Origins, 2005-05

The Catholic Library World, 2004 **Catholic Christianity** Peter Kreeft, 2011-02-21 For the first time in 400 years the Catholic Church has authorized an official universal catechism which instantly became an international best seller the Catechism of the Catholic Church Using this official Catechism the highly regarded author and professor Peter Kreeft presents a complete compendium of all the major beliefs of Catholicism written in his readable and concise style Since the Catechism of the Catholic Church was written for the express purpose of grounding and fostering catechisms based on it for local needs and ordinary readers Kreeft does just that offering a thorough summary of Catholic doctrine morality and worship in a popular format with less technical language He presents a systematic organic synthesis of the essential and fundamental Catholic teachings in the light of the Second Vatican Council and the whole of the Church's Tradition This book

is the most thorough complete and popular catechetical summary of Catholic belief in print that is based on the universal Catechism **Think and Believe** Frederick W. Marks, 2012 A coherent forceful and compelling case for God and the Church founded by Jesus of Nazareth This is a remarkable achievement of solid factual information that is loaded with ammunition for the new evangelization Contains colorful vignettes of historic moments alternating with sustained argument Marks challenges the reader to set aside long held assumptions and prejudices Jesus is the only one who proclaimed himself sinless and the only one who ever claimed to be God His followers converted an entire empire without resort to violence and after winning Rome they not only gave the world its calendar but transformed pagan culture beyond recognition These hard cold facts are presented here with copious notes for easy identification of persons events or doctrines that may be unfamiliar The reader will also find a detailed index and useful appendices Oriental Orthodox-Roman Catholic Interchurch Marriages Standing Conference of Oriental Orthodox Churches, 1995 A resource for priests and families entering into interchurch marriages of Roman Catholics and Oriental Orthodox specifically Syrian and Armenian *Catholicism Revisited* Robert Butterworth, 2007 Catholicism Revisited is an attempt to render Roman Catholicism more credible The book rests on the author's conviction that a fuller and more correct understanding of Catholicism as a religion can emerge only from a radical reappraisal of the salvific role of Jesus humanity and of his human faith hope and love in line with the basic and central doctrines of the Incarnation and the Trinity Being a Catholic means sharing in an ordinary but truly mystical way in the spirit of Jesus human faith hope and love and to the maintenance of this insight and the faith vision of reality it entails all else must yield precedence the conventional notion of God the necessary system of Catholic beliefs which support the faith vision and the Church itself In the course of the book many fundamental issues are raised and discussed not least the metaphorical nature of theology the connection between faith and beliefs the meaning and use of Catholic doctrines the actual experience of being human It is in the light of these issues that the author sees an urgent need to re imagine the God of Catholicism A born Catholic Robert Butterworth was educated by the Jesuits and spent forty years in the Society of Jesus He read classics at Oxford and completed his doctorate in early Christian theology at the Gregorian University in Rome During more than twenty years as Head of Department he taught theology at Heythrop College in the University of London and at Roehampton University On retirement from academia and from the Society he married and now lives near London He has published autobiographical reflections on his experiences in *The Detour* Gracewing 2005 Principles of Catholic Theology Thomas Joseph White, 2023 In the Nicene Creed Christians profess belief in the Church one holy catholic and apostolic The Church is also called the mystical body of Christ and the bride of Christ What is the Church and how can we understand her mystery in light of the mystery of Christ Principles of Catholic Theology Book 4 explores Catholic ecclesiology and the theology of the Virgin Mary as an exemplar of the Church's life It also considers the people of Israel in light of the Church and Christ The second half of the book considers human nature in light of the grace of Christ and ecclesial humanity

so as to consider thematic and universal relations of grace to human nature Major controversies are addressed such as the natural desire to see God and the Thomistic understanding of election and predestination Effectively this volume seeks to receive and interpret the teaching of the Second Vatican Council Constitution on the Church Lumen Gentium within the Thomistic theological tradition and in light of that tradition Principles of Catholic Theology Book 4 is a continuation of Fr Thomas Joseph White's collection of essays extending over a range of fundamental topics in Catholic dogmatic theology
