Mystical Initiation:

Anthropology and mysticism in the making of initiation Andy Hilton, 2023-09-14 By the 1980s interest in initiation was at its peak it was being employed both theoretically and practically in gender politics and humanistic therapy How did that come to be how should we understand initiation and what can be its future This wide ranging book looks at the history evolution and contemporary idea of initiation It traces origins in the ancient Mysteries and early Christian texts through Renaissance rediscoveries to admission in Freemasonry and anthropological investigations in French Canada and British Australia It introduces the initiation discourse as something that was constructed through centuries of translations and nineteenth century human science leading to the making of the modern concept It argues for a subject initiation studies that effectively secularised the eighteenth century rites of admission to produce the twentieth century rites of passage And it details as compensation for this hollowing out of the mystery the study of shaman spirit workers the idea of death and rebirth and the later sacralisation of the liminal in adolescent adult initiation Finally a contemporary revision is explored that incorporates neglected aspects like depth psychology and education for an idea of youth as a life stage And while ritual is now deemphasised the religious dimension is reaffirmed with a critical analysis of cosmic consciousness the enduring Great Mystery

the Spirit and the Self The Religious Art of Marc Chagall compliments and extends the scholarship surrounding Chagall's place in the History of 20th Century Art as a Religious artist Central to this study is the psychic process of individuation and the ways in which images appear to depict the deeper changes in our collective human existence A new perspective on Chagall's creative output is presented through the application of Jungian theory Jung identifies a separation between the cultural and historical underpinnings of natal faith or creed and the presence of an internal personal spirituality or religious

attitude This theoretical approach helps to define Chagall's creative connection to his own natal Hasidic faith whilst clarifying the interiority of his religious experiences on a universal level That creative development may be explored through the visual patterns of sacred transformative imagery is a new approach in Chagallian scholarship elevating two key concepts the Chagallian sacred secular binary and the Chagallian temenos sites Primary source materials reflecting the Artist's voice are illuminated by more than seventy colour reproductions to support the perspective that like Jung Chagall was among the most prolific and significant religious communicators of the 20th Century

Moses, Mount Sinai and Early Christian Mystics Ann Conway-Jones, Wise Studies, 2021-10-12 Moses encounter with God on the summit of Mount Sinai as told in the biblical book of Exodus contains a number of peculiarities and paradoxes Early Christian mystics seized on these as clues to the spiritual understanding of Moses experiences and as guides to the practice of contemplation In this course we will examine five moments in Moses ascent of Mount Sinai his entry into the darkness the elders vision of the sapphire pavement the pattern of the tabernacle revealed God's placing of Moses into the cleft of the rock and Moses shining face We will explore how these intriguing passages inspired four early Christian writers Gregory of Nyssa Evagrius of Pontus Pseudo Macarius and Dionysius the Areopagite as they reflected on such topics as the unknowability of God and the state of a mind at prayer In doing so we will discover the influence of scripture on the development of the Christian mystical tradition

Session 1 The Darkness of Unknowing Exodus 20 18 21 Moses breaks free away from what sees and is seen and he plunges into the truly mysterious darkness of unknowing Here renouncing all that the mind may conceive wrapped entirely in the intangible and the invisible he belongs completely to him who is beyond everything Dionysius

Session 2 Divine Blue Exodus 24 9 11 When the mind has put off the old self and shall put on the one born of grace then it will see its own state in the time of prayer resembling sapphire or the colour of heaven this state scripture calls the place of God that was seen by the elders on Mount Sinai Evagrius of Pontus

Session 3 The Heavenly Tabernacle Exodus 25 28 Moses was educated beforehand by a type in the mystery of the tabernacle which encloses everything This would be Christ the power of God and the wisdom of God which in its own nature is not made by hands yet allows itself to be physically fashioned when this tabernacle needs to be pitched among us so that in a certain way the same is both unfashioned and fashioned uncreated in pre existence but becoming created in accordance with this material composition Gregory of Nyssa

Session 4 The Cleft in the Rock Exodus 33 11 23 This truly is the vision of God never to be satisfied in the desire to see him But one must always by looking at what he can see rekindle his desire to see more Thus no limit would interrupt growth in the ascent to God since no limit to the Good can be found nor is the increasing of desire for the Good brought to an end because it is satisfied Gregory of Nyssa

Session 5 Transformation Exodus 34 29 35 For blessed Moses provided us with a certain type through the glory of the Spirit which covered his countenance upon which no one could look with steadfast gaze This type anticipates how in the resurrection of the just the bodies of the saints will be glorified with a glory which even now the souls of the saintly and faithful people are

deemed worthy to possess within in the indwelling of the inner person Pseudo Macarius Time and Eternity in Jewish Mysticism Brian Ogren, 2015-01-27 Time and eternity are concepts that have occupied an important place within Jewish mystical thought This present volume gives pride of place to these concepts and is one of the first works to bring together diverse voices on the subject It offers a multivalent picture of the topic of time and eternity not only by including contributions from an array of academics who are leaders in their fields but by proposing six diverse approaches to time and eternity in Jewish mysticism the theoretical approach to temporality philosophical definitions the idea of time and pre existence the idea of historical time the idea of experiential time and finally the idea of eternity beyond time This multivocal treatment of Jewish mysticism and time as based on variant academic approaches is novel and it should lay the groundwork for further discussion and exploration
