Spiritual Formation as the Hero's Journey in John of Ruusbroec Robert Pelfrey,2022-04-07 This book examines the theology of spiritual formation developed by fourteenth century Flemish mystic John of Ruusbroec arguing that his formational path clearly and consistently displays the characteristics of the archetypal narrative structure of the hero's journey To start with a hermeneutical dialogue between scholars of the hero's journey and Ruusbroec is established employing the work of Hans Georg Gadamer The author then examines the stages and tropes of the hero's journey according to Vladimir Propp Joseph Campbell Northrop Frye Ren Girard Dean Miller and others exploring the parallels in Ruusbroec's writing and theology of spiritual formation The book follows Ruusbroec's story of answering the divine call journeying inward and experiencing the trials of spiritual transformation attaining the treasure of divine union and returning in loving service to others Finally the ramifications of the argument for the interpretation and application of other mystical and heroic narratives are considered Offering a new perspective on John of Ruusbroec mystical theology and the hero's journey as a spiritual quest this volume will be of interest to scholars of mysticism theology formative spirituality narrative theory and religious literature of the Low Countries

Mysticism and Space Carmel Bendon Davis,2008 To understand both the theological and spatial parameters Davis considers the mystical experience as being not only an exclusively inner apprehension but also an embodied one that takes place in what she designates as mystical space In conception mystical space is analogous to the literary figure of the mise en abyme an impression of infinite regress that duplicates within all its layers the qualities of the larger initiating structure without Such a conception acknowledges that space has been widely conceptualized through the centuries and it allows both medieval and contemporary theories of space to be employed in examining the mystics lives and works

**Mysticism in the French Tradition** Louise Nelstrop,Bradley B. Onishi,2016-03-09 In the nineteenth and early twentieth centuries secular French scholars started re engaging with religious ideas particularly mystical ones Mysticism in the French Tradition introduces key philosophical undercurrents and

trajectories in French thought that underpin and arise from this engagement as well as considering earlier French contributions to the development of mysticism Filling a gap in the literature the book offers critical reflections on French scholarship in terms of its engagement with its mystical and apophatic dimensions A multiplicity of factors converge to shape these encounters with mystical theology feminist devotional and philosophical treatments as well as literary historical and artistic approaches The essays draw these into conversation Bringing together an international and interdisciplinary range of contributions from both new and established scholars this book provides access to the melting pot out of which the mystical tradition in France erupted in the twenty first century and from which it continues to challenge theology today Christian Mysticism Dr Kevin Magill, Dr Louise Nelstrop, Mr Bradley B Onishi, 2013-06-28 This book introduces students to Christian mysticism and modern critical responses to it Christianity has a rich tradition of mystical theology that first emerged in the writings of the early church fathers and flourished during the Middle Ages Today Christian mysticism is increasingly recognised as an important Christian heritage relevant to today's spiritual seekers The book sets out to provide students and other interested readers with access to the main theoretical approaches to Christian mysticism including those propounded by William James Steven Katz Bernard McGinn Michael Sells Denys Turner and Caroline Walker Bynum It also explores postmodern re readings of Christian mysticism by authors such as Jacques Derrida Jean Luc Marion and Jean Fran ois Lyotard The book first introduces students to the main themes that underpin Christian mysticism It then reflects on how modern critics have understood each of them demonstrating that stark delineation between the different theoretical approaches eventually collapses under the weight of the complex interaction between experience and knowledge that lies at the heart of Christian mysticism In doing so the book presents a deliberate challenge to a strictly perennialist reading of Christian mysticism Anyone even remotely familiar with Christian mysticism will know that renewed interest in Christian mystical writers has created a huge array of scholarship with which students of mysticism need to familiarise themselves This book outlines the various modern theoretical approaches in a manner easily accessible to a reader with little or no previous knowledge of this area and offers a philosophical theological introduction to Christian mystical writers beyond the patristic period important for the Latin Western Tradition Jewish Mysticism , 2001-01-01 Presents a historical overview of the movements and trends in Jewish mysticism including Hekhaloth mysticism classical and Lurianic Kabbalah Shabbetai Zevi and Hasidism seeking to define and explain how the various currents of tradition throughout the centuries are related Original Mystic Journey Robert Atkinson, 2012-06-01 When we live our lives consciously universal motifs archetypes and timeless patterns emerge through which we discover not only who we are but also why we are deeply connected to all others This is life's greatest adventure it is thoroughly described in the world's wisdom traditions Mystic Journey uses a multi faith approach to reveal the path of the soul this not a solitary quest but rather a superhighway meant for everyone As we explore the deeper story of our soul we also discover that we are living a lifelong process of soul making leading us ultimately to

personal and collective transformation Getting to the heart of your soul's story is soul making Mystic Journey guides readers to Use their life stories to help solidify their identities Live with an eternal perspective in mind and Reclaim their common spiritual heritage This is a reminder of Keats immortal perception that the world is a vale of soul making and that the uses of psychology have to do with understanding the soul in transformation Stephen Larsen Ph D author of The Mythic Imagination and A Fire in the Mind Robert Atkinson's new book offers us a thoughtful and thorough guide to a new kind of heroics This is a rich read Gregg Levoy author of Callings Finding and Following an Authentic Life Ascent to Heaven in Islamic and Jewish Mysticism Algis Uždavinys, 2011-08 In this groundbreaking work of comparative religion Algis Uzdavinys takes us deeply into the closed and blessed gardens of myth showing us the capital importance of the many varieties of ascent to heaven From the Pyramid Texts down to Second Temple Judaism and apocalyptic Christian literature and in parallel down the theurgic path of Platonic and Hermetic literature to the sanctum of the Islamic revelation in Mecca we are vividly presented with the sacramental impact of anagoge elevation to the domain of the supernal archetypes and heavenly principles As with other books by the author the face of antiquity is revealed anew full of intriguing challenging and enraptured insights

*Art and Mysticism* Louise Nelstrop, Helen Appleton, 2018-06-12 From the visual and textual art of Anglo Saxon England onwards images held a surprising power in the Western Christian tradition Not only did these artistic representations provide images through which to find God they also held mystical potential and likewise mystical writing from the early medieval period onwards is also filled with images of God that likewise refracts and reflects His glory This collection of essays introduces the currents of thought and practice that underpin this artistic engagement with Western Christian mysticism and explores the continued link between art and theology The book features contributions from an international panel of leading academics and is divided into four sections The first section offers theoretical and philosophical considerations of mystical aesthetics and the interplay between mysticism and art The final three sections investigate this interplay between the arts and mysticism from three key vantage points The purpose of the volume is to explore this rarely considered yet crucial interface between art and mysticism It is therefore an important and illuminating collection of scholarship that will appeal to scholars of theology and Christian mysticism as much as those who study literature the arts and art history

*Translation and Mysticism* Philip Wilson, 2024-05-27 This book examines how mysticism can tell us about translation and translation can tell us about mysticism addressing the ancient but ongoing connections between the art of rendering one text in another language and the art of the ineffable The volume represents the first sustained act of attention to the interdisciplinary crossover of these two fields taking a Wittgensteinian approach to language and investigates how mystics and their translators manage to write about what cannot be written about Three questions are addressed overall how mysticism can be used to conceptualise translation the issues that mysticism raises for translation theory and practice and how mystical texts have been and might be translated Walter Benjamin's The Translator's Task is considered in detail as a controversial example of dialogue Translation examples are given in a range of languages and six major case studies are provided including a close reading of Exodus and an analysis of a recent radical translation of Lucretius This book will be of interest to students and researchers in translation studies mysticism studies theology and literary translation as well as practising translators
