Bradley,David Patrick Cahill,2000-01-01 The two case studies presented in this book represent two distinct types of imagining by two diametrically different groups literate and in some cases erudite Europeans and a vanquished native nobility The former endeavoured to make sense of Spain s and Portugal s marvellous possessions in the New World with the limited conceptual tools at their disposal the latter to construct a colonial identity based on their shared ancestral memory while incorporating elements from the even more wondrous Hispanic culture that had overwhelmed them There were of course multiple misunderstandings and misinterpretations Yet for the Spanish such distortions were a matter of government and religion rectifiable in the fullness of time whether by evangelisation or the relentless application of civil and canon law **History's Peru** Mark Thurner,2011-02-13 Mark Thurner here offers a brilliant account of Peruvian historiography one that makes a pioneering contribution not only to Latin American studies but

also to the history of historical thought at large He traces the contributions of key historians of Peru from the colonial period through the present and teases out the theoretical underpinnings of their approaches He demonstrates how Peruvian historical thought critiques both European history and Anglophone postcolonial theory And his deeply informed readings of Peru s most influential historians from Inca Garcilaso de la Vega to Jorge Basadre are among the most subtle and powerful available in English
