The New Big Book of Christian Mysticism Carl McColman, 2023-08-29 This revised and expanded edition offers a big possibility the hope of achieving real experiential union with God The Christian of the future will be a mystic or will not exist This word of warning from theologian Karl Rahner was uttered half a century ago and today Christianity is indeed in crisis Is mysticism necessary for the survival of Christianity What exactly is Christian mysticism How can it be relevant in our crisis ridden world Questions like these inspire The New Big Book of Christian Mysticism a newly updated edition from beloved spiritual teacher and bestselling author Carl McColman The New Big Book of Christian Mysticism serves as both introduction and practical instruction for a living contemplative practice today In addition to the overview of mysticism spiritual and prayer practices in mysticism the various types of mysticism in Christian tradition and influential mystics through the millennia this second edition offers an embodied understanding of the mystic life with a more diverse range of voices and perspectives from Howard Thurman to Pauli Murray It also includes new chapters and themes that address embodied mysticism contemplation and social justice and the ongoing relevance of Jesus s message of radical equality and inclusivity This bigger book introduces both Christians and non Christians to the contemplative tradition within Christianity a tradition that has often been marginalized or cloistered to the church s detriment As a practice oriented book this is an invitation to embrace the mystical element within Christianity a practice that can equip faithful persons with a joyful sense of divine intimacy not just for personal benefit but as a foundation to a life of service and activism in the interest of justice McColman s overview of mysticism shows how it has been practiced and lived through the centuries and will prove inspirational for today s seekers regardless of their faith tradition At its heart Christian mysticism is an ancient practice that incorporates meditation contemplation worship philosophy the quest for enlightenment the thirst for a better world and the experience of divine presence The Meaning and Value of Mysticism Emily Herman, 1922 Theo-Monistic Mysticism M. Stoeber, 1994-04-05 In response to some of the current explanations of mystic phenomena this book proposes an interpretive framework for understanding mysticism It clarifies various kinds of mystical experiences suggesting they are not wholly

determined by subjective categories of interpretation and illustrates how they can be synthesised in a theistic mystic teleology In reference to Ramanuja Aurobinodo Sankara Eckhart Ruusbroec and Boehme monistic experiences are understood to culminate in higher theistic realizations to which other kinds of mysticism can also be related **The Origins of Analytic Moral Philosophy and Other Essays** Fernando Salmerón,2023-05-25 Salmeron reconstructs and analyzes key passages of twentieth century philosophical thought on ethics He recovers the original wealth of the discussions of Moore Wittgenstein and Russell and illuminates Moore s work through a careful analysis of its relationships with ideas of his predecessors on the continent especially Kant and Brentano Salmeron further analyzes the development of ethical ideas in this century and their relationships with a theory of rationality through a dialogue with authors such as Max Black Karl Popper and Jurgen Habermas The author also discusses ethical ideas of Albert Einstein and Jean Paul Sartre This book will be of interest for all those concerned with the history of philosophy in the twentieth century particularly with the history of moral philosophy not in an antiquarian way but with a focus on the way in which traditions shape current philosophical ideas
