Georgia Communists gained respect among the jobless especially African Americans for their willingness to challenge officials help negotiate the welfare bureaucracy and gain access to New Deal social programs Lorence enhances our understanding of the struggles of the poor and unemployed in a Depression era southern state At the same time we are reminded of their movement s lasting legacy the shift in popular consciousness that took place as Georgians influenced by a new sense of entitlement fostered by the unemployed organizations began to conceive of new more equal relations with the state

Rewriting Hisstory Jeff Kisseloff,2025-04-15 When Alger Hiss was accused by

Whittaker Chambers in 1948 of being a secret Communist spy in the 1930s the subsequent perjury trials were some of the most sensational and politically significant trials of the century Although Hiss was convicted he maintained his innocence until his death and historians have taken sides ever since In this groundbreaking and revelatory book Jeff Kisseloff brings new perspective evidence and accusations to this historical controversy *Rewriting Hisstory* is a firsthand account of how over fifty years beginning when he worked for Hiss as a college student in the mid 1970s Kisseloff was eventually able to determine the truth about Alger Hiss With the skills of a veteran reporter and the analytical mind of a scholar he brings to light a wealth of original material including 150 000 pages of mostly unredacted previously unreleased FBI files which he sued the FBI to obtain and other documents from government and library collections around the country Kisseloff also acquired a key piece of evidence Woodstock 230099 the machine that the government claimed was used to type the copies of State Department documents placed in evidence against Hiss Taken together Kisseloff has pieced together the truth showing that Hiss was neither a Communist nor a spy and that the government knew it But if Hiss didn't produce the documents that were placed in evidence against him who did After careful research and by applying a process of elimination used in classic crime novels who had the means motive and opportunity to do the job Kisseloff points his finger at the only people who fit all three qualifications An act of vindication for one of the most divisive figures in the twentieth century *Rewriting Hisstory* is a thrilling political page turner about an accused spy that is itself a work of scholarly espionage built on decades of painstaking research This is an iconoclastic work that should rewrite history books *Passionate Commitments* Julia M.

Allen, 2013-06-01 Developing their rhetorical skills in early twentieth century women's organizations Anna Rochester and Grace Hutchins life partners and heirs to significant wealth aimed for revolution rather than reform They lived frugally while devoting themselves to several organizations in succession including the Episcopal Church and the Fellowship of Reconciliation as they searched for a place where their efforts were welcomed and where they could address the root causes of social inequities In 1927 they joined the Communist Party USA and helped to build the Labor Research Association There they engaged in research and wrote books pamphlets and articles arguing for gender and racial equality and economic justice Julia M Allen's *Passionate Commitments* is a love story but more than that it is a story of two women whose love for each other sustained their political work Allen examines the personal and public writings of Rochester and Hutchins to reveal underreported challenges to capitalism as well as little known efforts to strengthen feminism during their time Through an investigation of their lives and writings this biography charts the underpinnings of American Cold War fears and the influence of sexology on political movements in mid twentieth century America *The Complete Concordance to Shakespeare* Mary Cowden Clarke, 1886 *Present and Future of Biblical Studies* Tat-siong Benny Liew, 2018-07-17 What is the current state of the field known as biblical studies How will biblical studies continue to develop in this diverse globalized and digital age In this book a diverse group of scholars who are known for their innovative practice of biblical interpretation
