## **Mystery Illness:**

*The Lady's Handbook for Her Mysterious Illness* Sarah Ramey, 2021-05-11 The darkly funny memoir of Sarah Ramey's years long battle with a mysterious illness that doctors thought was all in her head but wasn't. In her harrowing darkly funny and unforgettable memoir Sarah Ramey recounts the decade long saga of how a seemingly minor illness in her senior year of college turned into a prolonged and elusive condition that destroyed her health but that doctors couldn't diagnose or treat. Worse as they failed to cure her they hinted that her devastating symptoms were psychological. *The Lady's Handbook for Her Mysterious Illness* is a memoir with a mission to help the millions of mostly women who suffer from unnamed or misunderstood conditions: autoimmune illnesses, fibromyalgia and chronic fatigue syndrome, chronic Lyme disease, chronic pain and many more. Ramey's pursuit of a diagnosis and cure for her own mysterious illness becomes a page turning medical mystery that reveals a new understanding of today's chronic illnesses as ecological in nature, driven by modern changes to the basic foundations of health from the quality of our sleep, diet and social connections to the state of our microbiomes. Her book will open eyes, change lives and ultimately change medicine. *The Lady's Handbook for Her Mysterious Illness* is a revelation and an inspiration for millions of women whose legitimate health complaints are ignored.
