A Mystery of Mysteries Mark Dawidziak,2023-02-14 An Agatha Edgar Anthony Macavity and Ohioana Award nominee A Mystery of Mysteries is a brilliant biography of Edgar Allan Poe that examines the renowned author's life through the prism of his mysterious death and its many possible causes It is a moment shrouded in horror and mystery Edgar Allan Poe died on October 7 1849 at just forty in a painful utterly bizarre manner that would not have been out of place in one of his own tales of terror What was the cause of his untimely death and what happened to him during the three missing days before he was found delirious and in great distress on the streets of Baltimore wearing ill fitting clothes that were not his own Mystery and horror Poe who remains one of the most iconic of American writers died under haunting circumstances that reflect the two literary genres he took to new heights Over the years there has been a staggering amount of speculation about the cause of death from rabies and syphilis to suicide alcoholism and even murder But many of these theories are formed on the basis of the caricature we have come to associate with Poe the gloomy eyed grandfather of Goth hunched over a writing desk with a raven perched on one shoulder drunkenly scribbling his chilling masterpieces By debunking the myths of how he lived we come closer to understanding the real Poe and uncovering the truth behind his mysterious death as a new theory emerges that could prove the cause of Poe's death was haunting him all his life In a compelling dual timeline narrative alternating between Poe's increasingly desperate last months and his brief but impactful life Mark Dawidziak sheds new light on the enigmatic master of macabre The Great Mystery Neil Philip,2001 Presents a collection of Native American mythology
