The Mystery of the Duchess of Malfi Barbara Banks Amendola, 2002 This book traces her tragic life the controversy of her secret marriage to her servant lover and the wrath of her wicked Cardinal brother amid the culture of fifteenth century Italy

Twins in Early Modern English Drama and Shakespeare Daisy Murray, 2017-01-06 This volume investigates the early modern understanding of twinship through new readings of plays informed by discussions of twins appearing in such literature as anatomy tracts midwifery manuals monstrous birth broadsides and chapbooks The book contextualizes such dramatic representations of twinship investigating contemporary discussions about twins in medical and popular literature and how such dialogues resonate with the twin characters appearing on the early modern stage Garofalo demonstrates that in this period twin births were viewed as biologically aberrant and because of this classification authors frequently attempt to explain the phenomenon in ways which call into question the moral and constitutional standing of both the parents and the twins themselves In line with current critical studies on pregnancy and the female body discussions of twin births reveal a distrust of the mother and the processes surrounding twin conception however a corresponding suspicion of twins also emerges which monstrous birth pamphlets exemplify This book analyzes the representation of twins in early modern drama in light of this information moving from tragedies through to comedies This progression demonstrates how the dramatic potential inherent in the early modern understanding of twinship is capitalized on by playwrights as negative ideas about twins can be seen transitioning into tragic and tragicomic depictions of twinship However by building toward a positive comic representation of twins the work additionally suggests an alternate interpretation of twinship in this period which appreciates and celebrates twins because of their difference The volume will be of interest to those studying Shakespeare and Renaissance Literature in relation to the History of Emotions the Body and the Medical Humanities Guide to the Mysteries of Agatha Christie Bruce Pendergast, 2004 Everyman's Guide to the Mysteries of Agatha Christie is a reference book covering Christie's 238 stories It provides data never before published about both important and trivial facts Dedications time periods and locations have been laboriously researched and provided with time warp explanations Even trivial data such as newspapers 100 in all pubs 95 and automobiles 136 are shown as well as each story in which they are listed English sayings totalling 259 are shown with the book s in which they appear including a brief explanation of their meaning Yet Guide is much more than a list of facts It is an informative reference book about Christie's writings As well different perspectives on many of the perplexing mysteries within her mysteries are provided Finally Guide is not an alphabetical list of stories or characters Instead it lists many entrancing errors of sketches and text with comments explaining where possible the reasons for their existence Most importantly Guide does not betray any book s endings nor the identity of the villain a rule that genuine Christie devotees always try to uphold The Female Hero in English **Renaissance Tragedy** L. Hopkins, 2002-09-23 This book focuses on female tragic heroes in England from c 1610 to c 1645

Their sudden appearance can be linked to changing ideas about the relationships between bodies and souls men s bodies and women's marriage and mothering the law and religion Though the vast majority of these characters are closer to villainesses than heroines these plays by showing how misogyny affected the lives of their central characters did not merely reflect their The Heart of His Mystery Waterfield John Waterfield, John Waterfield, 2009-10 Shakespeare culture but also changed it has traditionally been viewed as Oueen Elizabeth's poet laureate and as the official mouthpiece of the Elizabethan age But the Elizabethan world was torn apart by the religious divisions initiated by the Reformation and vitiated by the government s merciless persecution of Catholics As it was the victors who wrote the history the English Reformation has been portrayed as a peaceful transition enjoying majority support when in fact it was nothing of the kind Elizabeth's regime was a police state which sanctioned the use of torture where Catholic priests and those who harboured them were liable to summary and bloody execution The persecution of Catholics was continued by James I evoking the violent response of the Gunpowder Plot The Heart of His Mystery examines Shakespeare's life and work against this background There is strong biographical evidence that he was himself a Catholic and a detailed survey of his plays and poems shows that his imagination was intimately bound up with his religious faith When we realise that his human compassion grew from his membership in a persecuted community we can glimpse the mystery he has encrypted in his works and we come closer to understanding the hidden heart of Shakespeare the man Fathoming the Deep in English Renaissance Tragedy Laurence Publicover, 2024-09-04 This book demonstrates how a group of tragedies by Shakespeare and his contemporaries stage the fear and exhilaration generated by encounters with the unknown and the extraordinary Arguing that the maritime art of fathoming that is dropping a lead and line into water to measure its depth operates as a master image for these plays it illustrates how they create sublime horror through intuitions of mysterious more than human agencies and of worlds beyond the visible Though tightly focused on a specific body of imagery the book strikes up dialogue with a number of critical fields including theories and histories of tragedy ecocriticism and the environmental humanities oceanic studies and work on early modern ideas about the body madness and language Countering a tendency within tragic theory to value the textual over the dramatic it also demonstrates how the tragic effects to which it points are created through specific theatrical strategies including the use of offstage space intertheatricality and the violation of dramatic conventions Situating its arguments within recent criticism on these plays and on tragedy more generally and pushing back against scholarship that regards the genre in Shakespeare s time as concerned more with pity than with fear the book offers fresh and detailed readings of some of the most frequently studied plays in the English canon including Hamlet King Lear Macbeth The Duchess of Malfi and The Changeling The Age of Shakespeare (1579-1631): Drama Thomas Seccombe, 1919 The age of Shakespeare, 1579-1631, by T. generation that prepared the way for the revolution of 1640 Introduction Through detailed analysis of four plays The White Devil The Duchess of Malfi The Devil s Law Case and Appius and Virginia Goldberg explores the relations between Webster and aspects of Jacobean social and intellectual history Webster's satire of princes and prelates his iconoclastic view of traditional philosophy his trenchant analysis of institutions are seen as part of an intellectual movement that was undermining faith in the old order Special attention is given to Webster's theatrical representations of legal practice and legal philosophy as key manifestations of the realities of political power Webster's dramatizations of the judgment situation are shown to embody specific commentary on the legal system of his time commentary that ranges in orientation from anarchist to reformist to revolutionary Webster's irreverence for traditional ideals and institutions combines with a humanist sense of man's and woman's potential to make an important contribution to the pre revolutionary movement **Experiment In Jacobean Drama** T F Wharton, 1988-03-22 Hotbed: A Harpur & Iles Mystery (Vol. Book 26) Bill James, 2011-05-02 Who gets hurt when the bad guys cross paths For years drug baron Ralph Ember has run his crooked enterprises peacefully enough alongside those of his rival Mansel Shale Their empires have been tolerated by Assistant Chief Constable Desmond Iles as a way of keeping violence off the streets But are things changing Karl Marx s bleak theory that all capitalists including drug tycoons lust for monopoly seems to be coming true Do Ember and Shale long for sole control of the trade and the profits Ember fears that Shale now wants to kill him and take over his firm Shale on the other hand is about to get remarried and believing in keeping his so called friends close and his enemies closer has asked Ember to be his best man Will Ember be appallingly exposed as he stands with Shale at the altar Or will Shale Ember wonders whether he should act first to protect himself one of his people has already been gunned down and the killer has not yet been caught Iles and Detective Chief Superintendent Colin Harpur have picked up hints of this acutely dangerous shift in the Ember Shale relationship and must urgently try to head off the inevitable carnage The Materiality of Religion in Early Modern English Drama Elizabeth Williamson, 2016-03-03 The Materiality of Religion in Early Modern English Drama is the first book to present a detailed examination of early modern theatrical properties informed by the complexity of post Reformation religious practice Although English Protestant reformers set out to destroy all vestiges of Catholic idolatry public theater companies frequently used stage properties to draw attention to the remnants of traditional religion as well as the persistent materiality of post Reformation worship The Materiality of Religion in Early Modern English Drama explores the relationship between popular culture and theatrical performance by considering the social history and dramatic function of these properties addressing their role as objects of devotion idolatry and remembrance on the professional stage Rather than being aligned with identifiably Catholic or Protestant values the author reveals how religious stage properties functioned as fulcrums around which more subtle debates about the status of Christian worship played out Given the relative lack of existing documentation on stage properties The Materiality of Religion in Early Modern English Drama employs a wide range

of source materials including inventories published in the Records of Early English Drama REED volumes to account for the material presence of these objects on the public stage By combining historical research on popular religion with detailed readings of the scripts themselves the book fills a gap in our knowledge about the physical qualities of the stage properties used in early modern productions Tracing the theater's appropriation of highly charged religious properties The Materiality of Religion in Early Modern English Drama provides a new framework for understanding the canonization of early modern plays especially those of Shakespeare Moon Amalfi Coast: With Naples, Capri & Pompeii Laura Thayer, Moon Travel Guides, 2024-09-24 From the pastel rooftops of Positano to the soaring peak of Monte Solaro immerse yourself in la dolce vita with Moon Amalfi Coast Inside you ll find Flexible itineraries for spending five to seven days on the Amalfi Coast whether you want to island hop in the Gulf of Naples or spend your days hiking and sunbathing in Amalfi Must see highlights and unique experiences Swim in turquoise waters relax on sun soaked beaches or hop on a boat and cruise past cliffs coves and secret caves Go underground to see ancient ruins in Naples or climb the towers of medieval castles Take a day trip to Pompeii and hike to the top of Mount Vesuvius ride a chairlift to the summit of Monte Solaro or unwind in the natural hot springs that dot the island of Ischia The best local flavors Stroll guiet village streets where the scent of Sunday rag fills the air feast on fresh seafood steps from the Mediterranean sip local limoncello on a sunny terrace and chow down on authentic Neapolitan pizza Honest suggestions from Amalfi local Laura Thayer on where to stay what to eat and how to get around Full color photos and detailed maps throughout Background information on the landscape history and cultural customs of the Amalfi Coast Handy tools including an Italian phrasebook and tips for seniors and traveling with children With Moon Amalfi Coast s practical tips and local insight on the best things to see and do you can experience the best of the Amalfi Coast Exploring more of Italy Check out Moon Southern Italy or Moon Rome Florence Venice About Moon Travel Guides Moon was founded in 1973 to empower independent active and conscious travel We prioritize local businesses outdoor recreation and traveling strategically and sustainably Moon Travel Guides are written by local expert authors with great stories to tell and they can t wait to share their favorite places with you For more inspiration follow moonguides on social media Secret Southwark and Blackfriars Kristina Bedford, 2019-02-15 Secret Southwark and Blackfriars explores the little known and colourful history of Southwark and Blackfriars on the River Thames in the heart of London through a fascinating selection of stories facts and **The Soul of Countess Adrian** Mrs. Campbell Praed, 1891 photographs The Secret Life of Words Henry Hitchings, 2009-09-29 A colorful thematic history of the English language a fine choice for libraries and a smorgasbord for language aficionados Highly recommended E L Battistella Choice Words are essential to our everyday lives An average person spends his or her day enveloped in conversations e mails phone calls text messages directions headlines and more But how often do we stop to think about the origins of the words we use Have you ever thought about which words in English have been borrowed from Arabic Dutch or Portuguese Try admiral landscape and marmalade just for starters The Secret Life
