In turn, they draw students to exercise their minds in thinking and drawing rational conclusions from what they observe and experience. Therefore, in following BFSU, students will be guided toward conceptual understanding of crosscutting concepts and ideas of science as well as factual knowledge, and they will develop mind skills of scientific thinking and logical reasoning in the process. Implementing BFSU requires no particular background in either science or teaching. Teachers, parents, can learn along with their children and be excellent role models in doing so. Already widely used and acclaimed in its 1st edition, from this second edition of BFSU contains added elements that will make it more useful in bringing students to master the Next Generation Science Standards (NGSS).
