The Mystery of Transformation Murray Stein,2022-07-15 The transformation of personality is mysterious whether it comes about gradually or suddenly In part it is the result of the process of aging Life itself puts a person through a series of transformations similar to the moultings of insects and reptiles There are also rituals created by humans in their cultures that facilitate transformations to higher levels of identity and consciousness through instigating a process of spiritual death and

rebirth into a greater sense of wholeness The essence of the process is alchemical and what controls it is mysterious lodged in the unconscious dynamics of the self The chapters in this book are attempts at exploring those dynamics while acknowledging that they will forever remain beyond our understanding a mystery This work consists of a series of probes into the mystery of the individuation process Central to the discussion are Jung's late writings on the alchemy of psychological transformation in the late stages of individuation
