The Mystic Writing-pad Gene Frumkin,1977 Wordsworth and the Poetics of Air Thomas H. Ford,2018-04-30 Before the ideas we now define as Romanticism took hold the word atmosphere meant only the physical stuff of air afterwards it could mean almost anything from a historical mood or spirit to the character or style of an artwork Thomas H Ford traces this shift of meaning which he sees as first occurring in the poetry of William Wordsworth Gradually air and atmosphere took on the new status of metaphor as Wordsworth and other poets re imagined poetry as a textual area of aerial communication conveying the breath of a transitory moment to other times and places via the printed page Reading Romantic poetry through this ecological and ecocritical lens Ford goes on to ask what the poems of the Romantic period mean for us in a new age of climate change when the relationship between physical climates and cultural political and literary atmospheres is once again being transformed Poetry & Language Writing David Arnold,2007-11-01 It has been variously labelled Language Poetry Language Writing L A N G U A G E writing after the magazine that ran from 1978 to 1981 and language centred writing It has been placed according to its geographical positions on East or West coasts its venues in small magazines independent presses and performance spaces and its descent from historical precursors be they the Objectivists the composers by field of the Black Mountain School the Russian Constructivists or American modernism la William Carlos Williams and Gertrude Stein Indeed one of the few statements that can be made about it with little qualification is that it has both fostered and endured a crisis in representation more or less since it first became visible in the 1970s In Poetry Language Writing David Arnold grasps the nettle of Language poetry reassessing its relationship with surrealism and providing a scholarly intelligent way of understanding the movement Poets discussed include Charles Bernstein Susan Howe Michael Palmer and Barrett Watten *International Who's Who in Poetry 2005* Europa Publications,2004-08-02 The 13th edition of the International Who s Who in Poetry is a unique and comprehensive guide to the leading lights and freshest talent in poetry today Containing biographies of more than 4 000 contemporary poets world wide this essential reference work provides truly international coverage In addition to the well known poets talented up and coming writers are also profiled Contents Each entry provides full career history and publication details An international appendices section lists prizes and past prize winners organizations magazines and publishers A summary of poetic forms and rhyme schemes The career profile section is supplemented by lists of Poets Laureate Oxford University professors of poetry poet winners of the Nobel Prize for Literature winners of the Pulitzer Prize for American Poetry and of the King s Queen s Gold medal and other poetry prizes

Temporariness John Kinsella,Russell West-Pavlov,2018-12-03 Temporariness is a scandal in our culture of monumentalism and its persistent search for permanence Temporariness the time of the ephemeral and the performative the time of speech the time of nature and its constant changesthese times have little cultural purchase In this volume two practitioners and theoreticians of time space and the word embrace the notion of temporarinessseeing in it a site for a

renewal of ways of thinking about ourselves our language our society and our environment This collage of fragmentary genres approaches the notion of mitigated presence to build an atlas of intersections attentive to our own temporariness as the site of aesthetic and ethical responsibility This book is a scintillating meditation on the temporality of human lives and the contemporary possibilities of humanistic writing John Kinsella and Russell West Pavlov explore the conjunctions of memoir theory poetry anecdotes journal entries and other fragmentary forms in their conversations about the political realities of the world and the imperatives of human survival They write across hemispheres they interanimate the specific experience of place and history in Germany Ireland Western Australia the Adriatic coast Africa New England t m p r r n s is the chance collaboration of two writers and intellectuals that could never have come into existence before it did and that can never be repeated Philip Mead University of Melbourne

Lyric Poetry Mutlu Blasing, 2009-01-10 Lyric poetry has long been regarded as the intensely private emotional expression of individuals powerful precisely because it draws readers into personal worlds But who exactly is the I in a lyric poem and how is it created In Lyric Poetry Mutlu Blasing argues that the individual in a lyric is only a virtual entity and that lyric poetry takes its power from the public emotional power of language itself In the first major new theory of the lyric to be put forward in decades Blasing proposes that lyric poetry is a public discourse deeply rooted in the mother tongue She looks to poetic linguistic and psychoanalytic theory to help unravel the intricate historical processes that generate speaking subjects and concludes that lyric forms convey both personal and communal emotional histories in language Focusing on the work of such diverse twentieth century American poets as T S Eliot Ezra Pound Wallace Stevens and Anne Sexton Blasing demonstrates the ways that the lyric I speaks from first to last as a creation of poetic language

The Poetry of Postmodernity D. Brown, 1994-10-17 The Poetry of Postmodernity reappraises key Anglo American poets of the last fifty years in the light of debates about the postmodern situation It offers fresh critical insights into how their literary contribution gives cogent expression to both the socio cultural possibilities and the global problems of our recent past our apparent present and our probable future The poets considered are late Auden Ginsberg Plath Berryman Hughes Hill Ashbery and late R S Thomas

Contemporary Poetry Archive Linda Anderson, 2019-05-23 Explores critical and creative responses to the contemporary poetry archive Provides an innovative new dialogue between critics and creative writers on the value and practice of the literary archive Expands the scope for understanding perspectives on and the opposition between creative and critical relations to archival materials Opens up a new cross disciplinary agenda for thinking the archive as both a source for scholarship and a source of inspiration for creative practice These 13 newly commissioned chapters examine the impact of archival poetry collections on both literary scholarship and poetic practice They examine what we can learn from the drafts notebooks and personal libraries left behind by poets and look at the ways in which the growth of poetry archives has changed the way poets think about their work The contributing poets and scholars including Susan Howe Sean O'Brien and George Szirtes present an in depth account of the

significance of poetry archives for contemporary literature The collection provides a new cross disciplinary agenda for thinking about the archive as both a source for scholarship and inspiration for creative practice The Poet's Voice Simon Goldhill,2024-06-30 Invaluable guide to ancient Greek literature and literary theory through the representation of poetry and the figure of the poet *Contemporary American Poetry* Lloyd M. Davis,1985 Lists over 5 200 titles of books published by American poets between 1973 and 1983 **Dead Man** Jonathan Rosenbaum,2019-07-25 When it was released in 1995 Dead Man puzzled many audiences and critics Jim Jarmusch s reputation was for directing slick hip contemporary films And Dead Man was a black and white Western As time has passed though the number of its admirers has grown rapidly Indeed Dead Man with its dark and unconventional treatment of violence racism and capitalism may be Jarmusch s finest work to date This is Jonathan Rosenbaum s view For him Dead Man is both a quantum leap and a logical next step in Jarmusch s career Starring Johnny Depp as the uprooted accountant William Blake and Gary Farmer as his enigmatic Native American companion Nobody and with startling cameos from Robert Mitchum John Hurt and Iggy Pop Dead Man is by turns shocking comic and deeply moving This book explores and celebrates a masterpiece of 1990s American cinema *Children's Stories and 'Child-Time' in the Works of Joseph Cornell and the Transatlantic Avant-Garde* Analisa Leppanen-Guerra,2017-07-05 Focusing on his evocative and profound references to children and their stories Children s Stories and Child Time in the Works of Joseph Cornell and the Transatlantic Avant Garde studies the relationship between the artist s work on childhood and his search for a transfigured concept of time This study also situates Cornell and his art in the broader context of the transatlantic avant garde of the 1930s and 40s Analisa Leppanen Guerra explores the children s stories that Cornell perceived as fundamental in order to unpack the dense network of associations in his under studied multimedia works Moving away from the usual focus on his box constructions the author directs her attention to Cornell s film and theater scenarios explorations dossiers and book objects One highlight of this study is a work that may well be the first artist s book of its kind and has only been exhibited twice Untitled Journal d Agriculture Pratique presented as Cornell s enigmatic tribute to Lewis Carroll s Alice books *The Anatomy of Bloom* Alistair Heys,2014-07-31 Here at last is a comprehensive introduction to the career of America s leading intellectual The Anatomy of Bloom surveys Harold Bloom s life as a literary critic exploring all of his books in chronological order to reveal that his work and especially his classic *The Anxiety of Influence* is best understood as an expression of reprobate American Protestantism and yet haunted by a Jewish fascination with the Holocaust Heys traces Bloom s intellectual development from his formative years spent as a poor second generation immigrant in the Bronx to his later eminence as an international literary phenomenon He argues that as the quintessential living embodiment of the American dream Bloom s career path deconstructs the very foundations of American Protestantism **The Emergence of Cinematic Time** Mary Ann Doane,2002-12-27 Hailed as the permanent record of fleeting moments the cinema emerged at the turn of the nineteenth century as an unprecedented means of capturing time and this at a

moment when disciplines from physics to philosophy and historical trends from industrialization to the expansion of capitalism were transforming the very idea of time In a work that itself captures and reconfigures the passing moments of art history and philosophy Mary Ann Doane shows how the cinema representing the singular instant of chance and ephemerality in the face of the increasing rationalization and standardization of the day participated in the structuring of time and contingency in capitalist modernity At this book's heart is the cinema's essential paradox temporal continuity conveyed through stopped time the rapid succession of still frames or frozen images Doane explores the role of this paradox and of notions of the temporal indeterminacy and instability of an image in shaping not just cinematic time but also modern ideas about continuity and discontinuity archivability contingency and determinism and temporal irreversibility A compelling meditation on the status of cinematic knowledge her book is also an inquiry into the very heart and soul of modernity

Languages of Liberation Walter B. Kalaidjian, 1989 *My Way* Charles Bernstein, 2010-03-15 Verse is born free but everywhere in chains It has been my project to rattle the chains from *The Revenge of the Poet Critic* In *My Way* in famous language poet and critic Charles Bernstein deploys a wide variety of interlinked forms speeches and poems interviews and essays to explore the place of poetry in American culture and in the university Sometimes comic sometimes dark Bernstein's writing is irreverent but always relevant not structurally challenged but structurally challenging Addressing many interrelated issues Bernstein moves from the role of the public intellectual to the poetics of scholarly prose from vernacular modernism to idiosyncratic postmodernism from identity politics to the resurgence of the aesthetic from cultural studies to poetry as a performance art from the small press movement to the Web Along the way he provides close listening to such poets as Charles Reznikoff Laura Riding Susan Howe Ezra Pound Allen Ginsberg and Gertrude Stein as well as a fresh perspective on *L A N G U A G E* the magazine he coedited that became a fulcrum for a new wave of North American writing In his passionate defense of an activist innovative poetry Bernstein never departs from the culturally engaged linguistically complex yet often very funny writing that has characterized his unique approach to poetry for over twenty years Offering some of his most daring work yet essays in poetic lines prose with poetic motifs interviews miming speech speeches veering into song Charles Bernstein's *My Way* illuminates the newest developments in contemporary poetry with its own contributions to them The result of Bernstein's provocative groping is more stimulating than many books of either poetry or criticism have been in recent years Molly McQuade Washington Post Book World This book for all of its centrifugal activity is a singular yet globally relevant perspective on the literary arts and their institutions offered in good faith yet cranky and poignant enough to not be easily ignored Publishers Weekly Bernstein has emerged as postmodern poetry's sous chef of insouciance *My Way* is another of his rich concoctions fortified with intellect and seasoned with laughter Timothy Gray American Literature Shelley Michael O'Neill, 2014-09-19 Attacked by T S Eliot and F R Leavis Shelley's poetry has over the last few decades enjoyed a revival of critical interest His radical politics and arrestingly original poetic strategies have

been studied from a variety of perspectives formalist deconstructionist new historicist feminist and others Of all the Romantics Shelly has benefited most from the so called theoretical revolution as is borne out by the wide range of recent critical work represented in this volume The 134 essays selected analyse many of Shelley s finest poems including Alastor Julian and Maddalo Prometheus Unbound Adonais and The Triumph of Life Michael O Neill s informed Introduction explores the contours of this debate Detailed headnotes to the individual essays explanations of difficult terms and a further reading section provide invaluable guides to the reader This collection illuminates the enduring and contemporary significance of the work of a major poet

Marianne Moore, Subversive Modernist Taffy Martin, 2014-08-27 Myth and misconception have obstructed a clear understanding of the poetry and person of Marianne Moore In this groundbreaking study Taffy Martin delves beneath the layers of myth and recaptures the excitement that Moore s contemporaries particularly William Carlos Williams felt when they encountered her poetry She reveals that far from being a staunch upholder of Modernist order and stasis Moore continually undermines the stability of her own medium language Unlike the writings of other Modernist poets such as T S Eliot who tried to create islands of order in the seas of twentieth century fragmentation Moore s work shows surprising awareness of that fragmentation In this way she anticipates the thematic preoccupation of Postmodernist writers and critics In Marianne Moore Subversive Modernist Taffy Martin combines traditional scholarship and contemporary critical theory to create a feminist reading of one of the twentieth century s most difficult poets In so doing she places Moore in the tradition of Modernism defines Moore s quarrels with it and thus produces a broader understanding of both the poet and the movement Drawing on Moore s unpublished correspondence her reading notebooks and her workbooks as well as feminist criticism s attention to writers who elude traditional critical approaches this excellent study provides much needed insights into the Modernism life and art of Marianne Moore

Emily Dickinson: Poetics in Context Melanie Hubbard, 2020-02-20 This book re assesses Dickinson s manuscripts style and statements to arrive at a historically appropriate conception of poetics It compares her composition practices such as variant generation and writing on already marked scraps with those of her peers in nineteenth century American popular manuscript culture tracing them to the pervasive influence of Scottish Common Sense philosophy Hume s scepticism and associationism in philosophy of mind and early neuroscience The argument consults the archives and considers Dickinson s reading in and out of school in philosophy rhetoric and semiotic theory as well as her training in inductive science and her familiarity with ideas about electricity evolution emotion sympathy and the brain Combining close readings of poems with contextualizing information about contemporary conflicts in intellectual history the book contends that Dickinson takes the making of poems to be her philosophical praxis It depicts a Dickinson committed to thinking about the physical constitution of human consciousness and the historicity and materiality of one of its chief modes language

Rape and Representation Lynn A. Higgins, 1993-07-15 Rape does not have to happen The fact that it does and in the United States a rape is reported every six minutes indicates that we live in a rape prone

culture where rape or the threat of rape functions as a tool for enforcing sexual difference and hierarchy Rape and Representation explores how cultural forms construct and reenforce social attitudes and behaviors that perpetuate sexual violence The essays proceed from the observation that literature not only reflects but also contributes to what a society believes about itself Fourteen essays by authors in the fields of English American and African American German African Brazilian Classical and French literatures and film present a wide range of texts from different historical periods and cultures Contributors demythologize patriarchal representation in literature and art in order to show how it makes rape seem natural and inevitable Contributors include the editors John J Winkler Patricia Klindiest Joplin Susan Winnett Ellen Rooney Copp lia Kahn Eileen Julien Marta Peixoto Kathryn Gravdal Carla Freccero Nellie V McKay Nancy A Jones and Froma I Zeitlin Their work raises pressing and often difficult questions for feminist criticism
