Since their inception, detective novels have been a wildly successful genre of American fiction, featuring a uniquely American belief in rugged individualism. This book focuses on Raymond Chandler's creation of Philip Marlowe, a detective whose feeling for community and willingness to compromise radically changed the genre's vigilantism and violence. It compares Chandler's work to early and mid-20th century American detective novels, particularly those by John Carroll Daly, Mickey Spillane, Dashiell Hammett, and Ross Macdonald, as well as contemporary British detective fiction, highlighting Chandler's contribution to the American genre. — *International Who's Who of Authors and Writers 2004* Europa Publications, 2003

A dead partner, a murdered client, it's more than attorney Joe McGuinness bargained for when he signed on at one of Pinnacle Peak, Arizona's most prestigious law firms. The ink on Joe's bar license is barely dry when the death of his firm's senior partner puts the young lawyer's job in jeopardy. Soon even more is at stake. While on a date with Mia Ortiz, personal assistant to one of the firm's wealthiest clients, Joe walks into a grisly murder scene. Mia's boss, Cordelia Barrett, and her son lie sprawled in a pool of blood. Joe knows Cordelia has recently changed her will, turning off the flow of money to her hotheaded son. But the police don't agree with Joe's theory of murder, suicide, and arrest. Mia for murder. Meanwhile, fellow lawyer Jerry Dan Kovacs is determined to prove the death of the firm's senior partner wasn't an accident. While Joe works fervently to free Mia, another body turns up, and he must unravel a web of secrets to discover who is using murder to claim the rights of heir apparent. Winner of the 2006 Edgar Award for Best Critical Nonfiction. — **Literary Market Place** John Keith Hanrahan, Anne Jones Richter, 1952

The business directory of American book publishing. — **It's All One Case** Paul Nelson, Kevin Avery, 2016-09-13

This is a prose series of unpublished interviews with and a visual retrospective of the seminal mid-to-late 20th century literary crime writer. In 1976, critic Paul Nelson spent several weeks interviewing legendary detective writer Ross Macdonald, who elevated the form to a new literary level. We talked about everything imaginable. Nelson

wrote including Macdonald's often meager beginnings his dual citizenship writers painters music and movies he admired *The Great Gatsby* his favorite book how he used symbolism to change detective writing and more This book published in a handsome oversized format collects these unpublished interviews and is a visual history of Macdonald's professional career It is illustrated with rare and select items from one of the world's largest private archives of Macdonald ephemera reproduces in full color the covers of the various editions of Macdonald's more than two dozen books collects facsimile reproductions of select pages from his manuscripts as well as magazine spreads and presents rare photos many never before seen *The Police Procedural* George N. Dove, 1982 In the late 1940s and early 1950s a new kind of detective story appeared on the scene This was a story in which the mystery is solved by regular police detectives usually working in teams and using ordinary police routines This kind of narrative is customarily called the police procedural story And it is the subject of this book Though there has been numberless writers of these stories there has never been a book of criticism before **A Long Way from Solving that One** Jeffrey H. Mahan, 1990 The purpose of this book is to study Ross Macdonald's detective fiction as an example of popular culture The author applies cross methodological approaches to Macdonald's novels specifically H. Richard Niebuhr's ethics to *The Underground Man* Freudian theories of society to *The Moving Target* and examines popular culture's social function in terms of Robert Merton's functional analysis of popular culture In addition the work includes an overview of hard-boiled detective fiction and a review of previous critical approaches to Macdonald as well as a summary conclusion and an appendix on adaptations of detective novels to movies **Detecting Texts** Patricia Merivale, Susan Elizabeth Sweeney, 2011-06-07 Although readers of detective fiction ordinarily expect to learn the mystery's solution at the end there is another kind of detective story the history of which encompasses writers as diverse as Poe Borges Robbe Grillet Auster and Stephen King that ends with a question rather than an answer The detective not only fails to solve the crime but also confronts insoluble mysteries of interpretation and identity As the contributors to *Detecting Texts* contend such stories belong to a distinct genre the metaphysical detective story in which the detective hero's inability to interpret the mystery inevitably casts doubt on the reader's similar attempt to make sense of the text and the world *Detecting Texts* includes an introduction by the editors that defines the metaphysical detective story and traces its history from Poe's classic tales to today's postmodernist experiments In addition to the editors contributors include Stephen Bernstein Joel Black John T. Irwin Jeffrey T. Nealon and others **The Fine Art of Murder** Edward Gorman, 1995-10 **The Reader and the Detective Story** George N. Dove, 1997 As every detective novel addict knows there's no greater high than figuring out whodunit before the final revelation resulting in the kind of intellectual satisfaction a shot of bourbon can never offer Dove takes this reader/writer play to a new level by critically assessing the genre through the principles of Reader Response Theory outlining the detective story as a special case of reading governed by rules and a specialized formula that traces its genealogy back to Poe's *The Murders in the Rue Morgue* Paper edition unseen 18 95 Annotation copyrighted by Book News Inc Portland OR The

Woman Detective Kathleen Gregory Klein,1995 Kathleen Gregory Klein traces female paid professional private investigators in British Canadian and American novels revealing that the detective novel is both a reflection of and potential barrier to social change for women This edition adds sixty new female private eyes to the roster and includes an afterword that assesses the current state of the genre s new and old novels A comprehensive bibliography and a character list update the field through mid 1994

Ford Madox Ford and the Misfit Moderns R. Hawkes,2012-09-18 Ford Madox Ford is a major modernist writer yet many of his works do not conform to our assumptions about modernism Examining ways in which he alongside other misfit moderns undermines stabilities we expect from novels and memoirs this book poses questions about the nature of narrative and the distinction between modernism and modernity

It Didn't Mean Anything Alexander N. Howe,2008-03-17 This critical study of American detective fiction examines the history and development of the detective genre through the lens of psychoanalysis Applying the ideas of French psychoanalyst Jacques Lacan the author identifies and categorizes popular works according to the fictional protagonist s hysteria obsessive neurosis perversion or psychosis The first chapter identifies several instances of hysteria within the fiction of two of the genre s pioneers Edgar Allan Poe and Arthur Conan Doyle Chapter Two traces the development of the hard boiled detective s code of honor through the works of Dashiell Hammett Raymond Chandler and Mickey Spillane identifying the often paradoxical nature of this code and its origins in obsessive neurosis Chapter Three analyzes the anti detective fiction of Philip K Dick in terms of paranoid psychosis and the final chapter returns to the question of hysteria taking up the female hard boiled detectives of author Marcia Muller
