Swami Chaitanya Keerti,2022-04-27 This book Osho A Mystic of Love is a compilation of recent articles on a variety of subjects The author shares the most significant insights of his beloved master with the common people Swami Chaitanya Keerti shows them the ways to raise their consciousness to live a life of love and meditation creativity and celebration Ut pictura amor Walter Melion,Michael Zell,Joanna Woodall,2017-11-06 Ut pictura amor The Reflexive Imagery of Love in Artistic Theory and Practice 1500 1700 examines the related themes of lovemaking and image making in the visual arts of Europe China Japan and Persia The term reflexive is here used to refer to images that invite reflection not only on their form function and meaning but also on their genesis and mode of production Early modern artists often fashioned reflexive images and effigies of this kind that appraise love by exploring the lineaments of the pictorial or sculptural image and complementarily appraise the pictorial or sculptural image by exploring the nature of love Hence the book s epigraph ut pictura amor as is a picture so is love **A Sacred Look: Becoming Cultural Mystics** Nancy Usselman,2018-04-18 How should a follower of Christ engage the popular media culture By becoming a mystic Sr Nancy challenges Christians today to delve deep into the rich theological tradition of the church as the root and foundation for recognizing the beauty of God present in all that is truly human The artists of popular culture sometimes unwittingly seek transcendence while grappling with some of humanity s most profound existential longings The cultural mystics of today point out those needs of humanity in the culture s artifacts in order to enter into dialogue with those who seek something beyond what this world satisfies The anthropological sacramental incarnational paradigm presented gives us this ability to take a sacred look of the culture and offer the joy of the Gospel Christ who is the answer of all humanity s yearnings Quakers Reading Mystics Michael Birkel,2018-07-17 Over the centuries Quakers have read non Quakers regarded as mystics This study explores the reception of mystical texts among the Religious Society of Friends focusing in particular on Robert Barclay and John Cassian Sarah Lynes Grubb and Jeanne Guyon Caroline Stephen and Johannes Tauler Rufus Jones and Jacob Boehme and Teresina Havens and Buddhist texts selected by her Points of connection include the nature of apophatic prayer suffering and annihilation of self mysticisms of knowing and of loving liberal Protestant attitudes toward theosophical systems and interfaith encounter *The Meaning and Value of Mysticism* Emily Herman,1916 The Oxford Handbook of Mystical Theology Edward Howells,Mark A. McIntosh,2020-02-25 The Oxford Handbook of Mystical Theology provides a guide to the mystical element of Christianity as a theological phenomenon It differs not only from psychological and anthropological studies of mysticism but from other theological studies such as more practical or pastorally oriented works that examine the patterns of spiritual progress and offer counsel for deeper understanding and spiritual development It also differs from more explicitly historical studies tracing the theological and philosophical contexts and ideas of various key figures and schools as well as from literary studies of the linguistic tropes and expressive forms in mystical texts None of these perspectives is absent but the method here is more deliberately theological working from within the fundamental interests of Christian mystical writers to the

articulation of those interests in distinctively theological forms in order finally to permit a critical theological engagement with them for today Divided into four parts the first section introduces the approach to mystical theology and offers a historical overview Part two attends to the concrete context of sources and practices of mystical theology Part three moves to the fundamental conceptualities of mystical thought The final section ends with the central contributions of mystical teaching to theology and metaphysics Students and scholars with a variety of interests will find different pathways through the Handbook

Love as Common Ground Paul S. Fiddes, 2021-09-23 This book explores the way in which the study and practice of love creates a common ground for different faiths and different traditions within the same faith For the contributors common ground in this context is not a minimal core of belief or a lowest common denominator of faith but a space or area in which to live together consider together the meaning of the love to which various faiths witness and work together to enable human flourishing Such a space the contributors believe is possible because it is the place of encounter with the divine This book is the fruit of a Project for the Study of Love in Religion which aims to create this space in which different traditions of love converge from Islam Judaism and the Christianity of both East and West Tools employed by the contributors in exploring this space of love include exegesis of ancient texts theology accounts of mystical experience philosophy and evolutionary science of the human Insights about human and divine love that emerge include its nature as a form of knowing its sacrificial and erotic dimensions its inclination towards beauty its making of community and its importance for a just political and economic life
