My Thousand And One Days An Autobiography:

My Thousand and One Days Farah (consort of Mohammed Reza Pahlavi, Shah of Iran), 1978 *My Thousand and One Days* Empress Farah (consort of Mohammad Reza Pahlavi, Shah of Iran), 1978 **The Age of Aryamehr** Roham Alvandi, 2018-07-15 Fully incorporates Pahlavi Iran into the global history of the 1960s and 70s when Iran mattered far beyond its borders The reign of the last Shah of Iran Mohammad Reza Pahlavi 1941-79 marked the high point of Iran's global interconnectedness Never before had Iranians felt the impact of global political social economic and cultural forces so intimately in their national and daily lives nor had Iranian actors played such an important global role on battlefields barricades and in board rooms far beyond Iran's borders Iranian intellectuals technocrats politicians workers artists and students alike were influenced by the global ideas movements markets and conflicts that they also helped to shape From the launch of the Shah's White Revolution in 1963 to his overthrow in the popular revolution of 1978-79 Iran saw the longest period of sustained economic growth that the country had ever experienced An entire generation took its cue from the shift from oil consumption to oil production to dream of and aspire to a modernized Iran and the history of Iran in this period has tended to be presented as a prologue to the revolution Those histories usually locate the political social and cultural origins of the revolution firmly within a national context into which global actors intruded as Iranian actors retreated While engaging with that national narrative this volume is concerned with Iran's place in the global history of the 1960s and 70s It examines and highlights the transnational threads that connected Pahlavi Iran to the world from global traffic in modern art and narcotics to the embrace of American social science by Iranian technocrats and the encounter of European intellectuals with the Iranian Revolution **The Fall of Heaven** Andrew Scott Cooper, 2016-08-02 About the rise and fall of Iran's glamorous Pahlavi dynasty Traces the Shah's life from childhood through his ascension to the throne in 1941 Readers get the story of the Shah's political career alongside the story of his courtship and marriage to Farah Diba and an exclusive look at life inside the palace during the Iranian Revolution **The Politics of Nationalism in Modern Iran** 'Ali Mir'Anşari, 2012 *The A to Z of Iran* John H. Lorentz, 2010-04-14 Iran is a country with a deep and complex history Over several thousand years Iran has been the source of numerous creative contributions to the spiritual and literary world and the site of many remarkable manifestations of material culture The special place that Iran has come to hold in contemporary historical events most recently as a center stage actor in the unfolding and interconnected drama of worldwide nuclear arms proliferation and terrorism is all the more reason to explore the characters and personality of Iran and Iranians The A to Z of Iran is designed to give the reader a quick and understandable overview of specific events movements people political and social groups places and trends Through its extensive chronology introduction bibliography appendixes and more than double the number of cross referenced dictionary entries as in the previous edition the work allows for considerable exploration of a number of historical and contemporary topics and issues In particular the modern period defined as 1800-present is covered extensively

The Shah Abbas Milani, 2011-01-04 The definitive biography of the last Shah of Iran tracing his dramatic rise and fall and his role in the creation of the contemporary Islamic Republic Though his monarchy was toppled in 1979 and he died in 1980 the life of Mohammad Reza Shah Pahlavi the last Shah of Iran continues to resonate today Here internationally respected author Abbas Milani gives us the definitive biography more than ten years in the making of the monarch who shaped Iran's modern age and with it the contemporary politics of the Middle East The Shah's was a life filled with contradiction as a social reformer he built schools increased equality for women and greatly reduced the power of the Shia clergy He made Iran a global power courting Western leaders from Churchill to Carter and nationalized his country's many natural resources But he was deeply conflicted and insecure in his powerful role Intolerant of political dissent he was eventually overthrown by the very people whose loyalty he so desperately sought This comprehensive and gripping account shows us how Iran went from politically moderate monarchy to totalitarian Islamic republic Milani reveals the complex and sweeping road that would bring the U S and Iran to where they are today **Modern Iran since 1797** Ali

Ansari, 2019-03-26 Modern Iran since 1797 offers a comprehensive analysis of political social and economic developments in Iran since the end of the eighteenth century Spanning two centuries the book provides historical context for Iran's international relationships and its internal struggle to reconcile itself and its traditions with the modern world The book presents an overview of this crucial period in Iran's history its emergence from the political turmoil of the eighteenth century through to its initial encounter with the industrial powers of Europe and its attempts to navigate the turbulent waters of European imperialism It assesses the impact of European ideas on the triumph and tragedy of the Constitutional Revolution which established the political template for the country going forward and against which all other political developments have been measured This new edition has been updated to incorporate new scholarship and research to make a rounded assessment of recent developments and bring the text fully up to date A substantive new prequel has also been added covering the long nineteenth century from 1797 through to 1921 including a fuller and more detailed treatment both of the Constitutional Revolution and the events and ideology that underpinned it Written in a clear engaging style and highlighting Iran as a state and society grappling with the realities of the modern age Modern Iran since 1797 remains the perfect guide for all those studying the history of modern Iran *The Politics of Nationalism in Modern Iran* Ali M. Ansari, 2012-09-24 The

first full length study of Iranian nationalism in nearly five decades this sophisticated and challenging book by the distinguished historian Ali M Ansari explores the idea of nationalism in the creation of modern Iran It does so by considering the broader developments in national ideologies that took place following the emergence of the European Enlightenment and showing how these ideas were adopted by a non European state Ansari charts a course through twentieth century Iran analysing the growth of nationalistic ideas and their impact on the state and demonstrating the connections between historiographical and political developments In so doing he shows how Iran's different regimes manipulated ideologies of

nationalism and collective historical memory to suit their own ends Drawing on hitherto untapped sources the book concludes that it was the revolutionary developments and changes that occurred during the first half of the twentieth century that paved the way for later radicalisation

Farewell Shiraz Cyrus Kadivar, 2017 In *Farewell Shiraz* Kadivar tells the story of his family and childhood against the tumultuous backdrop of twentieth century Iran from the 1905 1907 Constitutional Revolution to the fall of Mohammad Reza Shah Pahlavi before presenting accounts of his meetings with key witnesses to the Shah's fall and the rise of Khomeini Each of the people interviewed provides a richly detailed picture of the momentous events that took place and the human drama behind them

Rethinking Global Sisterhood Nima Naghibi, Annotation Nineteenth century neoclassical sculpture was a highly politicized international movement Based in Rome many expatriate American sculptors created works that represented black female subjects in compelling and problematic ways Rejecting pigment as dangerous and sensual adherence to white marble abandoned the racialization of the black body by skin color In *The Color of Stone* Charmaine A Nelson brilliantly analyzes a key but often neglected aspect of neoclassical sculpture color Considering three major works Hiram Powers's Greek Slave William Wetmore Story's Cleopatra and Edmonia Lewis's Death of Cleopatra she explores the intersection of race sex and class to reveal the meanings each work holds in terms of colonial histories of visual representation as well as issues of artistic production identity and subjectivity She also juxtaposes these sculptures with other types of art to scrutinize prevalent racial discourses and to examine how the black female subject was made visible in high art By establishing the centrality of race within the discussion of neoclassical sculpture Nelson provides a model for a black feminist art history that at once questions and destabilizes canonical texts Charmaine A Nelson is assistant professor of art history at McGill University

A House on Water Kameel Ahmady, ﻛﻤﻪﻝ ﺁﻫﻤﺪﻯ, There are contradictory attitudes toward temporary marriage in Iranian society The proponents consider it as a means to prevent social degradation and moral corruption while the opponents take it as a pleasure seeking tool for men in violation of the rights of children and women This study supports the view that temporary marriage is a back door to sexual exploitation According to the study's findings mut'ah is a practice that lacks redeeming values and positive functions Rather it causes harms such as child marriage the collapse of the family foundation negative attitudes towards permanent marriage the promotion of corruption and violations of women's rights Many women agree to be subjected to sexual exploitation because they lack economic rights and a sense of security As an institution it is not without controversy In fact child marriage is partly the result of the tradition of sigheh mahramiat which paves the road for increase of child marriage in Iran It is performed in some Iranian families when their sons and daughters are in early puberty or even before then to supervise the sexual behaviour of children to prevent them from committing a sin for fear of girls solitude at older ages to fight against social and cultural pressures related to communication between young girls and boys which are more obvious in small communities and to facilitate smoother relations between two families The religious and traditional stratum of the Iranian society performs sigheh sigheh mahramiat and continues to follow this tradition Both the country's laws and the jurisprudence treat the permanent and temporary marriages the same although they are different in nature and so far temporary marriage has not been addressed as an independent subject The religious and legal ambiguities surrounding sigheh and temporary marriage and inattention to Iran's social circumstances lead to grave consequences such as child marriage school drop out violation of women's rights and in particular physical and emotional vulnerabilities of women and girls Revision of laws pertaining to sigheh temporary marriage while considering the social characteristics of the society can serve as a key solution to minimize these negative impacts

The Oil Kings Andrew Scott Cooper, 2011-08-09 struggling with a recession European nations at risk of defaulting on their loans A possible global financial crisis It happened before in the 1970s Oil Kings is the story of how oil came to dominate U.S. domestic and

international affairs As Richard Nixon fought off Watergate inquiries in 1973 the U S economy reacted to an oil shortage initiated by Arab nations in retaliation for American support of Israel in the Arab Israeli war The price of oil skyrocketed causing serious inflation One man the U S could rely on in the Middle East was the Shah of Iran a loyal ally whose grand ambitions had made him a leading customer for American weapons Iran sold the U S oil the U S sold Iran missiles and fighter jets But the Shah s economy depended almost entirely on oil and the U S economy could not tolerate annual double digit increases in the price of this essential commodity European economies were hit even harder by the soaring oil prices and several NATO allies were at risk of default on their debt In 1976 with the U S economy in peril President Gerald Ford locked in a tight election race decided he had to find a country that would sell oil to the U S more cheaply and break the OPEC monopoly which the Shah refused to do On the advice of Treasury Secretary William Simon and against the advice of Secretary of State Henry Kissinger Ford made a deal to sell advanced weaponry to the Saudis in exchange for a modest price hike on oil Ford lost the election but the deal had lasting consequences The Shah s economy was destabilized and disaffected elements in Iran mobilized to overthrow him The U S had embarked on a long relationship with the autocratic Saudi kingdom that continues to this day Andrew Scott Cooper draws on newly declassified documents and interviews with some key figures of the time to show how Nixon Ford Kissinger the CIA and the State and Treasury departments as well as the Shah and the Saudi royal family maneuvered to control events in the Middle East He details the secret U S Saudi plan to circumvent OPEC that destabilized the Shah He reveals how close the U S came to sending troops into the Persian Gulf to break the Arab oil embargo The Oil Kings provides solid evidence that U S officials ignored warning signs of a potential hostage crisis in Iran It discloses that U S officials offered to sell nuclear power and nuclear fuel to the Shah And it shows how the Ford Administration barely averted a European debt crisis that could have triggered a financial catastrophe in the U S Brilliantly reported and filled with astonishing details about some of the key figures of the time The Oil Kings is the history of an era that we thought we knew an era whose momentous reverberations still influence events at home and abroad today
